Modification of Baseball Drafting Rules Approved.

Racehorses Selling Cheap at Windsor—Various Sporting Events.

BASEBALL.
THE NATIONAL LEAGUE MEETING.

Philadelphia, Nov. 11.—The National Baseball League held a two-hours' session yesterday afternoon. The time was wholly consumed in a general discussion of the proposition of the minor leagues for a modification of the drafting rule, which has been favorably recommended to the league by the board of arbitration. No conclusion was reached. A deal was completed by which the Cincinnati club exchanges Rhines, Schriver, Gray and Miller to Pittsburgh for Pitcher Hawley and Fielder Smith.

FLYS.
Cleveland wants Catcher Casey, of Toronto.

Pitcher Gasten, who has been confined in the Toronto hospital with typhoid fever, will leave that institution this week.

Twelve thousand spectators witnessed the first game between the All-American and Baltimore teams in San Francisco last Sunday. Baltimore was beaten by 16 to 7.

W. H. Watkins, the new manager of the Pittsburgh baseball club, denies that ex-manager Dan Brouhard will be traded to Cincinnati. "He will play at Pittsburgh," said he.

Billy Lush, of Toronto, has no less than seven offers for next season. Syracuse, Montreal, Buffalo, Springfield, Kansas City, Mobile, Ala., and Mansfield, Ohio, have asked his terms.

Edward M. Lewis, late pitcher of the Boston League team, has been engaged as permanent coach for Harvard's baseball club. The Harvard spring term will open on April 2. Harvard will play at Ithaca with Cornell on May 7.

The St. Thomas Baseball Association has elected the following officers: President, Thomas Dooly; vice-president, B. F. Honsinger; secretary, F. Nichol; treasurer, C. Robinson; committee of management, F. Brinkman, Charles Sanders and F. Leach.

ATHLETICS.
At San Francisco on Wednesday night George Green won over Owen Zeigler in the first round.

THE FITZSIMMONS BLOW.
Woodward's Pavilion, San Francisco, Nov. 11.—George Green, of San Francisco, knocked out Owen Zeigler, of Philadelphia, in the first round last night. It was the famous "solar plexus" blow with which Fitzsimmons knocked out Jim Corbett, that did the work. After several exchanges, in which honors were even, Green forced Zeigler to a corner and swung viciously with his left for the stomach. For a moment Zeigler swayed forward and then staggered to the corner, and went down gradually to his knees and then on his face. He was deathly pale and groaning as if in agony. Referee Choyuski began counting, and had reached five, Zeigler made a desperate effort to come to his feet. The effort was too much for him, however, and grasping the ropes and pulling himself to his knees, he collapsed and fell on his face, and was counted out.

CRICKET.
Melbourne, Victoria, Nov. 11.—The Victorian eleven, in their first innings, made 306 runs, and the English eleven, in their first innings, scored 250 runs. The Australians on Tuesday were all out for 247 runs in their second innings.

THE TORP.
AT WASHINGTON, D. C.—WEDNESDAY.

First race, 6½ furlongs—Sly Fox 1, Aurora 2, Blue Devil 3. Time, 1:24.

Second race, 7 furlongs—Warrenton 1, Rimado 2, Hand Press 3. Time, 1:52 1-5.

Third race, 6 furlongs, selling—Albert

1, Belle Bramble 2, McFarland II. 3. Time, 1:47 1-2.

Fourth race, 1 mile—Isabey 1, Banned 2, Time, 1:52 1-2.

Fifth race, 1 mile—J. H. C. 1, Belle Bramble 2, Imp. Skate 3. Time, 1:47 1-2.

Sixth race, 6 furlongs—Glenmoyle 1, Jane 2, Uncas 3. Time, 1:21.

The New Sewers.
Mandate of the People Carried Out Most Efficiently.

A System That Will Be Effective and Economical Being Built.

Representative Citizens Inspect the Works With the Engineers.

Unanimous Expression of Satisfaction With Every Phase.

Several members of the board of works, board of health, and board of trade assembled at the city hall yesterday afternoon about two o'clock, and for a few minutes, from the shelter of the arcade, contemplated the descending rain and the deepening mud. They were particularly interested in the unpromising weather for a tour of inspection of the new sewer system to be made. Ere long the sky cleared, and the party started away in cabs.

There were present: The mayor, Ald. Parnell (chairman of the board of works), Ald. Johnston, Ald. Cooper, Ald. O'Meara and Ald. Taylor, Dr. Campbell (chairman of the board of health), John Christie, ex-Ald. John Heaman, Mr. A. B. Greer (president of the board of trade), Mr. W. A. Gunn, Consulting Engineer, City Engineer, Graydon, Assistant Engineer Ashbridge and several newspaper men.

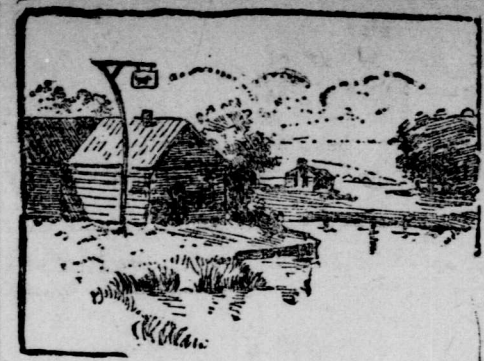

From the city hall the party proceeded first to the corner of the Wharfedale road and Askin street, where the working of a valve was shown. Engineer Chipman answered all questions and thoroughly explained the mechanism of the valve. At nearly every block throughout the system similar valves were placed, he said, which would enable the flow of sewage to be stopped when necessary for the purpose of flushing or making repairs. The method of flushing was demonstrated.

The next stopping place was at River view avenue, where the brick sewer ends. At present the sewage is conducted at that point to the river through an iron pipe 18 inches in diameter, extending into the river a distance of 50 feet. This pipe serves merely as a temporary outlet and will, when the new sewer is continued westerly to the sewage farm, act as an overflow. It is protected from ice jams by a strong scowling.

To illustrate that ample fall was provided in the construction of the main sewer on the Wharfedale road and River view avenue, Engineer Chipman pointed out that water which had been released by the flushing valve at the corner of the Wharfedale and Askin street, was running through the river extension, at the rate of about 150 feet a minute. Everyone was satisfied with the work at this point, and the bridge at the foot of King street was next visited. The abutments, which are made entirely of concrete, are about completed, and being the first of the kind built in the city, they were objects of much interest, as was also the manufacture of the concrete. In other places where used it had proved entirely satisfactory, and it is cheaper than ordinary stone, Engineer Chipman said. The superstructure of the bridge will be 616 feet long, and in addition to being used to support the steel pipe, will have a roadway and footpath.

The corner of Clarence and Hill streets was then visited. The sewer there was closed, and the sewer half-filled with water. The valve was opened to time the flow from there to Richmond and Grey streets. Six minutes was the time, and at this no fault could be found. Engineer Chipman stated that had the sewer been three-quarters filled, the flow would have been more rapid than if it had been filled. The provision made at this point for directing the sewage to the river in case of an overflow was pointed out and considered excellent. Under ordinary circumstances, a valve will prevent the sewage from entering the river. A number of apples were placed in the sewer at the corner of Talbot and Horton streets. In eleven minutes they had been carried over 2,000 feet to the foot of King street, or at the rate of 150 feet per minute. The overflow connections at the foot of King street give the sewer a carrying capacity of a conduit six feet in diameter.

The sections under construction on

Fifty Years Ago.

Who could imagine that this should be the place where, in eighteen ninety-three That white world-wonder of arch and dome

Should shadow the nations, polychrome... Here at the Fair was the prize conferred On Ayer's Pills, by the world preferred.

Chicago-like, they a record show, Since they started—50 years ago.

Ayer's Cathartic Pills

have, from the time of their preparation, been a continuous success with the public. And that means that Ayer's Pills accomplish what is promised for them; they cure where others fail. It was fitting, therefore, that the world-wide popularity of these pills should be recognized by the World's Fair medal of 1893—a fact which emphasizes the record:

50 Years of Cures.

Ridout, Talbot and Mill streets were visited, and found entirely satisfactory. At the corner of Lichfield and Talbot streets Engineer Chipman held a mirror over his head and reflected the sun's rays down the deepest manhole on the entire system, 35 feet. On Pall Mall street, where Carling's Creek crosses, Mr. Chipman showed where a flushing chamber was to be constructed under the creek. It would be 20 feet long by 6 feet wide and 6 or 8 feet high. By means of it and two others like it, along the stream, water could be taken from the creek for flushing purposes. It will mean a big saving of the city's water supply.

An interesting explanation was made by Engineer Chipman at the corner of Pall Mall and Colborne streets. He showed that the new sewer on Pall Mall would pass a short distance below the old one on Colborne street. The two sewers will be connected, so that all the solids will be taken from the old sewer to the new, and all dangers from an overflow provided against.

All the party seemed thoroughly satisfied with the explanations and demonstrations made by the engineers throughout the trip. Mr. Greer, president of the board of health, said: "The system seems to me to be a perfect one, and I have no doubt the objections made on the ground that the sewers were too small arose through ignorance of the facts. There seems to be ample capacity to carry off all the sewage."

Mr. John Christie did not see that the system could be improved. "The system is splendid," he said. "Those overflow arrangements are very fine."

Ald. Cooper was asked if he was satisfied, and he replied emphatically: "Yes, I am. I think it is all right."

FEVER SCARE OVER.
Joyous Times in the Region Where Yellow Fever Prevailed or Was Feared.

New Orleans, Nov. 11.—Joyous thanksgivings are being poured forth all over the southland. There is no more yellow fever. Business is being resumed. Schools are opening. Quarantines are lifting. Trains stop at all stations on their routes, and out of it all the people see that their prosperity is not dead, but merely dormant, and is ready to spring into new life, refreshed and invigorated by the rest which has been forced upon it. Now that the panic is over and people are looking over the situation with clearer eyes and unstrained imaginations, the significant fact stands out that after all the worst part of it has been in the scare. Sensational northern newspapers have tried to make the most of the outbreak of the pestilence, and, besides inflaming the north against the south, have succeeded in arousing a remarkably exaggerated feeling even in the towns where the worst cases have been. The result has been shogun quarantines and the suspension of business activity that should have gone on undisturbed. Cold weather and frosts are sweeping over the infected districts now, and from Jackson, Miss., Mobile, Ala., Memphis, Tenn., New Orleans and other cities where the pestilence laid its blighting hand comes the cheering word that the end is at hand, and Dixie is once more ready to mingle with her sisters, cleansed, restored to her right mind, and, above all, refreshed as a giant for the struggle to maintain her place in the commercial roster of the states.

Shiloh's Consumption Cure cures where others fail. It is the leading Cough Cure, and no home should be without it. Pleasant to take and goes right to the spot. Sold by all druggists.

Your cough, like a dog's bark, is a sign that there is something foreign around which shouldn't be there. You can quiet the noise, but the danger may be there just the same. Scott's Emulsion of Cod-liver Oil is not a cough specific; it does not merely allay the symptoms but it does give such strength to the body that it is able to throw off the disease.

You know the old proverb of "the ounce of prevention?" Don't neglect your cough.

Your druggist keeps Scott's Emulsion of Cod-liver Oil. Put up in 25c. and \$1.00 sizes.

SPARKS FROM THE WIRE

James Hutton, the Toronto tailor who was convicted of manslaughter for the killing of his son with a pair of shears, was sentenced to five years in the penitentiary.

Leila Scull, the 3-year-old daughter of Frank Scull, Edward street, Toronto, who was so severely burned by her clothing catching fire, died at the Children's Hospital on Wednesday morning.

While two Indians, George Hill and A. Bumby, were crossing the river in a boat on Monday evening, about one mile east of Oronodaga, the boat capsized and Hill was drowned. The cause of the accident is not yet known. Hill was 21 years old and leaves a wife and one child.

Passengers who arrived at San Francisco on the steamer City of Sydney, declare that the buried treasure of Cocoon Island has been discovered, and that one of their number knows where it is. He is Augustus Whidden, a partner of Geismann, who left this port about five years ago in the sloop Hayseed to search for wealth.

On Tuesday, when the members of St. John's Sunday school (Episcopalian) at Oronodaga, assembled, they found that some sneak thief or thieves had broken into the church and had stolen the silver communion service. The thieves had also torn all the draperies and cloths from the pulpit and altar for a bed, which they had spread out near the stove.

At the inquest over the death of Dr. Wray at Lansdowne, near Napanee, the jury rendered a verdict declaring that the collision of the two boats would have been prevented by an operator being stationed at Lansdowne. The Grand Trunk Company was negligent in not supplying sufficient help to manage their trains. R. F. Bicknell, the injured man, may not recover.

A Warren, Ohio, dispatch says information has been received that a fortune in Scotland, which is believed to belong to the Campbell family, with which McKimley, mother of President McKimley, and Alexander and John Campbell, of Warren, and others, are members. The value of the property is well up in the thousands of pounds, but is not definitely stated.

Abscess Was Lanced.
"I had an abscess on one of my hips. It was lanced and never healed. Hospital treatment failed. The next winter I had three abscesses. I began taking Hood's Sarsaparilla and soon found it was helping me. When I had taken about six bottles I was cured." MRS. F. L. KILN H. T. EED, Freeport, Nova Scotia.

HOOD'S PILLS are the best family cathartic and liver tonic. Gentle, reliable, sure.
