This opinion coming from an prienced medical man is worthy of constitution by accompanion who is anytons. nts. This opinion coming from an erienced medical man is worthy of conration by every mother who is anxious ut the safety of her babe in the hot and ng summer weather. Mothers should commence to provide a good and solid adation for baby, on which to build a and permanent superstructure of ith, strength and beauty of form, tated Food will lay that grand foundafor the building that goes on in child-and youth; and mothers who neglect se this muscle and bone-forming food not true to their little ones. No other loow in use can boast of as many strongers of testimony as Lactated Food. All is said in favor of Canada's great food vell-known to every mother who has it. When Lactated Food is tried for year as baby's diet no other form of tor nourishment is ever tolerated. Try nothers, during the summer and your iss will assuredly escape every summer also also treached trackers.
