Very few potatoes were offered for sale. Several small loads sold slowly at 75 cents retail and 70 cents wholesale. The market generally is quiet and it is necessary to make careful purchases.

RACE RIOTS

Continued from Page One.

Two Negroes Shot. Columbus, O., July 5.—James Lee and E. Thompson, two negroes, were shot and seriously wounded by two unknown white men here last night. According to the wounded men's stories the white men were hunting for the declaration: "Johnson won, but we will get even with all negroes." Lee was shot in the head and Thompson in the arm. Both probably will recover.

Columbus Blacks Parade. Columbus, O., July 5.—Rioting in which noses were broken and heads were cracked, marked a parade through the streets organized by hillarious negroes late last night. The trouble was caused chiefly by drunken whites who sought to break up the parade of the blacks.

Many in Hospital. Norfolk, July 5.—Negroes are in the hospital with broken heads and bruised bodies as the result of conflicts with 300 sailors, who, following the fight at Reno, marched through the streets last night hunting for negroes. They beat one negro almost to death against the postoffice wall. Practically every cell at the police headquarters is now filled with negroes, sailors and young white citizens. Police Chief Kiser requested Major L. W. T. Waller at the navy yard to send assistance, and a detachment of marines was dispatched. The situation was under control before morning.

A Throat Cut. Washington, July 5.—In a fight between negroes and whites over the championship battle at Reno, Thomas St. Louis, a white man, was cut in the throat by a white man, who was a member of the United States marines, had his throat cut, and is at the casualty hospital in a serious condition.

Another white man who was found unconscious late in the evening, was taken to the hospital, where it was discovered he had sustained a cut in the throat. Several other participants in street fights were reported severely injured.

Jacksonville, Fla., July 5.—With the city jail filled with rioters, the saloons all closed, and at least a dozen victims in hospitals, a race riot that last night followed the announcement that a person who had been shot in the riot was controlled early today.

Philadelphia, July 5.—More than 100 whites and blacks, some with their hands extended, gathered in the city of the peace were released with a fine, but those seriously involved in the riots were held in jail for court or sent to the county prison for short terms.

It was a wild night among the rougher element of colored people in the negro sections, but no one was seriously hurt, except a few cuts in the hilarious celebrations of the negro champion's triumph.

The disturbances were not confined to the city, but broke out in the city of public parks, fights breaking out nearly everywhere the races intermingled. The police were looking for trouble in event of Johnson's victory, and when the riot broke out they were freely used in quelling the disturbance.

BISHOP FALLON AT BUFFALO REUNION. Attends Four of July Celebration in His Old Parish. Buffalo, July 5.—It was an enthusiastic reception that was given Bishop Michael F. Fallon, of London, Ont., upon his visit to his old parish, Holy Angels, of Buffalo, N. Y., on the occasion of the parish's annual reunion picnic and Fourth of July celebration, which Bishop Fallon himself, when priest of the parish, founded in 1854. The fête was opened with a procession from the parish house to the school grounds, headed by Bishop Fallon, and followed by Colton, of this city, and Mayor Fuhrmann. These notables were escorted by a platoon of police and the entire procession returned to the parish house.

The bishop during the afternoon spent close on to twenty thousand people. The wind has been blowing very briskly from the north and old and young knelt to kiss his ring.
