GROGERS REGISTERED BY THE HUNDRED FOR CONVENTION

Delegates From All Over Ontario Here—"Made in Canada" Show.

Hundreds of people last night visited the display of "Made-in-Canada" goods which is being held in the basement of the Masonic Hall, in connection with the three-day convention of the Ontario Grocers' Association, which opens this morning.

The display includes exhibits of over two hundred articles, all of which come under the Canadian pure food law and which are handled by grocers. They are: biscuits, jellies, sugar, flour, coffee, pickles, canned goods, bread, chocolate, condensed bouillions, cheese and dozens of other things, all made in the Dominion, as well as grocers' accessories, such as check filling cabinets, computing scales, hand cutters, etc., also of Canadian manufacture.

Schoolchildren invited. The exhibition will be open each of the next three evenings from 6 to 10 p.m., and an invitation has been extended to the schoolchildren of the city to visit it after 5 o'clock on Wednesday. They have been assured through the executive that they will be given free samples of all the good things to eat displayed.

The executive committee of the association held a preparation meeting last evening and got into shape a number of resolutions which will be presented to the convention and which will raise questions of Dominion-wide interest affecting the retail grocery trade. These resolutions deal with such matters as unfair trading, unprincipled price cutting, the advisability of advocating made-in-Canada goods and other questions of interest not only to the retailers, but to the purchasing public.

Important Conference. An important feature of the convention will be a conference on Wednesday afternoon between the manufacturers, wholesalers and retailers who plan for a fair trading policy which will be right and just to all interests will be discussed. Among other things the question of selling to farmers' clubs in carload lots will be considered.

This morning the visiting delegates will be welcomed on behalf of the city by Mayor Stevenson and representatives of the board of control and city council. Tomorrow evening they will be tendered a banquet at the Grosvenor House by the members of the London Retail Grocers' Association.

Up to last night some four hundred delegates had been registered, and it is expected confidently that the number will be increased today to very nearly the thousand mark.

LONDON'S LATEST INDUSTRY. One exhibit that is attracting considerable attention is that of the De Luce Cleanser Company. London's latest industry. The booth is at the right as one enters the door and is in charge of Mr. Brock. The company has recently produced a new product to be known as "Peerless" Cleanser, which will be on sale in all grocery stores on May 10. Although this city only a few months ago the firm has already become famous through its De Luce Cleanser, which is put up in five-cent packages used for cleaning and scouring anything from a frying pan to a painted wall. The company also manufactures a fine silver polish, metal polish, a floor dressing, a hardwood floor and linoleum, a sweeping compound and a compound for dairymen for scouring milk pails, etc.

"Peerless" Cleanser will be on the market in a short time," said Mr. Brock. "It is the best cleanser I have ever seen, and is put up in round tins with six tins to a tin. It retails at ten cents, and I feel sure that as soon as the public learns of its existence and qualities the demand for it will be enormous."

The company's factory is located at 242 Ridout street.

A FLORAL EXHIBIT. One of the finest exhibits in the hall is that of F. Dicks & Son, The Quality Flower Shop, Dundas street. It is located at the northeast corner and is a bower of beauty. Roses, carnations, sweet peas, violets and stately orchids vie with each other for attention as they peep through banks of ferns and other dainty decorations.

The booth is arranged in Japanese style and an endeavor is made to illustrate the various Japanese ideas in floral arrangements. Japanese lanterns, palms and southern ferns are in profusion. A young girl demonstrator is in charge, and is kept busy showing visitors the latest arrangements in corsage bouquets, presentation bouquets, etc. Right in the centre of the booth is a prettily arranged table showing the latest correct flower appointments for a dinner.

The Quality Flower Shop is well known in London for its excellent flowers, fresh from its own greenhouses every day. These greenhouses are located on the Base Line and are open for inspection at any time. The store is located at 235 Dundas street, where estimates for weddings, dinners, other functions will be gladly given.

"LOG CABIN CIGARS." At the Made-in-Canada Exhibition in connection with the grocers' convention, "The Log Cabin" cigar has created enthusiasm. "Log Cabins" are a new product of the Dyer Cigar Company. They are a union, hand-made cigar with a strictly long filler, and are made to sell at 5 for 25 cents, and give absolutely the best value for the money. Smokers will not be long in recognizing that "Log

Cabins" are superior, and very shortly, it is believed, they will prove the most popular of the ever-popular "nickel cigars." They are manufactured especially for the grocery trade, although all cigar stands and other places where tobacco is sold, now display prominently "Log Cabins." The Dyer Company does not, however, confine itself to one brand only, but also manufactures "Berestford," both of which have long been favorites with discriminating smokers. These latter are also included in the "Made-in-Canada" exhibit.

In order to attract attention to "Log Cabin Cigars," the J. J. Dyer Company have arranged an unique exhibit having in the foreground a small log cabin, complete to the smallest degree. Mr. Dyer boasts that no matter how excellent the model log cabin may be, it cannot equal in excellence "The Log Cabin Cigar." Smokers who desire "the best," and want it at a reasonable price, are invited to say "Log Cabin" when next they are buying cigars.

SILVERWOODS, LIMITED. The name "Silverwoods" is recognized throughout London and district as a standard of quality. That may be the reason why the "Silverwoods" exhibit is attracting so much attention at the "Pure Food" Show of the Retail Grocers' Association. The articles displayed include fresh, moist butter, cream, eggs, cheese, honey, etc.

This firm particularly prides itself on the superiority of its butter. Ontario are using it daily and spreading the fame of its goodness. Hardly a grocer who is a leader, but handling an economical, reliable, and better butter.

There is no firm in Western Ontario better equipped to cater for the sale of butter, cream, eggs, cheese, honey, etc., and dairy products in general. Silverwoods has every modern method from motor truck to the latest made-up machinery in its model of method, system and cleanliness.

Every visitor to the Grocers' convention should make it their object to visit the exhibit of this firm. It is situated near the centre of the east aisle on the left side as you enter. Courteous attendants will gladly assist in the selection of the goods, and give reasons why the economical housewife should always insist on Silverwoods goods when she desires quality and purity at a reasonable price.

NEAL LONDON BREAD. "Almond Bread" is becoming a household word in London in less than a year. From a modest beginning they have become recognized as the "Almond Bread" of the city. Today they manufacture twenty-eight varieties of bread, which are distributed daily to all cities and towns in Western Ontario. The "Almond Bread" is a daily and welcome visitor to all sections of the city. So rapidly is the volume of business growing that the firm is endeavoring to increase the facilities of production recently.

The display of the Neal London Bread Company at the Grocers' convention is one of the best; it is worthy of special attention, as very few visitors can realize the range of output of the firm. The twenty-eight varieties shown give an excellent idea of the facilities of this up-to-the-minute factory. The Neal Company have arranged for the supply of neat telephone memo cards, which will be distributed to all visitors to the booth as a souvenir. The party also has on display all the varieties manufactured by the Neal Company has come to be generally recognized.

MEETING should be made of the leaves of bread made for show purposes, and which represent "Sheaves of Wheat" and "John Roubt." They are of the same high quality as the goodness as the "regular run" bread from the Neal London Bread Company.

FOREST FOREST, May 3. Miss Nina Love has accepted a position in R. B. Crovie's book store in place of Miss Bessie Rawlings who recently resigned.

Miss Bessie Rawlings has gone to Parkhill where she has secured a position with the Bell Telephone office there.

Mrs. (Dr.) D. C. Wilson and daughter, Parkhill, are visiting her father, Dr. J. Hutton.

Misses Mary and Beatrice Hubbard have returned from their vacation at the home of Miss Quinn, Sarnia. While away, Miss Beatrice Hubbard underwent an operation on her throat in the hospital at Port Huron, Michigan.

Mr. and Mrs. W. Daniels, of Edmonton, are here on a visit to her son, H. B. Stoddart, and old friends in town.

CANADIAN PACIFIC NORTH TO RONTO SERVICE TO OTTAWA. The recent improvements and added facilities for the convenience of passengers at North Toronto stations are sure to be appreciated by the travelling public, and increase the popularity of the "already popular" North Toronto-Ottawa-Montreal route. North Toronto station is most convenient, located for easy access from the residential section of Toronto, and will also appeal strongly to the downtown district as the congestion and unavoidable rush is eliminated entirely as compared with a union station. This service is maintained on with up-to-date, modern equipment combined with courteous and attentive trainmen, which are ever to be desired in connection with a railway service.

Electric-lighted sleeping and compartment cars for Montreal, and modern electric-lighted standard sleepers with up-to-date, modern equipment combined with courteous and attentive trainmen, which are ever to be desired in connection with a railway service.

CONCERT TO AID STRICKEN HEBREWS DRAWS HUNDREDS

Citizens Show Interest in Futurist Music—Appreciate It Greatly.

ARTISTS WIN APPLAUSE

Leo Orstein and Mile. Verlet Score Instantly in Their Pleasing Selections.

The Forest City is not so much in the woods that it fails to keep pace with modern art movements. The citizens are known for some time of culture, and literature and even futurist music.

Leo Orstein, a Russian-Polish Jewish benefit concert. Orstein, it is reported, commands a thousand dollars a night for his playing and singing. He is a futurist, and the entertainment of last night was in aid of his suffering fellow-countrymen he gave his services freely, and evidently used every trick in his repertoire.

Orstein, it is reported, commands a thousand dollars a night for his playing and singing. He is a futurist, and the entertainment of last night was in aid of his suffering fellow-countrymen he gave his services freely, and evidently used every trick in his repertoire.

According to himself, he is a futurist because he plays the music of the future. Nobody likes it and nobody understands it. The composer's wish, meaning himself, is that it will come out as he likes it and nobody understands it.

The futurist pianist takes the stage not as other artists do. He butts in, head and shoulders beat as if to catch the audience's attention. He is a futurist, and the futurist pianist takes the stage not as other artists do.

Orstein, it is reported, commands a thousand dollars a night for his playing and singing. He is a futurist, and the entertainment of last night was in aid of his suffering fellow-countrymen he gave his services freely, and evidently used every trick in his repertoire.

YOUNG LONDONER GETS PROMOTION IN PRINCESS PATS

Lieut. Hugh Niven. LONDON OFFICER IS NOW ADJUTANT OF PRINCESS PATS

Lieut. Hugh Niven Has Been Promoted—Writes He Is Well.

Lieut. Hugh Niven, son of Dr. James Niven, this city, has been promoted from transport officer to adjutant of the Princess Pats, according to a letter his father received from him in France.

The letter was brief, the text of it being that Hugh was enjoying good health, had been promoted in rank and was, at the time of writing, April 29, too busy to write a letter of any length.

As his son's letter was written prior to the terrific engagements in which the Canadians participated last week, Dr. Niven could not say just what his son was wounded, captured or still fighting.

In an encampment about a month ago Hugh Niven and one of his arms lacerated by a piece of shrapnel. His injuries caused him to be detained in a base hospital in France for a period of five days.

Lieut. Niven enlisted in Vancouver, B. C., with the first contingent. He is well known in this city.
