NEW MARKET IS OPENED FOR PRODUCTS OF FARM, OTHER INDUSTRIES AIDED

West Indies Give Preference
To Flour, Dairy Products,
Meats and Other Items.

IMPROVE SHIPPING

fectionery, Cement, Boots

By E. C. BUCHANAN,
Special to The Advertiser
Staff Correspondent.

Ottawa, July 8.—The terms of the
new trade agreement between
Canada and the British West Indies
and such other colonies as Bermuda,
British Guiana and Honduras, made
public this afternoon, shows the de-
cided advantages secured by the gov-
ernment for Canadian products in the
markets of the colonies entering the
arrangement. Farm, dairy, and some
other products are to enjoy, in many
cases, double the present preference
accorded them. In some cases the
betterment is even greater.

Barbados, Trinidad and British
Guiana are granting preferential
rates not exceeding one-third of the
rates of their respective general tar-
iffs, this meaning an increase in
preference from 50 to 66 2/3 per cent.

In a number of cases minimum
specific preferences are established,
which, on the basis of tariffs now in
force, are more favorable even than
the 66 2/3 per cent. preference. On
most of Canadian products affected
Jamaica increases her preference
from 25 per cent to 50 per cent on the
general tariff.

Farmers Helped.
Agricultural and dairy products
are the goods which chiefly benefit
under the agreement, these including
four lard, butter, cheese, condensed
milk, meats, potatoes and apples. A
number of other Canadian commodi-
ties also secure the advantages,
however, among these being boots,
ciment, fish, cement and confectionery.

Canada grants a preference in
return of 50 per cent of the duties
under the general tariff on the goods
affected. The commodities that are
to come in under this preference are
mostly such as are not produced in
this country.

In Conservative, as well as govern-
ment circles, the agreement is accept-
ed as one of undoubted advantage to
Canada. Critics of other trade
agreements made by the government
are highly commending this arrange-
ment.

BETTER SHIP SERVICE.
Canadian Press Despatch.

Ottawa, July 8.—Improved steam-
ship services and mutual tariff
preferences are the features of the
Canada-British West Indies-Ber-
muda-British Guiana-British Hon-
duras trade agreement. The agree-
ment, which is subject to the ratifica-
tion of the parliament of Canada,
the colonial office and the govern-
ments of the other contracting
parties, is for a period of twelve
years, and will come into effect upon
proclamation.

Canada, under the agreement, ex-
tends tariff preferences on bananas,
cocoa beans, lime juice, limes, ar-
rowroot, coconuts, grape fruit, rum,
onions, cocoa butter, green coffee,
ginger and spices, nutmeg, pineapple,
sugar, marine sponges, angostura bit-
ters. All goods other than tobacco,
cigars, cigarettes and spirituous al-
coholic liquors being produced or
manufactured in any of the colonies
mentioned, when imported to Canada
shall not at any time be subject to
a tariff or more than 50 per cent of
the duties imposed on similar goods
under the general tariff of Canada.

Cordage Also.
Jamaica, the Bahamas, British
Honduras, Barbados, Trinidad and
British Guiana give Canada prefer-
ences on flour, butter, cheese, lard,
condensed milk, meats of all kinds,
fish, apples, potatoes, boots, cement,
prepared cocoa, confectionery,
cordage.

The agreement as signed provides
for two steamship services. First, a
fortnightly freight, passenger and
mail service from Canadian ocean
ports to the colonies.

Secondly, the government of
Canada also undertakes to provide
fortnightly mail, passenger and
freight service between St. Lawrence
ports in winter, calling both ways
at Bermuda, the Bahamas and King-
ston, Jamaica, alternating with for-
nightly freight services between the
Canadian ports and Kingston direct.

The passenger steamers for this ser-
vice will be similar to those men-
tioned in the former service.
For this service the following
subsidies must be paid: Bermuda,
£2,000; Bahamas, £2,000; British
Honduras £2,000; and Jamaica
£12,000.

Bananas are to be admitted free
to Canada from the colonies mentioned
in the agreement, as against a gen-
eral tariff to all other countries of
50c per stem. The Government of
Canada, however, reserves the right
to inquire into any alleged combine
and if it is found that a conspiracy
in the matter of rates exists, the
governor-in-council may admit im-
ported bananas from all countries
free of duty "to give the public the
benefit of real competition."

Cocoa beans, not roasted, crushed
or ground, are given a preference of
150c per hundred pounds, as against
\$2 general tariff. Raw lime juice,
concentrated, not refined, 15c per
gallon preference; fresh limes, free-
arrowroot free; coconuts free if
they come by ship direct to Canadian
port, otherwise they have a prefer-
ence of 50c per hundred; grapefruit,
if imported by ship, a prefer-
ence of 50c per hundred pounds;
"grapefruit not otherwise provided,
if not imported by ship, a prefer-
ence of 50c per hundred pounds";
preferences of \$2 per gal-
lon, and 60c per gallon on rum of
specified standards; onions, re-
mitted free against a general tariff
of 30 per cent; cocoa butter free as
against a general tariff of 20c per
pound. Green coffee free against a
general tariff of three cents per
pound; ginger and spices unground,
free. Nutmegs and mace, whole or
unground, free. Pineapples in air-
tight cans or packages, 15c per
pound. Angostura bitters, \$5 per
proof gallon. Marine sponges, free.

Aids Sugar Refining.
The agreement states "the customs
tariff of Canada shall provide that
sugar above No. 16 Dutch standard
in color, when imported by a re-
finer, shall be subject to a reduced
duty only, upon evidence satisfac-
tory to the minister of customs, shall
not be subject to those duties, i.e.,
the duties on sugar over No. 16 Dutch
standard, specified in item 134 of the
Canadian tariff. Provided that sugar
as defined under item 134 shall re-
ceive a preference of not less than 25
per cent of the duty charged on for-
eign sugar."

Jamaica, the Bahamas and British
Honduras grant to Canada:
(1) On flour a preference of two
shillings per barrel of 196 pounds.
(2) A preference of not less than
50 per cent on butter, cheese, lard,
condensed milk, meats of all kinds,
fish, apples and potatoes.

Barbados, Trinidad and British
Guiana granted the following prefer-
ences:
Two shillings per barrel of 196
pounds on flour, apples, 50 cents per
barrel of 200 lbs., boards, planks,
shingles and lath, a preference of not
less than two-thirds per cent; boots
and shoes, preference of not less than
two-thirds per cent; butter, \$1.50
per 100 lbs.; cheese, \$1.50 per 100
lbs.; prepared cocoa in Trinidad and
British Guiana, 4 cents, and in Bar-
bados free; confectionery, not less
than two-thirds per cent; cordage,
and valorem preference of not less
than two-thirds per cent; fish,
canned, preserved, dried, salted,
smoked, or otherwise prepared, a
preference of not less than 66 2/3
per cent; lard, \$1.50 per 100 lbs.;
condensed milk, one shilling per
48 lbs., or 50c per 24 lbs., or 25c
per 12 lbs.; pickled, \$1.50 per barrel
of 200 lbs. British Guiana grants a preference of not
less than four per cent on gas, gaso-
line and kerosene when refined from
crude oil produced in British terri-
tory.

Other Islands to Help.
The Leeward and Windward
islands undertake to use their best
endeavors to have granted similar
preferences to those granted by the
Barbados, Trinidad and British
Guiana.

All Colonies, except the Bahamas
and the Bermuda Islands, grant the following
preferences: rum, 10c per gallon,
whiskey, if tested, a preference of
not less than two shillings and six-
pence per gallon of the strength of
proof spirit, and not tested, a
preference of not less than two
shillings and sixpence per liquid
gallon. Wine, beer and ale a pre-
ference of not less than 20 per cent.

Kiwanians Going To See Premier

Canadian Press Despatch.

Montreal, July 8.—A committee
from the local Kiwanis club will go
to Ottawa on Friday to interview
Premier King and Hon. J. A. Robb,
acting minister of finance, to learn
if the dominion government ap-
proves of the resolution adopted
at the international convention of
Kiwanis clubs at St. Paul, by the
Canadian delegates, calling for
greater immigration and land
settlement, and the calling of a
great Canada council of immigra-
tion.

The vessels in this service are to
be from 5,000 to 6,000 tons, capable
of a speed of not less than 12 knots.
In addition to the foregoing, Canada
will provide a fortnightly freight
service with vessels of about 4,300
tons from Canadian river ports in
summer and ocean ports in winter.

All freight rates are to be subject
to the control of the Canadian gov-
ernment. Towards this service the
Barbados, Bermuda, British Guiana,
Leeward Islands, Trinidad and Wind-
ward Islands will contribute £29,000
annually.

London Rotarians were hosts to
about 275 orphan children of the city
at one of the most enjoyable picnics
of the season held at Ray Lawson's
beautiful country residence, Wood-
holme, in London township, yester-
day afternoon.

Perfect weather, ideal surround-
ings and enthusiastic service by the
Rotarians on hand, combined to
make the afternoon one of unalloyed
pleasure for the little ones, who
were present from the Children's Aid
shelter.

Over 30 automobiles, each zaily
decorated with Union Jacks, assem-
bled at Victoria park at 2:30, and con-
veyed the children to Woodholme,
where Mr. Lawson was waiting to
welcome his guests. A short trip
through a glorious stretch of wood-
land brought the party to the bank
of the little Medway river, where on
a wide stretch of grass, the sports
program was held. A marquee tent
was headquarters for cones and pen-
nons, and Rotarians responsible for
dishing out ice cream content that
some world's records in plain and
fancy ice cream eating were broken
during the afternoon. It was a happy
gathering. The behaviour of all the
children was most exemplary. The
woods re-echoed to the shouts of
childish glee, and a seemingly inex-
haustible supply of multi-colored bal-
loons added gaiety to the scene. W.
N. Manning was in charge of the
sports program, and the events were
run off in rapid succession. The
whole party was conveyed back
to the city in automobiles at the end
of what was conceded to be a perfect
day.

the Red Bird picnic at Springbank
yesterday afternoon, Kenneth Wil-

to a new bicycle.

The picnic was one of the most
popular held this season. Nearly 800
boys rode to the park on their wheels.
The location was covered with all
manner of bikes, new and old, of
all colors. Some were badly decorated
Others were strictly utility wheels
which carried no other marks but
the color of the road.
