His remarks constituted an amusing and biting sarcasm on George Francis Train, dealing him some terrible raps over the shoulders of the press, in a strain mock-engolistic. The speaker, bowever, said the press of California were deserving of no sarcastic eulogies, but were entitled to the highest meed of praise. THE FLYING SQUADRON. - The Flying Squadron will leave England about the 10th of June for Bahia, where it will be joined by the Pheebs from the West Indies : thence to Rio de Janeiro, and on to the Cape of Good Hope I which it will leave about the end of September for Melbourne and Sydney visiting New Zealand about the middle of January, reaching Japan in March, and Vancouver Island at the end of April; thence home, touching at Honolulu, Tahiti, Valparaiso, and the Falkland Islands, so as to reach England by the middle of October next year.

ISLAND BUTTER AND CHEESE .- Large quantities of fresh Island butter are brought into town daily and sold at the stores at four bits per pound. Some of the farmers have ordered kegs and firkins and propose to salt and out up butter for winter use, and some are turning their attention to cheese making. The production of butter this year far exceeds that of any previous season, and it is probable we shall require but little dairy produce from California in the future.
