C. C. ROBINSON RE TOLLGATES. The Position of the Townships and the

Mr. Robinson, seen at his office yesterday ,and asked if he would give The World a short statement as to the present standing of the toll gate question, replied that in view of the importance of the question and the wide circle of its influence, he would be only too glad to comply. He said that perhaps the subject could be made most clear by starting with the Act upon which was founded the bylaw passed by the Ccunty Council last June, i.e., section 563 of the Municipal Act, sub-section 7. This section, he said empowered counties to abandon or otherwise dispose of by bylaw any toll road used by them; it provides also that after the passing of such bylaw a certified copymust be sent to each of the municipalimust be sent to each of the municipali-ties through which the roads run; and further, that the bylaw shall not take effect until either the local municipalities assent to it or it is approved of ties assent to it or it is approved of by the Lieutenant-Governor. In this case, continued Mr. Robinson, 8 of the 13 municipalities interested, the Town-ships of York, Scarboro, Etobicoke, Whitchurch and East Gwillimbury, North Toronto town, and the villages of East Toronto and Aurora, have adopted the terms of the bylaw; and give the Townships of Markham, King and Vaughan and the villages of Rich-mond Hill and Holland Landing, have positively refused. In consequence of positively refused. In consequence of this divergence of action, he remark-ed, we wrote to the clerk of the Executive Council asking that the Government set a day for hearing all the parties concerned in the matter, and have received an answer from the Deputy Attorney-General stating that the Government would prefer to delay the hearing until the return of Sir Oliver Mowat from England. Asked if Oliver Mowat from England. Asked if it was his opinion that the Government would decide the question by a majority vote, Mr. Robinson replied that he could not of course say what the Government would do, but he went on: "In my opinion the Government can do so; I am strongly of that opinion." With reference to the city's side of the question, Mr. Robinson said the market fees go if the toll gates are abolished this year. If the Government should refuse to act in the matter, he said, why, then, the toll gates will have to stay. Mr. Robinson concluded the interview by remarking that the generally held opinion, that the townships could not be compelled to keep their reads in repair, was altogether astray. They will then find themselves liable for accidents, he added, and in a worse for accidents, he added, and in a worse

Little Current, Manitoulin, Expositor,
Sept. 7.

Sept. 7.

The largest tomato grown in Algoma was brought to The Expositor last Thursday by Mr., Thomas English of Shegulandah. It weighed two and a half pounds. Mr. English says he has plenty of them that will weigh from a pound and a half to two pounds. To anyone beating this record we will send The Expositor one year free. Of course the tomatoes must be grown in Algoma.

Cannot Be Beat.—Mr. D. Steinbach, Zurich, writes: "I have used Dr. Thomas' Eclectric Oil in my family for a number of years, and I can safely say that it cannot be beat for thec ure of croup, fresh cuts and sprains. My little boy has had attacks of croup several times, and one dose of Dr. Thomas' Eclectric Oil was sufficient for a perfect cure. I take great pleasuse in recommending it as a family medicine, and I would not be without a bottle in my house."

Convicted of Ticket Scalping. Morris Switzer, a German, claimed that he did not under claimed that he did not understand the laws of Canada, was convicted at the Police Court yesterday of ticket scalping, and sent to jail for ten days in default of \$20 fine.

Morris offered to sell to Detective Day of the G.T.R. the return half of an excursion ticket from Sudbury to Toronto, and was promptly arrested. Cloudburst in Kansas. Kansas City, Sept. 10.—Passengers arriving here to-night, who were tied up by the washouts in the storm-swept districts of Kansas, report they never saw so much water fall at one time as came down there Sunday. It was a cloud-burst, accompanied by wind and hail that was as large as walnuts, some stones the size of goose eggs. some stones the size of goose eggs, strewing the earth. For many miles the fields are a perfect sea of water. Only the low corn yill be injured.

The Feeling on Wall-Street is Unsettled Owing to Further Exports of Gold-Wheat Has Another Decline - Local Markets Dull and Featureless-Latest Commercial News.

St. Paul closed at 78, Erie at 9 1-8, Reading at 10 1-8 and N.Y.C. at 105 3-8. The sterling exchange market is quiet at inchanged rates. Wheat depressed to-day. Receipts in the vorthwest, 1764 cars, as against 680 the ame day last year. The Government report gives the condi-lon of wheat in the States as 75.4 per ent., and of corn 96.4 per cent. The amount of gold in the United States reasury is \$98,894,000. A correction makes the amount of wheat n passage to Europe, 1,000,000 bush in excess of yesterday's statement. The cash trade in provisions at Chicago shows some improvement, but is still disappointingly small.
