## The Road—As It Is and As It Seems In Overland 4 on Three-Point Suspension Springs

OVERLAND 4 does not change the road, but it does change the manner in which you can ride on it. This comfort achievement, the greatest since the introduction of pneumatic tires, is made possible by the wonderful cushioning ability of Three-Point Suspension Springs—exclusive with Overland.

The Diagonal attachment of the Three-Point Suspension Springs at the ends of a 130-inch frame gives the road steadiness achieved by a car of long wheelbase.

Yet Overland 4 retains all the advantages—lightness, economy, and ease of handling, of 100-inch wheelbase.

Overland 4's equipment is no less admirable than its construction. The list is complete from Auto-Lite Starting and Lighting to Demountable Rims.

Come in and see this remarkable car. Ask for Booklet. Overland 4 Touring, \$1195; Roadster, \$1195; Coupe, \$1845; Sedan, \$1995. Prices f. o. b. Toronto, War Tax included, subject to change without notice.

## Taylor's Throat and Lung Balm

is different from ordinary cough syrups, mixtures, etc., because it acts not only upon the throat and lung passages, but also upon the eliminating organs of the body. This enables the system to throw off the worst cough or cold in a few hours.

Taylor's Throat and Lung Balm gives almost instant relief, and as the dose is small—only 1/2 teaspoonful—it cannot upset the stomach.

Prices 35c, 65c, \$1.20

Nothing equals our Stomach and Liver Cure for a general tonic.

Taylor & Sons WATFORD

### POPULAR BLACK AND WHITE

Old but Always Effective Combination Is Here Again, Only Just a Little Different.

Every once in a while—every season at least—the fashion authorities come out with what appears to be the astounding news that black and white is very much the vogue. The fact is, the magpie combination is perennially smart, only there are magpies and magpies.

The present black-and-white combination is just a little different from anything that you have ever worn before. It is most striking when it takes the form of a black taffeta slip with a sheer lace and organdie overdress. The black silk is not very extensive. The skirt is scant and as short as you feel is consistent with the present fashion and the waist rarely extends many inches above the belt, as a flesh-colored georgette is quite apt to take its place for the foundation of the shoulder and sleeve portions.

The white organdie and lace takes the form of a peplum or plastron on the skirt, and comes up sometimes in V's on the bodice. But there is a wide diversity and the skill of the designer is taxed in thinking of new and interesting ways of combining this white over black.

These black-and-white frocks lend themselves particularly well to garden party or other outdoor occasions, and you are wise if you plan to include one on your week-end visit to the country, because they will stand up better after packing than the frock that is all organdie and all sheer. And just at present they have considerably more distinction than any other sort of afternoon frock.

For more practical wear there is nothing so fetching at present as the black satin or taffeta frock that has cuffs and deep shawl collar or gilet of tucked organdie or embroidered mull

or some sort of sheer cotton fabric withilet insets. For the woman who wants to do a clever little piece of dressmaking at home and who wants a practical but smart about-town dress, a very good way to begin would be to get a fairly elaborate lingerie gilet and work up to it with thin black taffeta.

### DANCE HAT AN INSPIRATION

Angora and Organdie, With Just the Right Touch of Color, Made Genuine Triumph.

She was going to a dance, and she wanted a hat. Time was when a girl had a frock and was duly grateful, but now she must have a hat as well. That was how the trouble began. She had her organdie hat, but that was beginning to show signs of wear. It wasn't dirty, but the crown had lost some of its perkiness. What could she do?

At last a happy thought struck her. Aunt Di, who always has the fashions at her finger tips, had at her last visit talked of nothing but contrasting materials on hats, gowns, everything! Here was the chance. There was the ball of angora she had left from her sweater collar, a lovely soft gray. She would knit it into a big tam crown and put it on the blue organdie brim. No sooner said than done. Before long the hat that had seemed come for, flaunted a soft tam of angora. Nestled in the folds of it, at one side, a huge pink rose added the bit of color needed. Out of apparently nothing had sprung a dance hat, a novelty that was one of the attractions of the evening.

### IN PEARL GRAY HORSEHAIR

Horsehair makes the most perfect fabric for small hats, for it may be twisted and draped into the most modish shapes. This fetching turban of pearl gray horsehair needs as its only ornament the delicate lined gowd feathers so jauntily affixed at the back.

### POOR THIN BLOOD BRINGS INDIGESTION

Make the Blood Rich and Red by Using Dr. Williams' Pink Pills.

Thin-blooded people generally have stomach trouble. They seldom recognize the fact that thin blood is the cause of indigestion, but it is. Thin blood, weak, watery blood, is one of the most common causes of stomach trouble. The glands that furnish the digestive fluids are diminished in their activity, the stomach muscles are weakened and there is a loss of nerve force. In this state nothing will more quickly restore appetite, digestion and a normal nutrition than good, rich, red blood.

Dr. Williams' Pink Pills act directly on the blood, making it rich and red, and this enriched blood strengthens weak nerves, stimulates tired muscles, and awakens to normal activity the glands that supply the digestive fluids. The first sign of returning health is an improved appetite and soon the effect of these blood improving pills is felt throughout the whole system. You find that what you eat does not distress you and that you are daily growing stronger and more vigorous.

Mr. J. J. Murray, Regent street, Toronto, bears testimony to the value of Dr. Williams' Pink Pills in cases of this kind. He says:—"During the latter part of 1918 I was a sick man. My stomach seemed simply down and out. I had no desire for food, and when I ate it distressed me. I was pale, did not sleep well, naturally got up in the morning feeling grouchy. My wife was worried over my condition and urged me to try Dr. Williams' Pink Pills, reminding me of the good they had done our eldest daughter when she was in a somewhat similar condition. I decided to follow her advice and got a supply and here is the story in a nutshell: I have got my appetite back, sleep soundly at night, enjoy my meals and am so gratified with what the pills have done for me that I strongly advise their use for all pale, sick people."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.
