We have recently published a new edition of Dr. Culverwell's Celebrated Essay on the radical and permanent sure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediaments to Marriage, etc., resulting from excesses. Price, in a sealed envelope, only 6 cents, or two postage stamps. The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, but means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically. This lecture should be in the hands of every youth and every man in the land. Address, The Culverwell Medical Co.,								Encyclopedia Britannica. Subscriptions will be taken at this office. Payments are made very easy and extend over a period of five or six years, enabling a person of very moderatemeans to secure this invaluable work. Windsor & Annapolis Raiw'y. Summer Arrangement.
