VICTORIA DAY

Pleasant Weather Made This Time-Honoured Holiday a Big Success

With the exception of a number of the stores being open, Victoria Day was regularly celebrated on Saturday by the citizens of Bridgetown as well as in all parts of Canada.

Flags were in evidence throughout the town and several of the private residences and lawns were very tastefully decorated.

While a number attended the Aylesford races, Annapolis Royal appeared to be the principal attraction.

One hundred and thirty two tickets were purchased at the Bridgetown station for Annapolis, and a similar number in proportion to the population, at all the other stations between Middleton and Digby.

While the Annapolis and Digby bands were playing on the garrison grounds, Chief Police MacKay counted 124 autos within sight of the grounds. More than 600 people arrived in the old town via these autos, hundreds by trains and teams. But never was a crowd more quiet and orderly. To assist Chief McKay, besides his special, Mr. Gordon Beeler, were Chief Gill, of Bridgetown, Chief Bishop, of Digby and special Chas VanTassel. Their presence alone, kept order for no arrests were necessary.

The ball game between Annapolis and Middleton was easily won by the visiting team. The music furnished by the bands was good and the concert in the evening a big success.

The bands must have raised a large sum by the tag system, their lunch room and other attractions.

The day proved a big harvest for the hotels, lunch rooms and ice cream saloons. Thousands of dollars were spent in our sister town and great credit is due the promoters.

TWO BROTHERS DROWNED

Fatal Accident in Elliott's Lake at Mt. Hanley

A sad drowning accident took place in Elliott's Lake, Mt. Hanley, Annapolis County, about 8 o'clock Wednesday night. George Elliott and his brother, Malcolm, were out in a boat fishing. A short distance away was another boat containing Dr. Herman of Nictaux, and Spurgeon Vidito. In some way the Elliott boat was capsized or swamped.

Dr. Herman rushed to the rescue of the occupants but arrived too late. Both bodies were recovered at an early hour the following morning.

George Elliott was twenty six years old and Malcolm twenty four. The latter, who had been through the thickest of the fighting on the battlefield of France, arrived home from overseas Friday and was given a public reception in the adjoining village of Brooklyn Tuesday evening, less than twenty four hours before he was drowned. The former was at one time teacher of Mechanical Science in the Bridgetown schools and had many friends in this town. Both were members of the Mt. Hanley United Baptist church, were very popular in their native village and the sad affair has cast a gloom over the entire community.

Besides their grief stricken parents Mr. and Mrs. Lemuel Elliott, they are survived by one brother, Roscoe Elliott and one sister, Miss Minnie.

The funeral took place Friday afternoon and was the largest ever seen in that vicinity, people being present from all the surrounding towns and villages. The services were conducted by Rev. Dr. Hutchings, Rev. S. J. Boyce and Rev. Mr. Turner. The pall bearers were eight returned men. The floral tributes were many and beautiful.

Ex Kaiser Liable To Trial

LONDON, May 21—Frederick William Hohenzollern, the former German Crown Prince, will be liable to trial under the terms of the German peace treaty, it was declared by Andrew Bonar Law, the government leader, in the house of commons today. Mr. Bonar Law said that the commandants of prison camps would also be liable under the treaty's terms.

BIRD MEN IN NEWFOUNDLAND

Another Air Navigator Wanted to Replace Capt. Morgan

ST JOHN'S Nfld., May 21—Capt. Frederick P. Raynham, the British aviator, whose Martinsyde plane was wrecked when he tried to hop off in the wake of Harry Hawker, took cable the builders of his machine in England asking that another trans-Atlantic navigator be appointed to replace Captain Charles W. F. Morgan, declared by physicians to be out of the trans Atlantic race because of injuries received in the accident with Raynham.

The British airman also cabled that repairs on the broken Martinsyde, already underway, involved the virtual building of another craft from the spare parts here without plans or specifications, in a country lacking materials or facilities for airplane production. Men familiar with only the general principles of construction are available to assist him he said.

Fliers here tonight advanced but one idea to account for the complete disappearance of Hawker and Grieve and their Sopwith plane. This is that the unfortunate little craft was forced into the ocean within an hour or two of its start from this coast, and sank almost immediately.

Complaint continued today of the British air force meteorological division, which was charged with a five hour delay in relaying to this port the storm warnings which might have caused Hawker to postpone his unfortunate flight until conditions were more propitious.

Useful Gifts

Miss Elsie Thomas, who for the past few months has been a valuable member of the MONITOR staff, left Monday for her home in Middleton. Friday evening the manager, foreman and members of the staff, presented her with a handsome mantel clock, and a couple of weeks ago she was given a silver and china ware shower at the home of Mr. and Mrs. John Carter, all of which it is said will prove useful at a date not very far distant. Few people could make more friends in a town in such a short time than Miss Thomas, all of whom join us in wishing her many years of future happiness.
