PAINS SO BAD STAYED IN BED

Young Mrs. Beecroft Had Miserable Time Until She Took Lydia E. Pinkham's Vegetable Compound.

Hamilton, Ont.—"I have suffered for three years from a female trouble and consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back, and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the Hamilton Spectator and I took it. Now I have no pain and am quite regular unless I overwork or stay on my feet for early morning until late at night. I keep house and do all my own work without any trouble. I have recommended the Compound to several friends."—Mrs. Emily Beecroft, 200 Victoria Ave. N., Hamilton, Ontario.

ST. JOHN WOMAN ALMOST GAVE UP

Was So Weak Has To Be Helped Out of Bed—Gains Thirteen Pounds Taking Tanlac.

Just think of it. Only a few weeks ago I was so bad off as to be almost helpless, but since taking Tanlac I have gained thirteen pounds in weight and am enjoying the best of health." said Mrs. Leonard Miller, 124 Water St., St. John's Newfoundland, a few days ago.

"No one knows what I have gone through with during the past nine years, for I have suffered from a complication of troubles," she continued. "My digestion was so bad that no matter what I ate it would disagree with me and keep me in misery for hours afterwards. I was troubled a great deal with heartburn and after every meal I would have a stuffy, distressing feeling. My heart palpitated so had I thought I would smother, and I became so dizzy I had to catch hold of the nearest thing to keep from falling. My back was weak and lame and at times it pained me so bad I just had to take to my bed, and whenever I wanted to get up I always had to have someone help me. Severe headaches often came on and I was so restless and miserable I could never sleep good at night. My nerves were terribly upset and even the children playing would nearly run me wild. I was afraid to be alone, for several times I thought I was going to die. Then rheumatism set in and my hands and feet would swell up and pain me so bad I could hardly stand it. I gave up my housework entirely and was so weak that, as I now look back over my condition, it is hard for me to understand how I held out as long as I did.

"But now things are different, for Tanlac has overcome all my troubles and I am feeling like a young girl again. I enjoy my meals now, because I can eat anything I want and not suffer one bit afterwards with palpitations or heartburn. My back never bothers me in the least and the headaches are a thing of the past. My nerves are steady and I can sleep all night long as sound as a child. The rheumatism has completely disappeared and I have gone back to doing my housework all by myself. I feel stronger and better than I have in many years and I am overjoyed at what Tanlac has done for me."

Tanlac is sold in Bridgetown by S. N. Weare in Middleton by Clifford A. Mumford and in Bear River by L. V. Harris.

BABY'S GREAT DANGER DURING HOT WEATHER

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the house where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes suddenly the prompt use of the Tablets will relieve the baby. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

A REAL LIVE TESTIMONIAL

Given to Professor Hamilton, of Hampden, N. S.

Park's Creek, Lunenburg Co., N. S. June 18, 1914

Professor B. S. Hamilton, East Middle LaHave

Dear Sir—I hear you are about leaving for Lunenburg, and before doing so, I wish to thank you for what you have done for me. As you are aware, when you arrived in March I was a cripple, getting around with a crutch and stick. This state of affairs was brought on through an accident in June, 1913, and had turned to what the doctors who had been treating me called chronic rheumatism. Their treatment had very little if any effect. Today thanks to your treatment, I am completely cured. I can walk without any assistance, and have discontinued wearing the knee caps. I can sincerely recommend your treatment to those afflicted as I was, Capt. Conrad, of LaHave, also wishes me to state that he derived great benefit from your treatment.

Again thanking you, I remain respectfully yours, A. V. CONRAD

Admitted the Crime

"What," said the woman, doing her own marketing, "is the price of these chickens?" "A dollar and a quarter apiece, ma'am" replied the market woman. "Did you raise them yourself?" asked the lady. "Oh, yes, ma'am. They were only a dollar ten last week," was the reply.

Use B-H Paint—it Pays B-H Paint will withstand the severe "climate test" of many hard Canadian winters. Speaking more definitely still, there is one paint that carries a 100% guarantee on every can. B-H "ENGLISH" 70% Pure White Lead 30% Pure White Zinc 100% Pure Paint. Famous for its covering capacity and durability. It has a base 100% pure, to which is added a fine turpentine and an exceptional linseed oil from the B-H mills. Some dealers can sell you paint which costs less per gallon than B-H, but it will not have the B-H guarantee of quality and permanence—neither will you have the certainty that a gallon will show the greatest covering capacity. Even at the slightly higher cost of B-H you will find when the job is done that the ultimate cost is lower—very much lower. Another thing, just look at any house that was painted, maybe years ago, with B-H and see the "finish" that still remains. For Sale by Magee & Charlton BRIDGETOWN N. S. BRANDRAM-HENDERSON
