

MISCELLANEOUS ADVERTISEMENTS.

THE CORBIN DISK HARROW

The season of 1889 has again demonstrated the superiority of the Corbin Harrow over all others. Repeated trials have been held with cutaway, spring-tooth and other Disk Harrows, and the Corbin is everywhere victorious.

Rival manufacturers have become convinced that the Corbin is built upon the only correct principles, and as a consequence numerous and glaring infringements and imitations have been placed in the market. The Corbin inventions are protected in Canada by eighty-one (81) patent claims. These claims cover the lever, the ball-box, the improved disk, and the necessary parts of the diagonal form of harrow. No successful or complete harrow can be made and omit a single one of these features.

We make no attempt to compete in price with other harrows. The market is flooded with low-grade, cheap affairs which can be bought at any price the farmer will offer. Any farmer who is satisfied with such is welcome to buy them, but Corbin Harrows are not for sale at less than their full value, and will not be as long as they continue to lead all others, in quality, effectiveness, durability, and ability to work where others will not.

The sales of this harrow largely exceed those of all other disk harrows combined.

Its merits have kept it in the van, and its patents will maintain it there.

The 25,000 improved disks we put into farmers' hands last year were so successful that we are now ready to guarantee that they will do far more than any other without additional labor to the team.

The Corbin Wrought Iron Land Roller is the only roller with iron drums that sells at a low price.

Agents wanted who are in a position to buy outright on reasonable time. We do no commission business.

St. Lawrence Mfg. Co., Ltd.,
PRESCOTT, ONT.

ON 30 DAYS' TRIAL THIS NEW ERGLESTON'S ELASTIC TRUSS

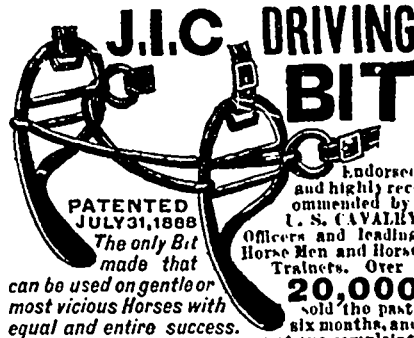

Has a pad different from all others, is cup-shaped with self-adjusting balling, never adapts itself to the position of the body, while the ball in the cup presses back the intestines just as a person does with the finger. With light pressure the hernia is held securely day and night, and a radical cure is certain. It is easy, durable and cheap. Sent by mail. Circulars free. **ERGLESTON TRUSS CO., Chicago, Ill.**

CAMPBELL'S HORSE-FOOT REMEDY

Is a sure cure for all ailments of the feet. It will prevent as well as cure Chappedness or Shelliness in Brittle Feet. Will cure Corns, Quarter Cracks and Split Hoofs, by promoting growth of the foot rapidly. Will make feet soft but tough, enabling the hoofs to hold better without breaking. Dry, Contracted, or Sore Feet are relieved immediately, and it removes all fever in Foul-dered Feet. For Healing Cuts, Wounds, Galls, Soreness over the Kidneys, and Swollen Glands in cases of Founder or as a Fomentant, this Remedy cannot be excelled. It is easily applied, it adds no pain, and does its work quickly and surely. It is guaranteed to cure any case of Scurfiness in a week's time. Thrush or Foot Rot cured in three applications.
