

Lecturer in French—"Will you please correct that word moines to moins?"

Junior—"Certainly, but may I look at your book again, for I am almost sure I saw it spell—Moines.

⌘

Wanted at table No. 2, a small sieve to be used for the following purposes: To sift from the raw material presented to

that table the following material, to wit, namely, tacks, flies, worms, granite and gneiss rocks, bricks, feathers, hairs, and pine knots. No reward is offered, as the same invention may be of use at other tables.

Wouldn't that t-a-c-k-s your uncle's digestive powers!
