

**Important
to You**

**JUST THE THING YOU HAVE
BEEN WANTING
TO BURN LIGNITE COAL**

WE HAVE been experimenting for some time with grates for burning this coal successfully, and have now succeeded in making them to burn it successfully and without waste of coal.

They are constructed with a series of caps placed above the draft openings in grate without obstructing the draft, and allowing nothing but ash to drop through into ash-pan. Air blast is also admitted through openings in side linings and bottom. Shaking and dumping arrangements are also provided.
