Prices of Building Materials.

CONDITION OF THE MARKET.

Some improvement in the demand for builder's supplies for the country trade is noted, but the city trade remains quiet, as it has been for some time past. Owing to a recent reduction in the price of lead pipe, an improved demand has developed. The cement market remains quiet and prices unchanged. The city of Montreal recently contracted for 5,000 barrels, which cut stocks down considerably in that city. In iron pipe trade is fairly satisfactory, as is the case with galvanized iron, the principal demand for the latter being for 26 and 28 gauge, which we quote at 4 1/2 to 4 3/4 for case lots. In other lines of hardware quietness rules.
