## Check Books.

Few of the Retail Merchants of Canada require any argument to prove to them that Counter Check Books are necessary to the proper carrying on of any business. The Storekeeper who does not acknowledge this, and sticks to the old methods of recording sales, gives himself much unnecessary labor, and is probably

## The Eagle Steam Washer

IS THE BEST WASHING MACHINE ON EARTH.

NO HOME IS COMPLETE WITHOUT THE **EAGLE STEAM WASHER.**

MESSRS. FERRIS & Co.,

DEAR SIRS,—About two years ago I was in Philadelphia, and while there I bought one of your Steam Washers, and brought it home to my wife. She has been using it ever since, and is well pleased with it. It does all you claim for it, and every family should have one, for the saving on clothes every few months would more than pay for the machine.

## SIX YEARS AN INVALID

Seven City Doctors Failed to Cure.

**DR. McCULLY CURED IN 3 MONTHS.**

This cut represents Mrs. Lavin, 43 1/2 Nassau St., Toronto. For six years this lady suffered from her disease, chronic diarrhoea, and during that period she was in the hands of seven east end medical men. Just before Dr. McCully took up the case she was for seven months bedridden. She had ulceration of the bowels, and her last medical man said she would not be alive in three months. The three months are past. Mrs. Lavin is well, and so well that her doctor did not know her a few days ago when they met, although she was with her husband whom he did know. When told she was well and with whom she treated and by whom she was cured, that cheeky ignoramus declared his surprise that she would treat with such a man as Dr. McCully. One word here to the medical profession. There are a few of them that have stopped their former sneers and abuses, but there are among them many audacious fools that are courting a dressing from me. I have cases that I have cured after these men. I intend to make an exposure by publishing the facts of the case and appending the doctor's name who failed. I shall do this in the interests of the sick and afflicted, and to shut up these blatant idiots who use words such as "he is ungentlemanly and brutal," "He's a liar," (Toronto hospital), "He a quack of the d-d stripe," (Dr. L.—le, St. Patrick's Street), etc. If I am a quack will some one kindly give positions and names to the men whose patients I cure when they fail; or will some of these howling railers come from under the rotten medical ethics' shadow and face these facts? I every week publish these cures. They are every one the failures of the medical fraternity, from the medical swell oracle to the most contemptible blind grovler in the occult art. They unfortunately failed; they unfortunately did not succeed in funeralizing the victim. The medical men of this city and country must produce finished work one way or the other, or they may expect further exposures. Remember our field is the blunders of the medical profession. We live and thrive on their want of knowledge, and our opinions are free of charge and honest.

Address,

**DR. McCULLY,**  
283 JARVIS ST., TORONTO.
