A TRENTON MIRACLE.

A REMARKABLE CURE IN A CASE PRONONCED HOPELESS.

A : Estimable Young Lady Raised From a Death-bed After Being Given Up by Several Doctors-A Simple Statement of Facts.

Treaton Courier.

At intervals during the past year the At internal during the past year the proprietor of the Courier has been publishing newspaper reports of miraculous cures occuring in various parts of Canada and the United States. Perhaps among the most notable of these were the cases of Mr. John Marshall, of Hamilton, Christian Mr. C. P. Vertherer, and published in her life. She feels truly grateful for what this great remedy has done for her, and only a sense of gratitude enables her to overcome her modest scruples in giving this testimony to the wonderful virtues of Dr. Williams' Pink Pills for Pale Peothe cases of Mr. John Marshall, of Hamilton, Ont., Mr. C. B. Northrop, of Detroit, Mich., and Mr. Chas. A. Quant, of Galway, N. Y. Mr. Marshall's case was more prominently fixed in the public mind by reason of the fact that after being pronounced incurable by a number of eminent physicians he was paid the \$1,000 disability claim allowed by the Royal Templars of Temperance, and Royal Templars of Temperance, and but are a scientific preparation success-some months afterward was announced fully used in general practice for many his almost miraculous restoration to health and active life. The case of Mr. Northrop created equally as profound a form all the elements necessary to give form all the elements necessary to give sensation in Detroit, where he is one of the best known merchants in the city. Mr. Northrop was looked upon as a helpless invalid, and could only give the most desultory attention to his business. most desultory attention to his business on days when he could be wheeled to the store in an invalid's chair. In his case the same simple, (yet wonderful) remedy that had cured Mr. Marshall restored Mr. Northrop to a life of active usefulness. The case of Mr. Chas. Quant is perhaps the most marvellous of all, masmuch as he was not only perfectly all, inasmuch as he was not only perfectly helpless, but had had treatment in one to females, such as suppressions, irreguof New Yorks best hospitals under such larities and all forms of weakness. They eminent medical scientists as Prof. Ware, and Dr. Starr, and in Albany by Prof. H. H. Hun, only to be sent out the case of men they effect a radical as incurable and looked upon as one who cure in all cases arising from mental had but a few months before death would put an end to his sufferings. Again the same remedy which restored Mr. Marshall and Mr. Northrop was re-sorted to, with the same remarkable results, and to day Mr. Quant, restored to health, anticipates a long life of usefulness. The remedy which has succeeded, where the best physicians had failed, is Dr. William's Pink Pills for Pale People -and a name that is now a familiar household word throughout the continent—and a remedy that apparently stands without a rival in the annals of medical science. Having published, among others, the cases above alluded to, the curiesity of the publisher of the Courier was aroused and he determined to ascer-tain if anyone around Trenton had been benefited by the use of Pink Pills. In conversation with Mr. A. W. Hawley, druggist, he was told that the sale of Pink Pills was remarkable, and steadily increasing. And Mr. Hawley gave the names of a number within his own observation who had been benefitted by the use of this remedy. Among others Miss Emma Fleming, grand-daughter of Mr. Robt. Young. It was stated that Miss Fleming, had been raised from what was supposed to be her death-bed, after all other remedies and physicians had failed, by the use of Dr. Williams' Pink Pills. This statement was so startling that the Courier determined to investigate it further, and if true set the facts before the public for the benefit of other sufferers. Mr. Robert Young, grandfather of the young lady was first seen, and in reply to an enquiry said it was a miracle the manner in which these pills had restored his the credit of having secured for de Pere The Course The Cour grand-daughter. As a last resort, and with a prayer in his heart, he had pura box of Pink Pills at Mr. Spaulsbury's drug store, and so much good resulted that the remedy was continued until his grand-daughter was as

bed and could not sit in a chair at all. She had taken her bed expecting never to rise again, and this was at this juncture that her grand-father, having read in the Courier of the wonderful cures effected by Dr. Williams' Pink Pills, and as a last resort purchased a box, and urged his grand-daughter to take them. Miss Flemming had been before this recommended by a friend in Toronto to try Pink Pills, but declared she had no faith in them. Now, however, to please her friends she consented to take the her friends she consented to take the Pink Pills; on the seventh day after beginning the use of the Pink Pills, she was able to walk down stairs, and has not gone back to a sick bed since. The effect upon her system was truly marvelous. Her appetite was gone, strength gone, prostrate upon her

supposed death bed, in seven days she

was able to walk down stairs, feeling re-newed strength and a better appetite than ever before. Miss Fleming con-tinued the use of Pifiks Pill, daily gain-ing health and strength, until she was able to take part in the household duties without the least injurious effect. Miss Fleming still continues to take one pill after each meal, and now feels as well as ever she did in her life. She

Miss Fleming has recommended Pink Pills to a number of lady friends who

say they are doing them much good. A further investigation revealed the fact that Dr. Wi Lams' Pink Pills are not a patient medicine in the sense in which that term is usually understood, new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such discases as locomotor ataxia, partial paralysis, St. scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar worry, over-work or excesses of whatever

nature. These pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ontario, and Schenectady, N.Y., and are sold in boxes (never in loose form by the dozen or hundred, and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box or six boxes for \$2.50, and may be had of ail druggists, or direct by mail from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

When you buy your spring medicine you should get the best, and that is Hood's Sarsaparilla. It thoroughly purifies the blood.

The Crowning of St. Joseph.

An exchange tells us that a ceremony, unique and unrivaled in the history of the Catholic Church in America, took place at St. Joseph's Church West de Pere, Wis. It was the coronation of St. Joseph, and was performed by Bishop Messmer authorized by Pope Leo. Hundreds of people were present from ad-joining cities. Pontifical High Mass was celebrated and culogies of St. Joseph were delivered in French and English. A statue of St. Joseph bearing the infant Saviour in his arms stood above the

such an event is due to Rev. Father J. F. Durin, the pastor of St. Joseph's Church. Father Durin is the founder and director of the archeonfraternity of Joseph, which has a membership of 7,000 in the United States. The crowns were the gifts of Mr. Patrick F. Gillespie and Mr. Bowen of Chicago, and others.

Holloway's Ointment and Pills.—For bad legs, bad breasts, scorbuile and scrofulous sores this is a gonuine specific. The grateful and carnest graitfude of thousands who have experienced its unrivalled power over these complaints, and who have been raised from prostrate helpicssness and a condition loath-some to themselves and others, renders it quite unnecessary to enlarge in this place upon its extraordinary virtues. The parts affected should be bathed with luke warm water, and when the pores are thereby opened the Ointment's notice the discharge of the parts of the parts affected they. It is always advisable to take Holloway's Pills in these discretes, as this much assists the Ointment's action. The Pills check the fover, purify the blood, and eject all morbid matter engendered by these diseases.
