THE GREAT ESSENTIALS**THE STORY OF TYPEWRITER WORTH IS SOON TOLD****EASE OF
OPERATION**

We put ease of operation first, because the driving power of a type writer is nervous energy—the most precious thing in the world. It should be conserved in every way. The easier a typewriter runs the more and better work the operator will do.

THE MONARCH

is the greatest conservator of nervous energy in typewriterdom.

ADAPTABILITY

Unless the typewriter can do ALL the complex work of a modern office, its worth is seriously limited.

THE MONARCH

has no limitations.

DURABILITY

Mechanical weakness in a typewriter is like poor health in a man. Break downs mean loss of time and earning power.

THE MONARCH

will last a business life time.
