CITY AND ELSEWHERE.

DELIGHTFUL vacation weather.

An Italian musician suggests that those of an audience who desires an encore be required to pay for it.

If God is in your heart, He will be also on your lips, for Christ has said: "From the abundance of the heart the mouth speaketh."

The difference—You stand for office in England. In this country you run for it. But we have one sort of candidate in common. "Those who lie for it."

At St. Marie, Wis., there is a spring supposed to have been blessed by Father Marquette in 1673. It is hoped to establish a home for aged priests at that point.

If the story that is going the rounds is true, one of our business men has discovered the fact that it pays to be courteous to ladies, even if you do differ with them in religious belief.

WHAT we need in this country more than anything else now is a government with backbone enough to place the constitutional ban upon every un-Canada organization, no matter who the objects or members are.

It is time for the common people to tar and feather the jaw workers who call Coxe and Kelly representatives of the people. The common people live by labor and do not ask the Government to let them live on the labor of others.

"There is more joy on every side When there's love at home. Peace and plenty do abide When there's love at home."

We don't hear so much these days of alleged insubordination against Mgr. Sattoli. It seems to be accepted now that what the Papal delegate says in ecclesiastical matters goes. And the mischief-making newspaper correspondents have tumbled to the fact as well as others.

THE Colorado Catholic says: "Paste this advice in your hat and keep it there until after next November. Register every Catholic man and woman in Colorado. He or she who neglects this gives strength to the enemy."

It is said that a married man having three children is entitled to a better seat in the theatre than less fortunate papas, according to the Roman law. During these hard times few men with three children can afford to go to the theatre at all.

THE University of Pennsylvania announces a course in journalism. As far as can be gleaned from the prospectus, the course is a comprehensive one, but the young man who wants to be a newspaper man, not a journalist, would do well to prefer actual experience in a newspaper office.

CATHOLICS have no antagonism to the public schools except for their godliness. Because of the need of religious teaching Catholics pay a double tax, that for the support of the public schools and that for their separate schools. But they do it with a good heart since they hold that education is incomplete which does not develop the moral as well as the intellectual nature.

NON-CATHOLIC workmen may need the treatment of social and political economy in the pulpit as an inducement to bring them to church on Sundays, as Professor Peabody of Harvard suggests; but not so with Catholics. These go to church on Sunday because attendance at mass is a religious duty and because in so doing they perform an act of devotion. And they go there in swarms, too.

WE desire to return our most heartfelt thanks to our conferees of the press, both secular and lay, for the many kind expressions of good will exhibited to us during the last few weeks. We are indeed deeply sensible of the true value of these kind words from men who know and understand the onerous position of a publisher, particularly the publisher of a Catholic journal.

THE Rev. Walter Elliot, of the Paulists, recently closed his mission to non-Catholics in that part of Michigan included in the diocese of Detroit. It is said they have been most successful in dispelling prejudice and helping earnest truthseekers on the way to the Church. They have also smoothed many a difficulty out of the lives of the resident priests. In the early days of the coming year Father Elliott will open in the diocese of Cleveland a mission on the same lines as that which he has now closed in the diocese of Detroit.

PROBABLY the largest ordination of this year was that which took place at St. Peter's Cathedral, Montreal, the first time for such a ceremony to be performed in that basilica, when Archbishop Fabre conferred various degrees of orders on no less than 145 candidates, not a few of whom are ecclesiastical students affiliated with dioceses in this country. The Trinity ordinations at Montreal are always large in number, but it is not often that they attain such proportions as they reached this year. The great

majority of the ecclesiastics who were ordained there are students at the Grand Seminary of the Sulpitians.

OUT of respect to the memory of our late lamented archbishop the St. Jean Baptiste and other Catholic societies which were to have attended High Mass in a body at St. Mary's on Sunday last was postponed.

THE members of C. M. B. A. are requested to meet at St. Mary's Presbytery on Friday morning at 9 o'clock for the purpose of attending the funeral of the late Bro. M. Hughes, it is hoped that all members will be present.

Mrs. A. H. KENNEDY arrived home Sunday last from Pembroke, Ont., where she had been attending the funeral of her father, Mr. James Leaney. Mrs. Kennedy was accompanied by her little brother who will remain on a visit for some time.

THE funeral of the late Michael Hughes will take place on Friday morning at 10 o'clock to St. Mary's church, after which the funeral ceremonies having been performed will proceed to St. Mary's cemetery, Fort Rouge, where the remains will be interred.

It has transpired that a certain individual who recently left for Uncle Sam's domains, had he tarried much longer, would have been a prominent figure in a forgery case. He aspired to high social standing, but was compelled to board a freight train. Fortunately for the man "in the soup" none of the amounts drawn for were for large amounts. Should this "slick alick" again visit the prairie city, he may find a warm reception at the hands of justice, from which he fled from England.

TO-morrow (Thursday) evening the famous Prima Donna who is so enthusiastically received wherever she appears—Rosa D'Erina will give an entertainment in the Bijou Theatre assisted by Prof. Vontom. We have seen a selection of newspaper criticism of the entertainment given in the east and in the United States and the universal verdict is that a more enjoyable concert has never been given in the various places they have visited. We trust there will be a large attendance as the proceeds are to go to the maintenance of our schools. On Friday evening the two artists will give a sacred concert in St. Mary's church—and the programme arranged is one that will undoubtedly prove interesting to all who attend. Make it a point to be present.

For those who have the educational interests of this city and province at heart, we assure them that a visit to St. Mary's Boys' school would well repay them for their trouble. There they will see in the way of drawing and other branches of studies not only the efficiency of the teachers, but the admirable progress of the pupils. We feel assured that we are not exaggerating when we say that our Catholic schools are not only up to the standard with all other city schools, but second to none in the Dominion, a proof of which is found in the fact of the above school in question being awarded a medal at the World's Fair and in view of this fact we beg to tender to the Brothers and pupils of St. Mary's Boys' school our compliments on the success of their arduous labors.

SUDDEN DEATH.

Ex-Mayor Logan expires of Apoplexy on Saturday.

The citizens of Winnipeg were shocked to learn of the sudden demise of Mr. Alexander Logan, ex-mayor of the city, and an old and respected citizen who died on Saturday last.

Deceased was observed on the streets in the morning, and in conversation with friends complained of no unusual weakness or illness. Shortly after 12 o'clock he returned to his home, and was greeted by his daughter, who was then preparing the table in the dining room for lunch. Her father said he would be ready in a few minutes, and in passing through the dining room to his own room took a drink of icewater.

Receiving no response to her calls, some few minutes after Miss Logan opened the door leading into her father's room and was frightened by the aspect of his countenance, as he lay on the bed as if in a swoon. Medical aid was immediately sent for, and Dr. Jamieson arrived at the house soon after, but life was extinct. Dr. Codd, the family physician, hurried to the scene on receipt of the message, and after examination of the body announced that death was caused by apoplexy. He had no doubt that on reaching his home ex-Mayor Logan was overheated, and the drinking of a large draught of ice water, as he passed the dining room, occasioned the rush of blood to the brain, followed by apoplexy and death.

The funeral which was largely attended by relatives and friends of the deceased took place Monday afternoon to St. John's cemetery.

General News.

News from Ireland to date gives the cheering tidings that the people are alive to the great issues depending on the general election, and are coming forward eagerly in response to the appeal of the leader of the National party. This should stimulate the efforts of their kindred in this country.

From Scotland comes the story of a gentleman who had to dismiss his gardener for dishonesty. For the sake of the man's wife and family, however, he gave him a "character," framing it in this wise: "I hereby certify that A. B. has been my gardener for over two years, and that during that time he has got more out of my garden than any man I ever employed."

Some time ago a man at Buffalo brought suit for divorce against his wife. While the case was pending before a referee the man was killed on the railroad, and soon after the divorce was declared in favor of the petitioner, notwithstanding he was dead. On the decision whether a divorce could be granted a dead man depeuded the woman's right, his insurance, pension as a soldier and such other property as he was possessed of.

OBITUARY.

A Well-known Catholic Goes the Way of All Flesh.

Unexpected Death of Mr. Michael Hughes—the Well-known Undertaker.

It is with heartfelt sorrow we have to record the death of Mr. Michael Hughes, the principal member of the well known firm of Hughes and Son, undertakers of this city which occurred at St. Boniface Hospital about 1.30 on Saturday afternoon. The illness to which Mr. Hughes succumbed was of very short duration. He complained of feeling unwell on Monday of last week, and continued to get worse until Wednesday when it was considered advisable for him to put himself under treatment at the Hospital. It was then thought he was threatened with an attack of typhoid fever, but Dr. McArthur who waited on him pronounced it to be bilious fever. On Wednesday night his pulse became very high and he was at times delirious in which condition he remained for the next two days, but it was not thought there was any immediate danger. However on Saturday morning there was a visible change for the worse and from that on despite all the doctors and sisters could do he went rapidly until the end.

Mr. Hughes who was 53 years of age was born in Ireland, but came to Canada when a youth, settling in the neighborhood of Ottawa. He afterwards went to Pembroke where he engaged in the furniture business. Owing to depression in trade he went for a time to California but returned to Canada, and finally came to Winnipeg in 1879 where he spent the remainder of his life. He engaged here in the furniture and undertaking business for many years, but latterly had devoted himself entirely to the latter branch, his son Ed. joining him in the business. He leaves a wife and five children to mourn his untimely death. His four sons are all residents of Winnipeg and his daughter, who married Mr. Clement Maggs, a couple of years ago, is at present residing in Cleveland, Ohio.

Mr. Hughes was a charter member of Branch 52 of the Catholic Mutual Benefit Association, and had always been a most prominent and valued member of the Branch. The esteem in which he was held by his brother members was shown in the fact that at the last election of officers he was unanimously elected to the position of first vice President and there is no doubt that if he had been spared he would next year have been as unanimously promoted to the Presidency. It is a noteworthy fact that his last action in connection with the Branch was to strenuously advocate the expenditure of a portion of the general fund in fitting up a ward in St. Boniface Hospital, and he was one of the committee appointed to select the furniture. In his death the branch has lost a good member, the city has lost one of its most honorable and exemplary citizens, the church has lost a faithful member and an active worker; and his family have lost a most loving and beloved husband and father. We extend to the family our sincere condolences in their sad affliction and pray that the Almighty will bear them up, as only He can in their bereavement.
