The kangaroo readily covers in a leap from sixty to seventy feet. The longest recorded leap of a horse is thirty-seven feet; of a man, twenty-five feet six and a half inches. The latter was jumped by Mr. C. B. Fry, the well-known Oxford athlete.

United States Treasurer Morgan states in his annual report that the net revenues of the Government for the fiscal year of 1892-3 were \$385,819,628.78, an increase of over \$30,000,000 over those of the year before, and the expenditures \$383,477,554.49, an increase of over \$38,000,000.

A HIGH VALUATION.

"If there was only one bottle of Hagar's Yellow Oil in Manitoba I would give one hundred dollars for it," writes Philip H. Brant of Monteith, Manitoba, after having used it for a severe wound and for frozen fingers, with, as he says, "astonishing good results."

The Empress of China has no sympathy with gay and flighty fashions. She celebrated her sixtieth birthday by issuing a proclamation enjoining a general restraint of extravagance. Her Majesty has even prohibited the customary gifts of silks and jewels by ministers.

WORTH ITS WEIGHT IN GOLD.

DEAR SIRS,—I can truly say Hagar's Pectoral Balsam is the best remedy ever made for coughs and colds. It is worth its weight in gold. HARRY PALMER, Lorneville, Ont.

The late Sir Andrew Clark, Mr. Gladstone's physician, will be missed on occasions when the G.O.M. makes an important speech. At such times, as recently at Newcastle, Sir Andrew used to sit, watch in hand, to see that Mr. Gladstone did not speak longer than the limit prescribed by the physician.

Handsome Features.

Sometimes unsightly blotches, pimples or sallow opaque skin, destroys the attractiveness of handsome features. In all such cases Scott's Emulsion will build up the system and impart freshness and beauty.

Love apple, the early name of the tomato, is a translation of a French misapprehension as to the name of the vegetable. The Italians received the tomato from Morocco, and called it pomo di Mori "apple of the Moors." The French, deceived by the sound, translated it "pomme d'amour," and the English translation from the French spread the original error. —New York Sun.

ASK YOUR FRIENDS

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. Simply what Hood's Sarsaparilla does, that tells the story of its merit. One has been cured of indigestion or dyspepsia, another finds it indispensable for sick headache, or biliousness, while others report remarkable cures of scrofula, catarrh, rheumatism, salt rheum, etc.

Hood's Pills are purely vegetable.

The French vintage is estimated by European authorities at 49,800,000 hectoliters, 20,700,000 above last year, and 20,900,000 above the average for ten years. The average from 1856 to 1865 was 41,800,000 hectoliters, and from 1866 to 1875 it was 56,900,000. Then came the phylloxera, the ravages of which are now being gradually retrieved. —Bradstreet's.
