

As Others See Us.

"It is surprising the number of Col- lege men who pay their way through school by the sale of their own efforts. The number of students who have secured any kind of money in the way of a stipend is probably less than the number of those who have secured it in the way of a salary. The other various ways in which they are able to support their families are sold, and the goods for their support are sold, and the goods for their support are sold, and the goods for their support are sold."

H. McNamee

Shredded Wheat Biscuits

has the endorsement of all thinking men. G. W. Wright, Professor of Physics and Chemistry, Meadville High School, Meadville Pa., gives the following endorsement: "We have been users of your Shredded Wheat Biscuit for some time and are greatly pleased with its many estimable qualities; it has an undeniably great food value, it possesses those 'staying qualities' that are so often lacking in the popular cereal foods."
