

the United Kingdom or the United States, and the current annual number of inspections for the Party liable to inspection is not exhausted, or

(ii) The United Kingdom or the United States requests the inspection of such portion of the certified area which lies in territory under the jurisdiction or control of the USSR and the current annual number of inspections for the USSR is not exhausted, and

(iii) The request for inspection is made to the Administrator not later than fifteen days after the Administrator has made public all data relating to the seismic event in question, as specified in paragraph 1 B of this Article.

B. An original Party requesting an on-site inspection pursuant to this paragraph shall simultaneously inform the other original Parties.

3. A. If any portion of a certified area lies in territory under the jurisdiction or control of a Party other than an original Party, any Party may, not later than fifteen days after the Administrator has made public at the Headquarters of the Organization all data relating to the seismic event in question as specified in paragraph 1 B of this Article, request the Commission to direct an on-site inspection of such portion of the certified area.

B. The Commission shall consider and decide upon any such request within forty-eight hours after its receipt. If a certified area lies in territory under the jurisdiction or control of more than one Party, other than an original Party, the Commission shall make a separate decision as to the inspection of that portion of the certified area on the territory of each Party concerned. If the current annual number of inspections of the Party liable to inspection is not exhausted, and if the Commission decides that the request to direct an on-site inspection
