

joint action in plans covering the following improvements :—

- (1) An elevation of the front of the City securing the City from flood inundations.
- (2) A sufficiently commodious street, enlarging the present Commissioners Street.
- (3) A plan of Harbour improvements specific in detail in so far as it may connect with the City improvements above referred to.
- (4) The appointment of the City and Harbour Engineers to furnish plans providing for above improvements, make estimates of probable cost, and, so far as practicable, the proportion of total cost that should be assumed by the City and Harbour respectively.

In the forthcoming plans and estimates it will be well to indicate the cost of alternative width of Commissioners Street, also, the elevation of said street and the elevation of the wharves of the Harbour.
