

CHINA MUST YIELD TO ALL DEMANDS

Government Looks in Vain to Foreign Powers for Support.

JAPS ARE AGGRESSIVE

Garrisons in Manchuria and Shantung Take Arbitrary Course.

PEKIN, China, April 4.—The conference between representatives of China and Japan were continued yesterday, but nothing was accomplished. The Chinese employed their usual tactics of avoiding the initiative, and the Japanese took up all of the four-hour session with a discussion of details of the South Manchuria immigration question. They did not commit themselves, however, to acceptance of the Chinese offer to waive the question of Chinese jurisdiction over Japanese immigrants to South Manchuria, except in cases involving land ownership.

The Chinese Government has not received official encouragement from any power such as would welcome resistance to Japan, and has therefore conceded demand after demand. Foreigners in touch with the situation express the opinion that China must concede every point upon which Japan insists.

GERMAN SNIPERS PROVE ANNOYING

Ready to Pick Off Any Man Standing Up in the Trenches.

COBOURG, April 2.—Fred Adams, formerly of Toronto, and now resident of Cobourg, in writing to a friend here of life for the Canadian soldiers in the trenches, says: "The German trenches are only 150 yards from our own, and at night time we hear their snoring. Some can speak English, and we shout across to one another. "There have been many artillery duels lately, and the German snipers are terrible. We have made a fire in the trench, and one of our fellows is trying to make a stew in an old tin can, and the Germans keep sending shots over and knocking the dirt off the top of the trench in it, so it will be nice stew by supper time. "It is awfully back-breaking in the day time, walking around all day with your back bent. If you forget and stand up straight and show your head the snipers will put a bullet thru your brain every time."

FAIRBANK SOLDIER'S NARROW ESCAPE

German Bullet Passed Thru His Clothes and Wounded a Comrade. Private Thomas E. Miller, 78th Highlanders, writing from the trenches under date March 11, to his mother at 232 Harvie avenue, Earlscourt, tells of a narrow escape in the trenches: "I had a most providential escape two days ago. After being two nights in the trenches a bullet from a German sniper went up my sleeve, passed thru my clothes and entered the stomach of the man next to me. He was taken to the base hospital, but they say the wound is not fatal. We are now having the laugh at the Germans, we are keeping them on the run. You will no doubt have seen by the papers that we killed 2000 Germans and took 1200 prisoners. The ground is drying up, and the big guns are being brought forward. Since leaving Canada Pte. Miller has been transferred to the 3rd Division Engineer Corps.

Successful Concert.

Owing to the success of the Gypsy concert and tableaux, held recently in the West Fairbank Ratepayers' Hall, Caledonia avenue, under the auspices of the women's branch of the association, the program was repeated on Saturday evening. The hall was packed to capacity and frequent applause testified to the quality of the entertainment.
