### FRENCHMEN EASY FOR THE TORONTOS

All the Scoring Done in the Opening Period—Skinner and Hall Arrested.

The Torontos again demonstrated last night that they are a great home club The blue shirts were all over the Canadiens and won away off 5 to 1. The Montreal outfit were train weary and looked the part early in the game. They left Montreal on Sunday night and did not arrive here until 8 o'clock last night. The game did not start until after 9 o'clock.

The game did not start until after 9 o'clock.

All the goals were scored in the first period and while there was plenty of interest after the opening session the teams could not bulge the net. Just before the finish the contest was marred by a run-in between Skinner and Joe Hall. Hall checked Skinner when he was rushing and then bodied him. As Skinner was going to the ice he jabbed Hall and then took a swing at his head. Hall retaliated by swinging and caught Skinner over the head. The Toronto player took the count and Hall was banished from the ice. Both players were put under arrest by Plainclothesmen Ward and Scott and taken to No. 2 police station, Manager Querrie later bailed them out. The charge was common assault.

Newsy Lalonde played the biggest part of the game for the Canadiens, but retired in the third period when he hurt his sore foot. The Torontos showed better form at going in close to the net than at any time this season and this was responsible for their victory.

Big Mummery was again a bright light and he was a great help to Harry Holmes in the role of a second goal tender. Mummery stopped dozens of shots with his body. Cameron showed some of his old time form in rushing and played a fair defensive game. Noble was the pick of the forwards. Randall did useful work, both on the defence and forward line, and Jack Marks was good while he was on the ice.

It was the grand work of Vezina that

carey and Lee King guarding the outer defences, the Pittsburg club will be more formidable in this respect than it has been for several years. Carey, of course, is one of the greatest outfielders in the game; and King, tho a youngster, gives promise of developing into a pretty good player. He has an arm on him that can be compared only to a high callbre gun, and as soon as he learns to exercise better control in his throwing, he's going to peg many runners out at the plate from a deep field. He is a fair, but erratic hitter, albeit a dangerous one, and he's as plucky as they come.

Bill Hinchman, who sustained a broken leg last seasen, and who was on the shelf most of the time, has recovered from the injury and may give King a fight for a regular bertli in the outfield. He will also be valuable as a pinch hitter.

The opener was a dandy, when Stephenson's five met Chapman's. The latter had the weight and played a hard-checking game, Half-time saw them ahead, 2-8, but in the second half Chapman twisted his angle, helping to weaken the teams, and Wells and Parker located the basket better, the game ending 17-11 for Stephenson.

"Wasn't a tax of 7½ per cent. steep cnough? I don't want to appear to be making a howl against any good that will come to our soldiers. If they'd let us alone we'd take good care of the soldiers and sailors, but McCue's proposed bill is simply impossible. We can't go; that's all. The 20 per cent. tax would be severe enough, and would eventually bury us all, so why the \$5000 headstone? Well, it's a joke bill, that's all. Why didn't McCue let Senator Malone send his bill thu? That was a good bill as he had outlined it.

"As to the license fee, why not apply

outlined it.

"As to the license fee, why not apply it with some degree of reason? Why not tax us according to our seating capacity? Rochester and Buffalo are to get off with half the fee that we are to be charged, yet they outseat and outdraw us three to one. The whole thing is being arranged to plant boxing in the lap of one club—now, mark my words on that. If that bill goes thru, boxing will take an everlasting count. It was either framed to put boxing into the hands of a trust in this city or to kill the sport entirely. In any event, if the bill passes, it is the worst thing that has ever hit boxing around here."
