## OAKVILLE FAIR.

Finest Yet, is the Verdict of Those Who Attended.

OAKVILLE, Oct. 2. — (Special.) — Lieutenant-governor J. M. Gibson performed his first public act to-day since being sworn into office, by declaring open the annual fair at Oakville. He came out from Toronto accompanied by Mrs. Gibson for the occasion. The fair was a marked success, being attended by a larger number of persons than in any former year. The Township of Oakville contributed generously of its finest stock, poultry, vegetables, roots, feedwork, etc., and many people from Hamilton, Burlington and other points were present, among them being Controller Harrison and David Henderson, Liberal and Conservative candidates for Halton County, respectively, and E. B. Osler, M.P.

President A. S. Forster was active in making the fair the success it proved to be, and in all classes the exhibits indicated that the past season has been a prosperous one, and that the town and countryside find greater pleasure each succeeding year in displaying its products. A new feature this autumn was the dog show, about which five canines of various kinds being shown.

## ROBINSON LOSES.

Jury Not Even Troubled With Having to Make a Decision.

Justice Magee gave judgment in the jury case over the success of the fair, against the Town of North Toronto and its chief constable, R. C. Morris, for \$2000 damages for illegal arrest. The case was not allowed to go to the jury, and the judgment exonerated both the town and the constable from all blame, dismissing the action with costs. On Jan. 17, 1907, Magistrate Peter Ellis sentenced Robinson to four months in jail for a violation of the Liquor Act, it being his second offence. Robinson gave notice of appeal by way of certiorari, and the magistrate allowed him out on his own recognizance. Nothing was done, apparently, in regard to the appeal, and on March 27 Squire Ellis served notice to Robinson's solicitor, that he intended to pay the costs of an appeal appeared to be sought for.

The next day he handed a warrant to Constable Morris, who, with the aid of Constable Thompson, arrested the man, taking him to Toronto Jail. In April, counsel applied to Justice Riddell for his release, but the judge ruled that the man was properly jailed. On June 23, J. B. MacKenzie again applied, and this time the judge ruled that as sentence began from date of sentence, Jan. 17, the four months' term had expired really on May 16. In his judgment, however, he said: "I protect everyone in connection with Robinson's arrest and imprisonment with the exception of Magistrate Ellis, and he also on condition that he pay the costs of the action for his release," which were placed at \$40.

In July, 1907, Mr. Monahan, counsel for Mr. Ellis, paid over the \$40 to MacKenzie, who signed a receipt with an added postscript, that no action would be brought against the magistrate. Mr. MacKenzie contended, however, that Justice Riddell could not legally "protect" everyone in connection with his client's imprisonment, and accordingly issued a writ against Morris, and

In June last added the Town of North Toronto as a defendant. Magistrate Ellis gave evidence yesterday that he had sentenced Robinson in January and had made out a committal at that time, but had allowed him out because he wanted to appeal. When he came to the conclusion that nothing was being done in pressing the appeal, he issued the warrant.

In his judgment, his lordship exonerated the town on the ground that Morris was only an appointee of the corporation, and that the town was not answerable for his actions. As for Constable Morris, he had only carried out his simple duty, which ended when the prisoner was handed over to the jailer. Magistrate Ellis was to blame in issuing the warrant without first summoning Robinson before him, continued the judge, "but I think he had the power to act as he did, and that his conduct throughout was in good faith. The only wrong thing seems to be that the warrant was made out as to the term in jail was to commence on March 28, instead of in January, when he had imposed the sentence."

J. B. MacKenzie appeared for Robinson; Messrs. C. Holman, K.C., and L. Monahan, for Morris, and T. A. Gibson for the Town of North Toronto.

## NORTH TORONTO.

Ratepayers' Meeting To-Night Will Discuss Impoverished Matters.

NORTH TORONTO, Oct. 2.—The annual meeting of the ratepayers' association will be held in the town hall to-morrow (Saturday) evening for the purpose of electing officers and discussing topics such as parallel roads, annexation to the city and public school matters. There are rumors around town that the front portion of the Eglinton school is not safe. Parents are naturally nervous, and the school board, as a body, are expected to set these misgivings at rest. An old resident of the town states that the building when erected at Fenwick's barber shop, Collins states that with the end of September lawn watering was required to be stopped and he will prosecute anyone found using the town's water for this purpose hereafter. Fine Havana cigars and choice tobaccos at Fenwick's barber shop. The estate of the late William Brown of North Toronto is personalty valued at \$1130. By his will he directs that bequests of \$50 and \$100 be paid to his grandchildren, Annie Brown and William Brown, respectively. The residue goes to his son, Edwin C. Brown of North Toronto.

## EAST TORONTO.

Good Progress is Being Made on Presbyterian Manse. EAST TORONTO, Oct. 2.—T. G. Patterson was one of the expert judges on harness and saddle horses at Rockwood to-day and gave the greatest of satisfaction save in the matter of lady drivers, where the young ladies were divided all the honors. Splendid progress is being made in the building of the new Emmanuel Presbyterian Church manse, which it is expected will be occupied by Oct. 15. The cantata "Redeemer and King," which will be rendered in Emmanuel Church on Monday evening is attracting general interest. The choir of the church are making the progress in the work of preparation.

### SHOW OF HORSES AT NEWMARKET BEST EVER

Big Crowds and Good Racing Add to Interest—Weston Council Makes Good Sale.

NEWMARKET, Oct. 2.—(Special.)—North York fair closed here to-night after two days of uninterrupted success. While Thursday was largely given up to welcoming the "North York Old Boys," the unveiling of a mural tablet to the late Alexander Muir and the laying of the corner stone of the new Friends' College, today's proceedings were almost wholly in connection with the annual fair, the outstanding feature of which was the magnificent display of horses. In nearly all classes the quality of entries was in excess of other years, and the judges, all of whom were experts, were frequently called upon to give very close decisions. The races, too, furnished a lot of good clean sport, and the visitors to the grounds, fully 6000, were given great value for their money.

Hon. A. B. Aylesworth, M.P., was present on the grounds during a portion of the afternoon, while Reeve John M. Armstrong of King Township, his youthful and aggressive opponent, was here, there and everywhere, winning hosts of friends, especially among the fair sex. "Herb" Lennox, M.L.A., John Boag, L. L. Hartman, Henry Cane, John Marchbanks, Reeve Knowles, Stan Foot, W. C. Widdifield, John Kyles, "Billy" Doherty, Reeve George Henry, York Township, James Russell and a host of other well-known York County people were there, in addition to a good sprinkling from the city.

Among some of the leading prize winners in general purpose horses were John Boag & Sons of Queensville. Brood mare and foal, J. B. Kay 1, Ed. Dennis 2. Yearling filly, F. Cunningham 1, M. Rutledge 2.

In the best turnout, steel tire, H. A. Davis took first place. In the event of J. Hastings of Tottenham and Fred Proctor of Newmarket took first and second.

In the draught team, Bert Starr took first prize in the class, 14 1-2 hands and under, W. K. Kilgour 1st and Frank Wood 2nd in a big class. John Garhouse of Highfield was an expert judge in the draught, agricultural and general purpose classes, and R. B. Harris of Wrocton in light horses.

The five mile foot race was won in the order: A. Hill 1, Geo. Wilson 2, O. Wilson 3. Time 25 minutes 40 seconds. The Metropolitan Railway, in the splendid service furnished through the fair, and especially during the rush hours, are fairly entitled to the highest commendation. Assistant Manager Wilson and all the officials and employees were unceasing in catering to the comfort of their patrons.

## The "Wine of Barley"

Ale, the wine of barley, is said to have originally been made by the ancient Egyptians. It was the favorite beverage of the Anglo-Saxons and the Danes, and before their conversion to Christianity they believed that drinking it formed one of the chief felicities which those heroes enjoyed who were admitted into the hall of Odin, the Great God of War.

Through all the ages their ale has been used. The unconquerable Briton, the hardy, sturdy Anglo-Saxon and Dane—they all recognized its worth—the "wine of barley" was their favorite beverage.

To-day the same can be said. Ale—that is, pure ale—is wholesome, pleasing to the taste and, when brewed in the good old-fashioned way, as "East Kent" ale is brewed, it is "foaming deliciousness."

For three generations the Holiday family have been brewing "East Kent" ale in the quaint, little brewery, which is one of the best known landmarks in Guelph. They brew it as it should be brewed—as it was brewed in "the good old days." They use water which flows icy cold from a deep, clear spring; they use the very choicest of malt and hops, and they bring to bear years of experience, with the result that "East Kent" ale is pronounced by those who are competent to judge to be the perfect ale—the Bass' ale of Canada.

In Toronto "East Kent" is bottled by T. H. George, 709 Yonge Street, and every household into which it has been introduced would not be without it.

The statistics were: Births, 39; marriage, 1; deaths, 16. The divisional court, Toronto, this morning upheld the conviction of Mrs. Julia Herbert of West Toronto, who on a charge of illegally selling liquor was fined \$50 by Police Magistrate Elliott. Mrs. Herbert obtained liquor from retailers in the city, on the order of people desiring her to get it for them. Jas. Haverson, who appeared on Mrs. Herbert's behalf, held that she merely acted as agent for the purchaser and not for the retailer. The court, however, did not concur with this view.

## WESTON.

Town Debentures for \$14,000 Sell at a Good Figure.

WESTON, Oct. 2.—In response to the request of the local council for tenders for an issue of \$14,000, 4 per cent, 15-year annual payment debentures, seven tenders have been received and these were opened and considered at a special meeting of the council last night.

The tender of William C. Brent of the Canada Life Building, was the one accepted, Mr. Brent buying the whole issue for the sum of \$13,295. These debentures were for the local improvements done during 1907, which have been the cause of so much criticism. The present council deserve great credit for getting the whole matter straightened out, and for making such a good sale of the debentures at a time when the money market is at such a low ebb.

When the strike of the moulders at the Moffatt Stone Works began several months ago, the company provided the strikebreakers with accommodation in one of the buildings, let the men going to and coming from work should be annoyed or assaulted by the pickets. A large hen house was renovated and converted into sleeping quarters and a dining room for the men was also provided, the food being cooked on the premises. The present employees of the company have now developed enough courage to seek more comfortable living accommodation in private houses, and the company accordingly decided yesterday to close the boarding house and sleeping accommodation entirely. The employees in coming to and from work will now have to run the gauntlet in order to pass the pickets, who are still stationed all around.

Great preparations are being made to-night for the fair to-morrow. Tables are being put in the town hall for the evening banquet, and the room is be-
