## Failure to Hit in Pinches the Cause Why Montreal Wins Both Games

against Montreal for seven fore games in a row and the record to date shows these harrowing details. Montreal won 12, Toronto won 2, tied one game.

A cheap gambler did a land office business among the first base benches laying \$2.25 against \$1 each half in mings that a run wouldn't score. Tho the odds offered were 2 1-4 to 1, he caught many suckers and will likely be working again to-day. There is a basebal law against such incidents and President McCaffrey will likely take notice.

As six runs were scored in the two games all separately, the correct odds works out at 6 to 1 and thus the shark's margin is disclosed. It would require scoring in sixteen different half innings of the double header for the gambler to give his players an even chance at \$2.25 to \$1.

Lajoie voluntarily tendered his resignation as manager of the Cleveland American League baseball team to-night, to take effect as soon as a successor can be E. J. Ross, sk.... 7 F. I. Weaver, sk...11 appointed by the directors of the team.

Lajoie will continue to play with the team.

Eajoie's resignation is due to the large amount of criticism he has been subjected to an account of his failure to make a better showing with the team this year. Rumors of dissension among the players on account of Lajoie's alleged personal unpopularity have been rife. This, coupled with the team's losing streak on the last eastern invasion, caused many patrons of the game to demand his resignation. The club owners defended Lajoie.
