

EATON'S DAILY STORE NEWS

We're Ready to Help Your Spring House-cleaning by Supplying the Right Brushes

THE RIGHT BRUSHES!

Did you ever stop to consider the different kinds of brushes that would prove helpful at house-cleaning time that are to be found in the Basement and up on the Third Floor? The number would certainly surprise you, and you would realize what an advantage the house-cleaner equipped with the brushes that are designed expressly for the purposes they are to be put to must have over the one who attempts to do Spring house-cleaning with one or two brushes. And the cost involved is so slight as to be entirely unworthy of consideration in comparison with the labor saved.

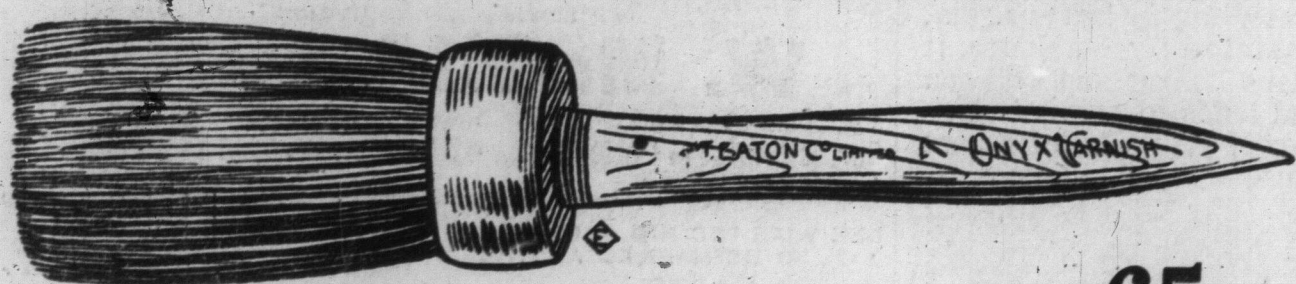

For every possible house-cleaning purpose there seems to be a particular kind of brush awaiting you at **EATON'S**. That is what we mean by "the Right Brushes."

AS ASSEMBLED AT **EATON'S**, the brushes of to-day are worth inspection—In fact only an inspection can properly acquaint you with the brushes that will best meet your requirements.

NOW NOTE THE PRICES. We think you will agree that for the qualities they are exceedingly low. We need hardly say that they are the result of the tremendous orders this Store places with the manufacturers—typical **EATON** buying.

Paint, Varnish and Kalsomine Brushes

ON THE THIRD FLOOR

"Our Special" Painter's Brush--65c
