BERLIN EXPECTS CLASH WITH U.S.

Insistence Upon New Submarine Policy Must Lead to War.

CRISIS LONG FORESEEN

But Close Censorship Kept Intentions Hidden From the World.

Copenhagen, via London, Feb. 11.—Little hope or expectation prevails in Berlin that war with the U. S. is avoidable or that a modus vivendi reconciling the policies of the two governments can be found.

There is now a desire on the part of the authorities and a vast bulk of the people to avoid actual hostilities in any way consistent with the general lines of the present submarine policy, but only under such conditions. Accordingly instructions were given, so the Associated Press has been reliably informed, to submarine commanders before they started on their February mission to take the safe side when neutral vessels, particularly American, were in question whenever possible Enemy merchantmen when recognized as such were ordered to be sunk at sight, but neutral merchantmen were to be warned when such action in their judgment, was consistent with the object of the campaign and the safety of their own ships.

Germany Obstinate.

It is considered that the only possibility of the avoidance of hostilities would result from a modification of its standpoint by one or the other side, and so far as could be judged from the positive declaration of Alfred Zimmermann, the German minister of foreign affairs, and other officials before the Associated Press correspondent's departure from Berlin, there was no probability that Germany would give way this time or abandon the ruthless campaign now started. German-American relations again and again have passed thru crises apparently almost hopeless, but this time the crisis is more difficult than the former ones and even the optimist can scarcely see any peaceful egress out of the impasse.

From a neutral cable office it is now possible to tell the story of the development of the present crisis, on which the most rigid censorship has been applied in Germany.

Crisis Long Foreseen.

To the observer in Berlin the approach of the crisis had been plainly and definitely evident since the rejection of Germany's peace overtures.

The final decision on an out and out submarine campaign of a so-called ruthless type apparently was taken at the grand Autsro-German conference at German headquarters on the German emperor's birthday, tho the Associated Press heard the statement that submarines, departing several days earlier, for stations on the submarine hunting grounds, were provided with contingent orders for this eventuality.

Tight Censorship.

The censorship, however, shut down tightly on any definite statements or predictions of the approaching crisis, the Associated Press being then informed from usually reliable sources that it was desired for marine and technical reasons to have the decision come as a surprise. This intimation was conveyed confidently to the German newspapers.

There was no opportunity or an occasion for any negotiations to prevent the crisis or an attempt to stave off the coming break between the two countries.

GERMANS, CLAD IN WHITE, ENTER RUSS TRENCHES

Counter-Attack Ejects Enemy From Portion of Sector in Galicia.

Petrograd, Feb. 11, via London.—German troops attacked and penetrated Russian trenches near Stanislau, Galicia, yesterday, but were ejected by a counter-attack delivered by Russian reserves, the war office announced today.

No other operations of importance are mentioned in the official statement, which reads:

"Western front: After violent artillery preparation a German force of about two companies, wearing white overalls, launched an attack against a sector of our position north of Stanislau, and penetrated our trenches. In a counter-attack by our reserves the Germans were driven out.

"Rumanian front: There has been an exchange of fire.

"Caucasus front: Scouting reconnaissances have been conducted. At some points on the front heavy snow is falling.

"On the Black Sea three enemy schooners loaded with corn were sunk by our vessels near the Anatolian coast."

REVOLUTIONARY PLOT IS REPORTED IN CUBA

Civil and Military Officials Are Said to Be Implicated.

Havana, Feb. 11.—Havana was stirred yesterday by reports of a revolutionary movement. During Friday night the secretary of the interior, Aurello Heavia, notified the civil and military authorities that a plot to overthrow the government had been discovered, involving civil and military officials, and rumors that high army officers had been placed under arrest spread over the city, causing both excitement and alarm. There had been mutterings of an uprising ever since the presidential elections in November last, the result of which has not yet been determined.

Three subordinate officers, Lieuts. Arsenio Lopez Barcelo, Ramon Castellanos and Gustavo Gonzales Bobillo are under arrest charged with complicity in the plot, the exact nature of which is not yet known.

FRENCH RAID FOES IN TWO SECTORS

Succeed in Apremont Forest and Near Pont-a-Mousson.

FOE ATTEMPTS FAIL

Heavy Artillery Actions Proceed on Both Banks of Meuse.

Paris, Feb. 11.—The war office today issued the following on military operations:

"In the forest of the Apremont we penetrated the enemy's lines and made nine prisoners, including three non-commissioned officers.

"In the Argonne and in Lorraine the Germans attempted surprise attacks, which failed under our infantry fire.

"On the remainder of the front the night was calm."

The official communication issued by the war office last night reads:

"West of Pont-a-Mousson we carried out a surprise attack and brought back ten prisoners. On the two banks of the Meuse there were spirited reciprocal artillery actions. No infantry action occurred. On the rest of the front there was the usual cannonade."

The Belgian communication says:

"In the course of the night the Belgian infantry dispersed a German party which attempted to approach the trenches north of the Ferryman's house. Bomb fighting occurred south of this point and north of Net Sas."

Sunday night's Belgian communication. "Reciprocal artillery actions have taken place."

PRE-HOLIDAY DULNESS ON BROAD STREET CURB

General Undertone is Strong, With Small Gains Well Distributed.

Special to The Toronto World.

New York, Feb. 11.—Pre-holiday dulness was shown in the market for outside securities on Saturday, there being scarcely any business worthy of mention. The general undertone was strong, with small gains in nearly all the more important issues.

Oil shares, after Friday's weakness, developed strength after the close and showed further net gains in Saturday's trading, altho business was extremely light. Independent stocks shared in the improvement on a light volume of dealings.

Magma developed particular strength, moving up 4½ points. Other mining issues were somewhat firmer.

Midvale Steel, after a small recession, moved up half a point. Submarine Boat was a shade firmer. Other industrials were almost neglected. Motor stocks, while quiet, ruled steady. Bonds were dull and about unchanged.

SUCCESS OF BRITISH LOAN NOW ASSURED

British Gilt-Edged Securities Firm Following Statement of Law.

Special Cable to The Toronto World.

London, Feb. 11.—Dealings in securities on the stock exchange remained slow on Saturday. The gilt-edged section was firm on Chancellor of the Exchequer Law's statement that the success of the new loan was now assured.

Americans were erratic, but changes were narrow. Their tone was feverish. Canadian Pacifics were affected sympathetically.

Grand Trunks sagged on smaller earnings. Home lines were steady. Mexican rails were quiet. Light support was given to Argentine road. Allied bonds were inactive. Italian rentes were heavy on the position of exchange.

Diamonds flattened again, De Beers declining to 12⅜, against 13¾ at the end. There was a further decline in Courtalles. Oils were dull. De Beers closed at 12⅝, and Rand Mines at 3⅝.

WELL-KNOWN CLAIM CHANGES HANDS

A strong syndicate, composed of well-known Toronto and Buffalo capitalists, are understood to have purchased the well-known Whelpdale Veteran claim in Tisdale. This property comprises 160 acres, and is only two claims from the famous Hollinger mine and one from McIntyre. Surface development has uncovered four very promising veins on this property.—Cobalt Nugget.

LALLY MEETING.

A special meeting of shareholders of the Lally Gold Mines, Limited, was held recently in Montreal, when the new board elected a week ago laid before the shareholders the actual conditions, how the board found the company's affairs.

It was decided to place the company on a sound basis financially by subscribing for a large block of stock and have the former president and manager, G. H. Benson, take charge of affairs and carry the deal thru with D. D. Chisholm, diamond drilling contractor of Timmins, who has offered to drill the property. The ore will be proven to be below 300 feet. The company will have another meeting within ten days' time to lay before the shareholders the final subscription and the contract with the diamond drilling of the property.

WINNIPEG GRAIN MARKET.

Winnipeg, Feb. 10.—Wheat closed 4⅝c up for May, 4¼c up for July, and 3⅛c higher for October. Oats were up ⅞c to 1c. Barley was up 2c. Flax was unchanged. Short covering and evening-up trades were the causes for the advance, and the Monday holiday in the American market. There was really no good buying here.

A much better tone appeared in the cash market today. Wheat was sought by exporters and eastern buyers. The high grades were firm, with No. 1 at 4¾c under. The lower grades were strong.

BAD WEATHER CHECKS SHIPMENTS OF WHEAT

Considerable Congestion is, However, Reported Around Leading U. S. Terminals.

Special to The Toronto World.

Chicago, Feb. 11.—The movement of grain from the farms or country elevator was just fair last week. Severe weather prevailed over a wide area and the car situation was such as to greatly curtail shipments to the leading distributing centres. Prices appeared acceptable to growers and deliveries of grain at line houses were restricted by the rain and snow. In the northwest receipts exhibited some decrease and arrivals at the leading terminals compared less favorably with those of one year ago. Still considerable congestion was reported around the leading terminals.

Across the line in Canada movement made better showing. Wheat, in the southwest, was very fair and arrivals at the principal terminals compared favorably with the movement one year ago. Line houses are said to be all filled with grain and waiting cars to ship to distributing points.

Corn was marketed moderately and receipts would be heavier but for lack of shipping facilities. Reports as to the condition of winter wheat were fairly satisfactory. Late sown is said to look poorly in some sections, but early planted is well-rooted and doing well. All reports indicate the area to be prepared for corn this spring will be large.

WHEAT DULL, BUT FIRM IN LIVERPOOL TRADING

Arrivals Are Limited, But Consumption Has Been Curtailed.

Special to The Toronto World.

New York, Feb. 11.—Broomhall sent the following cable from Liverpool on Saturday:

"Wheat was dull, but firm. Arrivals are limited, but consumption has been reduced. Flour was firm, with offers moderate. Foreign sorts are in fair demand. Corn was strong, with arrivals moderate and the inquiry good. Oats were dull, but firm. Cold weather is increasing consumption. Arrivals are fair. The continental demand is liberal, as military needs are important. Spot offers are small and export tenders scarce. Barley and rye are firm. Stocks are light and there are practically no arrivals. Shipments from India are not large. The continent is taking American offers. Provisions continued strong, with spot advancing sharply. Export offers are light. Lard is in urgent demand. Considerable quantities have been lost, thus entailing heavy covering. American off
