NEW FRANCHISE ACT IS KEENLY DEBATED IN FEDERAL HOUSE
 Contentious Clause on Voters' Lists Preparation is Carried on Division.
SOME AMENDMENTS

Ottawa, June 21.—(By Canadian Press)—After a month in suspense, the franchise bill was again to the front in the house today. During the previous weeks of consideration practically all the hundred and one clauses of the bill were adopted. But a few remained, with the bill still in committee. Today, they were subjected to those series of technical amendments adopted generally with little discussion. A declaration made by Hon. Hugh Guthrie, solicitor-general, however, aroused keen discussion. It was on the clause relating to preparation of voters lists. When laid before the house, the clause gave rise to controversy. There were conferences between representatives of the two sides of the house also the conferences failed to result in a satisfactory solution. And Mr. Guthrie frankly declared his intention of asking the house to adopt the principle laid down in the bill as presented to the house. He argued that these things therein laid down would involve some expenditure. But in Mr. Guthrie's view, it would give as honest a list as it was possible to get.

ALIENS INSIST UPON GERMANY REDUCING SIZE OF HER ARMY
 Letter Being Sent as Result of Conference of Premiers is Categorical Refusal to Allow Germany to Maintain Army of Two Hundred Thousand Men.

Boulogne, June 21.—The conference of the premiers will tonight or tomorrow send to Germany a letter commanding execution of the clauses of the treaty of Versailles relating to disarmament. The text will not be given out until it is received in Berlin, but the letter is understood to be a categorical refusal to allow Germany to maintain an army of 200,000 men.

NOT A WHEEL TURNS AT CHIPPAWA WORKS; TIE-UP IS COMPLETE
 Union Officials Believe Toronto Meeting Today Will Reopen Negotiations.

Niagara Falls, Ont., June 21.—Except at the Chippawa end of the Chippawa development works, not a wheel was turning today, and the tie-up was complete. About a hundred men are at work at Chippawa on the dredge and shovel; otherwise the great ditch presented the appearance of an abandoned trench after the battle had passed over it. Everything of any value is being picked up and put in storage. Machinery is being dismantled, and put in shape for a prolonged stoppage. Guards are on duty protecting the property. An army of pickets patrolled the job today and challenged everyone approaching. They did not go on to the works proper, but were at all the approaches. Federation officials still consider the present impasse as a bluff, and believe that the conference tomorrow in Toronto will produce some basis on which to start new negotiations. At many of the camps the men had left early in the day, after drawing their pay. It was not possible tonight to find out what had happened at the Queenston camps. Federation officials said they had advised the men to remain in the camps until after the conference tomorrow. Speaking at the conference today, Mr. Angell strenuously denied the story of a batch of 500 men coming to the job. "No such thing has happened here, and will not be brought here until the labor trouble is settled. There is no question of the power house men being involved in the strike. The men are said not to favor a sympathetic strike. We are not going to be the goats," is the way they put it.

LOS ANGELES FEELS EARTHQUAKE SHOCK
 Office Buildings Are Shaken Severely, Causing Occupants to Flee.

Los Angeles, Cal., June 21.—An earthquake shook the city at 6:47 p.m. Several buildings were reported to have been slightly damaged, the construction men and the Hydro Commission. In spite of the order calling the men in the camps to vacate tonight, new orders have been given that they may remain until tomorrow night at least, until the result of the conference is learned. The federation plan is to do everything possible to get things going again in order to represent the federation at the conference at 2 o'clock tomorrow afternoon. They are: John Flett and J. F. Martin. They will be accompanied by C. F. Swazey, M. Elliott, N. J. F. Ryan, G. E. Elliott, and F. Flanagan. Hundreds of men all day today have been leaving the job. Every outgoing train has been laden with skilled and unskilled men.

MORE BRITISH TROOPS ARE LANDED IN IRELAND
 Dublin, June 21.—Today's addition to the number of troops reaching Ireland was seven hundred men, with material which the railroad men and dock workers refused to handle. The supplies were unloaded at Dublin by troops.

TORONTO CONSERVATIVES PLAN DEMONSTRATION
 A big Conservative picnic and demonstration will be held in Exhibition Park on the afternoon and evening of Wednesday, July 28. If arrangements for the use of the park can be made, this was agreed upon last night at a meeting of a special committee of the Central Conservative Association, in the Ryrie building. There was a large turnout of presidents and other officers of the various ward associations, and the finance and other committees presented reports.

BOLSHEVIKS' MASSACRE OF JAPS CAUSES HIGH FEELING IN TOKIO
 Police Break Up Big Demonstration Held as Protest Against the Government.

Tokio, June 21.—Indignation caused by the recent massacre of the Japanese garrison at Nikolaievsk, Siberia, by Bolshevik forces has been voiced at almost daily mass meetings here. This culminated today in a union arranged by advocates of universal suffrage at which 20,000 persons were present. Following speeches blaming the government for the massacre, many of the crowd tried to reach Premier Hara's residence for the purpose of demanding his resignation. The demonstration, however, was broken up by the police, who dispersed the crowd.

SMALL MOVEMENTS WRONGLY REPORTED IN SOME QUARTERS
 World Files and Two Witnesses Prove Small Last Seen at 5:30 p.m.

When both morning and evening papers in Toronto honor The World by searching its files for several months back, they will be surprised by its exclusive information on the Ambrose Small mystery, they might at least try for some semblance of accuracy. Both a morning and an evening paper yesterday seized upon their readers information concerning the Small and Doughty disappearance that was culled from The World and published as far back as January last.

DEMOCRATS GATHER AT SAN FRANCISCO TO CHOOSE LEADER
 Many Possible Nominees For Presidency Are Now in the Field.

San Francisco, June 21.—(Special)—San Francisco is ready to receive and welcome the delegates to the Democratic national convention. The special train with the Tammany Tigers and other big delegations are scheduled to arrive here before the end of the week. The presidential fight is naturally the supreme question of interest, and today it looks like a triangular battle between Governor Cox of Ohio, Vice-President Thomas R. Marshall of Indiana, and Senator Carter H. Glass of Virginia. Mr. Marshall's stock has gone up rapidly since the recent conference of political bosses at French Lick, Ind. He is looked upon as a safe man with long months to run, and a fair working knowledge of federal politics. The open opposition of William J. Bryan and Governor Edwards of New Jersey, while they hope in the end to profit by the fight, are not likely to be asked to throw their strength to the Ohio governor, and the chances are that Cox will lead on the first ballot.

DENY ROUND UP OF SINN FEINERS
 Authoritatively Contradict Story of Action by Government.

Dublin, June 21.—An authoritative contradiction is given to the widely published statement that the government contemplates a general round up of Sinn Feiners and extensive operations against the party. The statement will only be relative to specific crimes. An official statement issued at Dublin Castle says that a train was stopped at Cloughjordan owing to the vagaries of a strike. The men who were working refused to continue with armed policemen aboard. It is believed the government intends to make this a test case in order to determine its action toward striking railwaymen. All rail traffic between Nenagh and Dublin has been suspended.

PLOT AGAINST LIVES OF SHAH AND CABINET
 Paris, June 21.—A despatch to the Havas Agency from Teheran, Persia, says that during the night of June 15-16 a plot against the shah and the members of his cabinet was discovered. Precautionary measures were taken. The despatch adds:

WHAT COUNCIL DID
 Referred back to the board of control the recommendation of the appointment of Harry Return as finance commissioner. Gave Magistrates Kingsford, Ellis and Cohen salary increases of \$700, \$500 and \$500, respectively. Rejected the board's recommendation that no more houses be erected by a city housing commission, and referred the question back for further consideration. Approved the annexation of 96 acres of land adjoining the northern limit, between Monarch Park and Woodbine avenue. Approved the opening of a 33-foot street on the eastern city boundary, running north from the waterfront.

NO EXTENSION OF TIME TO BE GRANTED TURKEY
 Turkey Must Submit Reply on Peace Treaty by June Twenty-Sixth, Delegates Announce After Boulogne Conference.

Boulogne, June 21.—(By the Associated Press)—Turkey will not be given an extension of time to consider the peace treaty, according to a communiqué given out by the delegates after their return from the conference at 8:30 o'clock tonight. The communiqué says: "The Turkish question has been considered and it has been decided to maintain the date of June 26 for Turkey to submit her reply to the peace conditions." Marshal Foch and Field Marshal Sir Henry Wilson obtained approval of the text of the allied declaration to the German government regarding disarmament, the destruction of war material and the reduction with the least delay of troops, as prescribed by the treaty of Versailles, the clauses concerning which have not been executed or which have been incompletely fulfilled thus far.

STREET RAILWAYMEN GET NO OFFERS FROM COMPANY STRIKE IS NOW INEVITABLE
 No Service After Early Hours on Wednesday Morning Unless Company Relents—No Hint of Strike-breakers Being Used—Apparently Left to Railway Board to Decide on Action.

SAY BIG DROP IN HIDES TO AFFECT SHOE PRICES
 Montreal, June 21.—A drop in hides is the most striking feature of the local market prices, skins, according to one dealer, having dropped from 65 cents to 20 cents each. It is stated this will materially affect the prices of shoes.

DOUBTS RE DOUGHTY
 The morning paper in question stated that the last seen of Mr. Small on December 6 The World up a rehearsal of its exclusive information on the Ambrose Small mystery, they might at least try for some semblance of accuracy. Both a morning and an evening paper yesterday seized upon their readers information concerning the Small and Doughty disappearance that was culled from The World and published as far back as January last.

PROHIBITION A FACTOR
 The statement concludes: "In view of all these circumstances, and in the face of the award of the board, the company cannot grant any increase in wages. The franchise has only fifteen months to run, and taking into account what the men have done for the company in the past three years we believe that the citizens will agree with the board of conciliation that they can well afford to wait until the end of the franchise at the present scale of wages."

STRIKE INEVITABLE ON IRISH RAILWAYS
 Lloyd George's Attitude Forces Companies to Defy Employees.

Dublin, June 21.—A railway strike is now regarded as inevitable. Most of the Irish companies have already announced a blind eye to the refusals of the men to handle munition trains and thereby avoided a strike, but Premier Lloyd George's attitude makes it plain the government will press the companies to accept munition traffic, and as the men outside Ulster will not handle munitions and troops trains, a conflict is looked for.

TROOPS ARE RESTORING ORDER IN LONDONDERRY
 City Reported Quiet Last Night After Day of Terror in Which Volleys Were Freely Exchanged and Casualty List Enlarged.

London, June 21.—Despatches from Ireland are evidently undergoing heavy delays. Telegrams to the news agencies filed at mid-day occupied five hours in transmission. They confirm that the normal life of the city has been suspended. All Londonderry vehicles have been withdrawn from all streets and shops and banks are closed. The quays being under fire, employers are obliged to cease work there and seek their homes. Thousands of factory girls likewise, during the firing were seen fleeing terrified along the streets. No shops were delivered today. Organized groups of men were observed kneeling and firing volleys at the word of command. A Belfast despatch tonight says: "The day was shot dead in Londonderry this evening. Harold McKay was the victim. He was cycling from the railway station when struck. His pockets were rifled and his bicycle was stolen as he lay dead. He was the son of Marshall McKay, governor of the 'apprentice boys,' a Protestant organization, with ramifications in Canada and Australia, and formed in memory of the siege of Londonderry. A Londonderry timed 8:50 p.m. reports the city quiet at that time. The military is in charge of the streets. In addition to the killing of a man named McKay, the message says, scores of persons were wounded in today's firing. Troops Erect Barricades. In a section of the waterfront, where the rioting has been most severe, barricades of sandbags were being erected by troops this afternoon. The soldiers will remain on duty during the night. At one time the military were obliged to fire on a Nationalist crowd at William street, but no casualties were being reported. Mails were taken to the Great Northern station under an armed police escort. Masked raiders attacked a freight train arriving at the same terminus, but made no attempt to tamper with the mails. Large Union Jacks floated through

SAFETY OF THE COMPANY
 Reliable information was received last night to the effect that the directors of the Toronto Railway Company, at its afternoon meeting, had definitely refused to grant the increases demanded by the men, increase in wages, Bert Merson, president of the employees' union, when asked about this matter at 11 o'clock last night, practically confirmed this information. Asked Merson said undoubtedly it would mean strike. The cars might run shortly after midnight, but there would be no service after 8 o'clock on Wednesday morning. So far as is known, no further meetings of the men will be called to consider the situation.

COMPANY'S POSITION
 The company's attitude is clearly set forth in its advertising matter this morning. The company says that it does not consider the wage demands of the men are a compromise in view of the findings of the recent board of arbitration and that the directors after carefully considering the men's ultimatum have decided that they cannot submit to the men's demands. The management takes the position that it is up to the employees to vindicate the principle of arbitration as a means of avoiding strikes, and traces the history of arbitration proceedings in recent years, in which the company bowed to the findings of such boards. It stated that the award of last year cost the company about \$1,500,000 per annum, and that the total increase in the payroll since 1918 is about \$2,500,000. It is also pointed out that the company had a surplus of only \$13,000 in the year's operations, whereas this year the company has to meet the increase of wages for the full year as against only six months in the previous year, which will mean an additional sum of \$750,000.

A Remarkable Statement.
 The remarkable was the description of a communication sent by Mayor Church to Hon. Gordon Robertson, minister of labor, asking the department to take any action with the T. S. R. employees. The telegram from Senator Robertson to officials in Toronto reads as follows: "Have received a communication from Mayor Church to the effect that if the department discontinues its offices in connection with the T. S. R. situation matters can be adjusted in course of day or two. "Would say on behalf of self and
