As is well known this company manufactures the celebrated brand of "Twin Brothers" yeast, which, although enjoying a long established reputation in the United States has only within the last two years opened a factory in Toronto. The undeniable merits of the article has ensured its use in almost every household in the Dominion, and who are there that are unacquainted with the familiar features of the "Twin Brothers" in the stores throughout the two Provinces. To the perseverance and energy displayed by the firm is due the large business transacted, over twelve millions (12,000,000) yeast cakes having been manufactured and sold since their introduction in Canada. They have made extensive arrangements to meet the increased demand for their yeast, and are able at the shortest notice to execute all orders entrusted to their care. They take this opportunity of returning their sincere thanks to the public for the kind and liberal patronage bestowed upon them.
