Latest Designs in Gas Fixtures constantly on hand.

Read the following testimonial:

McCARRON HOUSE, cor. Victoria and Queen Sts., City.

MR. MEADOWS:

Dear Sir,—The Kelly Automatic Water Closet you put in my hotel in the fall of 1886, has given me perfect satisfaction in every particular. It has been thoroughly tested, being used on an average fifty times a day, and has not cost me one cent for repairs, or one moment's annoyance of any kind. I can conscientiously recommend it as the cleanest, most perfect, and in the end the cheapest closet in the market.

Yours respectfully,

MARTIN McCARRON.
