"SUGAR" WHICH WILL NEVER BE ACKNOWLEDGED

If a bright new barrel bore on its head the brand of a sugar refining company and at the same time smelled strongly of real old Jamaica rum, what would it most likely contain? That was the query that passed through the minds of Inspectors Killen and Henderson as they passed along the Thorne wharf this morning. So they decided to investigate. They found two barrels were addressed to a man in Annapolis Royal and on opening one of them discovered that it was filled to the top with bottles of rum unlabeled and neatly packed in straw. The other contained a similar burden, so they were removed to the inspectors' office in Prince William street. There it was found that the strong smell emanated from one or two of the bottles. It had been broken. It is thought that the consignee was due to be loaded on one of the small coastwise steamers which was tied up alongside the wharf where the liquor was taken.

PREPARING FOR RAILWAY BOARD HERE

H. R. Thompson of Amherst, maritime secretary of the Canadian Manufacturers' Association, and G. P. Ruickbie, of Toronto, an expert from the transportation department of that association, are in the city today in connection with the coming sitting in St. John of the Board of Railway Commissioners of Canada, who will conduct a hearing on the question of the equalization of railway freight rates between the east and west, and other matters, on January 19. They are acting as an advisory committee to the local bodies who will appear before the commission.

The case will be presented by the government counsel of the two provinces, Hon. R. E. Finn for Nova Scotia, and I. E. Rand for New Brunswick, and various representatives of local and provincial interests will appear in this cause, which is regarded as the most important to the people of the maritime provinces.

GORMAN'S ENTRY FOR RACES IS IN

Wm. Logan and Roy Lawson Also Today—Plan Grandstand at the Lake.

Charles Gorman, local speed skater and holder of the world's record for 440 yards, sent in his entry this morning for the speed events in the Canadian Lily Lake on January 18 and 19 under the auspices of the Y. M. C. I. His entry adds another star to the long list of the premier "knights of the blade" in America who are to compete for honors here. Two other local entries were also received this morning, that of William Logan, star juvenile skater who has already made a name for himself in provincial and maritime meets, and who bids fair to achieve signal honors in the coming classic. He is a son of Fred Logan, former international champion. Roy Lawson was the other local entry, the evening the entries of Ray McWhorter and William Steinmetz of Chicago and West Becker of New York were received. McWhorter is the amateur three mile champion of the world and one of the fastest skaters in America. In addition to his phenomenal showing in the long distance events at the National and International events held at Saranac Lake and Lake Placid last year, he showed a tremendous burst of speed in the speed events and is one of the most feared skaters seeking the Canadian honors. Steinmetz is also a great skater and made a great showing in all of the big meets in the States last year. He will also bear watching, as he is said to be in great condition this year. Becker is said to be second only to McWhorter in New York States and many of his friends expect him to win either the National or International title this year.

This morning a committee from the Y. M. C. I. went to Lily Lake and under the supervision of an engineer-laid the blocks on the track. They also put a crew of men to work erecting a fence around the track. A site where a grand stand will be erected was also chosen and work of construction will start this week for the greater comfort of spectators.

The ice is in good condition and Charles Gorman and Logan had a work out during the morning. Both are skating well and the crack speeders from the United States and Upper Canada will find worthy opponents when they come here seeking honors.

The entry of Rodie Barton, of the North End, was also received today.

Project for Manufacturers' Convention in St. Andrews, Then Maritime Tour.

H. R. Thompson of Amherst, maritime secretary of the Canadian Manufacturers' Association, who is in the city today, announced this morning that the maritime division have invited the Dominion association to hold their annual convention in the maritime provinces and that tentative plans for the same have been made, pending their acceptance. It is proposed to hold the sessions at the Algonquin Hotel in St. Andrews, commencing on June 20. After the meetings it is proposed to have a trip to the city, thence by boat to Digby, by Yarmouth to Halifax and back, by way of Moncton. This tour, it is declared, would be of great advantage to the maritime provinces, as their resources would be advertised first hand to more than 300 manufacturers from all parts of the Dominion.

POLICE COURT.

In the police court this morning, two men, charged with being drunk, pleaded guilty and were remanded.
Four young fellows, three of them eighteen years of age and one nineteen, pleaded guilty to trespassing on the property of the C. N. R. but not guilty to a charge of acting suspiciously on the same property.
C. N. R. Constable Morrissey and Harbour told of going out into Island yard at 8:30 o'clock this morning and arresting two of the young fellows after they started to run away. After taking them to the yard office, Morrissey returned, saw another run across the yard and jump into a box car, where he arrested him. They found an iron bar in the snow near this place. This was near where two cars of liquor had been lately to break into cars of liquor, he said. One of the lads said he was waiting for a chance to get out of town on an early morning freight. He had seen this one and another at about 11:30 o'clock last night.
The case was postponed until tomorrow at 2 o'clock.
The magistrate called attention to the way the law was being broken and repeated his warning that anyone who was on the streets late at night without a reasonable excuse could be classed as a common vagrant. He wished to call the attention of Commissioner Thornton to the way things were going on in the city. His Honor told several stories of the downfall of people through not being in their homes at night instead of wandering around the streets.
