BELL PHONE WAGES

GO UP; COMPANY

SEEKS RATE INCREASE

Toronto, Aug. 23.—The Bell Telephone Company of Canada, Ltd., announces a general increase in wages to all em-ployees receiving \$200 a month or less.

Since the outbreak of the war the com-pany has received higher wages. The wage schedules. This additional increase varies from 25 per cent in the case of the lower paid employees to ten per cent for those receiving higher wages. The increase amounts to approximately \$1,800,000 a year, of which \$825,000 goes to the operators alone. The company will at once apply for a proportionate in-crease in its rates. The wage increase will become effective on Sept. 1 next.

Coal Rationing

To Be Enforced

Toronto Householders Must Not Obtain More Than Allocated Share

(Toronto Globe.)

Property Commissioner Chisholm de-clares that he intends to enforce stric-tly the order under which a household-er whose normal supply of coal is less than one hundred and seventy per cent of his usual supply.

Mr. Chisholm is also sending but-ter to coal dealers which will be used in showing the amount of coal on hand weekly, the number of orders taken and the amount delivered.

If it is found that the order concern-ing the supply of fuel per dwelling is being violated, Mr. Chisholm states that he will not display the slightest hesi-tation to investigate and if necessary take away the excess amount.

A strict enforcement of the order will have the effect, it is believed, of reliev-ing to an appreciable extent the short-age so far as people of smaller means are concerned.

The sudden change of weather has been followed by an effort on the part of citizens to lay in the winter's supply of coal.

It was explained by one dealer that citizens to protect themselves had de-lugged him with orders which he ex-pected to be filled within thirty days. He expected to be in a position to take orders shortly. Similar statements were made by other dealers, who said that they would again take orders during September.

TY COBB'S BRIGHT EXAMPLE

Ty Cobb says that he does not be-lieve people want to see healthy young men playing baseball, when their sons and brothers are fighting in France.

There is certainly much public senti-ment in his favor. The trend of popu-lar sympathy is for the useful man and woman. The shirker and the idler do not count these days.

With baseball and other sports being postponed on account of the war, the spare time formerly spent on these fields of action can be used in the harvest field. Harvesting is on and men are needed on the farms. Lend a hand. Now is the time.

FARMERS' CONVENTION.

At a convention of farmers held in Woodstock yesterday a discussion took place re a proposal to enter the short-age shortly. Similar statements were made by other dealers, who said that they would again take orders during September.

Paris, Aug. 23.—The Allies are reap-ing the fruits of the victories of July 18 and August 8, in the present critical situation in which the Germans com-mand finds itself. The German retreat around Noyon, it is held here, is the logical sequence of these victories. The French and British are pressing the enemy so close that he is obliged to throw in his best troops to save himself
