BELGIAN RELIEF

Provincial Committee Organized
With John E. Wilson as Chairman—Headquarters in St. John

The provincial committee named to deal with the Belgian relief matters met yesterday afternoon in the government rooms here, and selected Hon. J. E. Wilson, chairman, and Mayor Frink treasurer. Those present were: Hon. J. E. Wilson, convenor; Richard O'Leary, Richibucto; Dr. T. C. Allen, Fredericton; Irving R. Todd, Milltown; D. Mul- jin, Belgian Consul; Senator Daniel, G. E. Barbour and Mayor Frink, with James Gilchrist as secretary.

Two thousand circulars have been sent out through the province inviting assistance from those who are able to give it. Cash gifts are to be sent to the treasurer, Mayor Frink, St. John, and donations of supplies to the Belgian Relief committee, St. John. The committee would sooner accept any further donations of perishable goods owing to the straits of the season. It was decided

THE CHEAPEST COAL

It's because there's so little waste that our Special **HARD COAL** is most economical to use—and therefore, cheapest.

It gives a lasting heat, easy to regulate in Furnace or Range, and yet costs no more than common coal. All screened and dust removed before delivery

that all goods should be forwarded at once to the Belgian consul at London.

VOTES FOR WOMEN**ABOLITION OF SALOONS**

Votes for women triumphed in two states in the elections of Tuesday, Montana and Nevada voting in favor of women suffrage. Ohio, California and Washington voted in favor of retaining the saloons, while Arizona, Colorado and Oregon voted to oust them.

If your grocer tries to substitute another tea for "SALADA" you may be sure his object is to obtain larger profit than "SALADA" shows him, and you can be just as sure that the other tea will be inferior in flavor and strength, and remember that "SALADA" Teas are free of dust. All Pure Virgin Tea Leaves.

LAST NIGHT'S WAR NEWS CABLES

London, Nov. 5—1.20 a. m.—The Admiralty has issued a statement in which it says it has received from German sources details of a naval engagement off the Chilean coast, in which the British cruiser Monparaisio reports having seen eight Japanese warships at Easter Island, in the Pacific, about 1,000 miles west of the Chilean coast.

The statement was issued through the official press bureau in the name of the secretary of the Admiralty and says: "The Admiralty cannot accept these facts as accurate at present. For the battleship Canopus specially was sent to strengthen Rear Admiral Craddock's squadron and would have given him a decided superiority not mentioned in them. Further, although five German ships concentrated in Chilean waters only three entered Valparaiso harbor. It is possible, therefore, that when the full account of the action is received, it may considerably modify the German version. Effective measures have been taken to deal with the situation in any event."

The Canopus, mentioned by the Admiralty with such significance is a battleship of 12,350 tons and though built in 1899 has an armament of four 12-inch guns, twelve 6-inch, ten 12-pounders and six smaller guns. Her complement is 700 and her speed 18.5 knots an hour.

The Admiralty announces that one officer and twenty men were lost in the sinking of the British submarine D-5 by a German mine in the North Sea yesterday.

Santiago, Chile, Nov. 4.—A steam collier which has arrived at Valparaiso reports having seen eight Japanese warships at Easter Island, in the Pacific, about 1,000 miles west of the Chilean coast. Easter Island belongs to the republic of Chile.

Copenhagen, via London, Nov. 4—6.45 p. m.—A large German trawler has been destroyed by a mine south of the Danish Island of Langeland, in the Great Belt. The fate of her crew is not known. Now that Turkey has aligned herself among the nations at war speculation is rife as to what the other Balkan powers will do. Greece is said to be preparing to take sides with the Allies, while Bulgaria has given assurance of her neutrality. Bulgaria, however, is mobilizing, for, as a Bulgarian diplomat said "with Turkey in the area of the war, Bulgaria must be prepared for any eventualities."

Next to the Turkish situation the appearance of German warships off the coast of England is causing most of the discussion in this country today. There but that the Germans hoped to induce British warships to follow them and by laying mines as they retired, to catch some of the bigger ships, as they did the submarine D-5.

The official reports of the fighting on land, as issued today, recorded only advances at various points, and repulses of enemy attacks at others. There is, in fact, no great change in the situation, according to these reports. It is definitely announced that the Germans have given up their positions along the

Yser, having been driven out there by the flooded country and the gun fire of the allied troops and warships.

The Germans, however, have kept up their attacks on the Allies' lines around Ypres, where the British troops are fighting. Although there is evidence that the new main effort of Emperor William's forces to break through at this point has not yet really commenced, the Germans continue to bring up reinforcements and, under the eyes of the emperor, are preparing to make another big attempt to get through to the coast.

Military men here say that the Allies have just as good means for bringing reinforcements to their lines as have the Germans, and express confidence that a new attack will prove as fruitless as previous ones.

The Indian troops and the pick of the English Territorial forces have distinguished themselves in the fighting, and come in for some compliments from General French.

ALL ITALY AGREED THAT WAR IS INEVITABLE**Only Sane Course For Her Is To Join The Allies**

(Sir Alfred Sharpe to Montreal Gazette) Rome, Nov. 2—I recently had an opportunity of obtaining a comprehensive idea of general opinion held in North Italy as to the probability of ad-

visability of that country taking active part in the war. The first point which strikes one is that there is nothing whatever in the shape of war fever, though possibly the southern provinces might be more inclined than the north to see the country committed without due consideration and caution. Italy knows by her recent experience the strain and cost of war and has no desire to enter on a fresh campaign unless it is absolutely necessary. All sections of the nation have, however, calmly considered the situation, weighed pros and cons, and come to the decision that they are prepared to support fully and entirely whatever step the Italian government may take. It is beyond doubt they will have the full support of all parties and a united and patriotic nation at their back.

The opinion expressed almost universally is that under existing conditions Italy cannot remain neutral. The Socialist party is, as a matter of principle, opposed to war in the abstract, but it is recognized by them that the position of their country at the present moment is exceptionally critical and that her future largely depends on her present action. Should Italy abandon her neutrality tomorrow, the government will be supported by the Socialists as well as by all other parties. It is felt that when Italy first joined the Triple Alliance that the step was advisable, almost unavoidable.

Italy remain neutral her eventual position would be an inevitable one. She would no longer have the friendship of Germany and Austria, which has been eliminated owing to her refusal to give them active assistance. She would, on the other hand, be unable to consider that she had augmented her friendship with France, and in any case could not expect to have her interests greatly considered on the readjustment of boundaries in the territories bordering on the Adriatic. The conclusion, therefore, has been reached by all parties that Italy's best course is to join the Allies.

THE BAPTIST MINISTERS

(Maritime Baptist.)

Rev. W. B. Crowell began his ministry at Harvey, Albert County, N. B., on last Sunday.

Rev. Wellington Camp, pastor of the Leinster street church, St. John, on his return after a meeting of the Foreign Mission Board in Toronto, preached in Olivet church, Montreal, on last Sunday.

Rev. Dr. David Hutchinson of St. John, supplied the pulpit of the Park church, Brantford, Ontario, on last Sunday. The church has been without a pastor since the resignation of Charles W. Rose, of Amherst, and was formerly under the care of Dr. Hutchinson.

Rev. Archibald Mason of Mahone Bay, N. S., was among the callers at the Maritime Baptist office in recent days. He has quite recovered from his recent illness.

Rev. A. A. Rutledge, of Dartmouth, has accepted a call to Temperance Vale. This is part of the large pastorate formerly cultivated by Mr. Rutledge.

Rev. H. G. Kennedy, pastor of the First church, Houlton, Maine, called upon the Maritime Baptist last week on his way from Nova Scotia.

C. H. Harrington, of Sydney, to whom the convention sent a message expressing gratitude for his manifold services to the various enterprises of the denomination, and whom everybody delects to honor, had been a subscriber to this paper in one of its forms for sixty-eight years.

Laurel D. Cox has been appointed professor of landscape engineering at Syracuse University, Syracuse, N. Y. He is a son of C. W. Cox, formerly principal of the schools at Acadia Mines, N. S., and now superintendent of schools in Ware, Mass. Prof. Cox was graduated from Acadia in 1906.

Rev. Dr. A. H. C. Morse, a native of Nova Scotia, has just concluded two years pastoral labor with the First church, Denver, Colorado. During the last two years he has welcomed 875 members into the fellowship of the church.

Rev. Dr. Sanford, a veteran missionary is looking forward to returning to India this autumn. His son and daughter will accompany him.

Rev. Lyman V. Denton has been called to the pastorate of the Olivet church, Joseph Sullivan, St. John, is at present pastor in Kansas City. He is a native of Nova Scotia, and a graduate of Acadia in 1906. Should he accept the pastorate of Olivet, four Montreal pulpits will be occupied by Acadia men, the others being Dr. O. S. C. Wallace, '88; Rev. Gordon H. Baker, '04, and Rev. M. F. McCutcheon, '09.

Mrs. George Churchill, who spent forty fruitful years of service in mission work in India, arrived in Wolfville yesterday from British Columbia, accompanied by her daughter, Miss Bessie Churchill. She is making a good recovery from the accident that befell her in California on her way from India several months ago, although she is still obliged to use crutches. She will make her home in Wolfville.

Rev. Arthur C. Archibald, pastor of the First church, St. Joseph, Missouri, has accepted the call to the pastorate of the First church, Lowell, Mass.

Rev. Dr. Sanford, a veteran missionary is looking forward to returning to India this autumn. His son and daughter will accompany him.

Rev. Lyman V. Denton has been called to the pastorate of the Olivet church, Joseph Sullivan, St. John, is at present pastor in Kansas City. He is a native of Nova Scotia, and a graduate of Acadia in 1906. Should he accept the pastorate of Olivet, four Montreal pulpits will be occupied by Acadia men, the others being Dr. O. S. C. Wallace, '88; Rev. Gordon H. Baker, '04, and Rev. M. F. McCutcheon, '09.

COST OF WAR SESSION.

Cheapest and Shortest in History of Commons.

Ottawa, Nov. 5.—The special war session of Canada's twelfth parliament, held last summer, cost the country \$800,000, as far as the House of Commons was concerned. It was thus the cheapest as well as the shortest session in the history of the lower chamber.

The \$800,000 spent was made up principally of mileage expenses of members and the indemnity of \$20 a day.

"Did you see the pleased expression on Mrs. Blynk's face when I told her she looked so older than her daughter?" asked Mrs. Brown after the reception.

"No," said Mrs. Jones. "I was looking at the expression on her daughter's face."

HAD NO POWER OVER THE LIMBS

Locomotor Ataxia, Heart Trouble and Nervous Spells Yielded to Dr. Chase's Nerve Food.

It would be easy to tell you how Dr. Chase's Nerve Food cures locomotor ataxia and derangements of heart and nerves, but it may be more satisfactory to you to read this letter:

Mrs. Thos. Allan, R. F. D. 8, Sombra, Ont., writes: "Five years ago I suffered a complete breakdown, and frequently had palpitation of the heart. Since that illness I have had dizzy spells, had no power over my limbs (locomotor ataxia) and could not walk straight. At night I would have severe nervous spells, with heart palpitation, and would shake as though I had the ague. I felt improvement after using the first box of Dr. Chase's Nerve Food, and after continuing the treatment can now walk, eat and sleep well, have no nervous spells and do not require heart medicine. I have told several of my neighbors the splendid results obtained from the use of Dr. Chase's Nerve Food."

Dr. Chase's Nerve Food, 50c. a box, for \$2.50, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

AN EASY WAY TO GET FAT AND BE STRONG

The trouble with most thin folks who wish to gain weight is that they insist on dragging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh builders. Sargol aids through its regenerative, reconstructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. Leading druggists or St. John and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution—While Sargol has given excellent results in overcoming dyspepsia and general stomachic it should not be taken by those not wish to gain ten pounds or

Canada First!

Keep your Cash in Canada

Awake to the greatest chance Canada ever had!

Awake to the fact that **YOU** are the man who can give her that chance. **YOU** now have the opportunity to put Canada on a wave of prosperity that will carry her into an eternal haven of commercial safety. **KEEP** your cash in Canada!

The European conflict, has stopped tens of millions of dollars of imports into Canada from European nations. It has especially stopped about fifteen millions of dollars worth of imports from Germany. The war may last a long time and you need those imports now just as much as ever you did. Buy therefore **NOW** Canadian manufactures, —**INSIST** on getting Canadian Goods. Give Canada her chance. It is in **YOUR** hands.

Adopt as a motto "**CANADA FIRST.**" Keep always in your mind "I'll spend my cash where I am getting it—in Canada, on Canadian-made goods."

Remember that every dollar you spend in Canada means more work for Canadian workmen, more money to spend on Canadian improvements, more money to reduce Canadian taxation, more money in circulation, cheaper food, better living and lasting prosperity for our homeland of Canada.

This applies to all Canadian manufactures and to all imported goods. There is very little made abroad that cannot be made in Canada just as well, as cheaply and as efficiently.

RED CROSS GIN is the only gin made in Canada. In the twenty years of its manufacture it has crept so high in public favor that few Canadian households are without it. Some gin is imported that should rightly be made in Canada.

Be a true Canadian! If you drink gin ask for **RED CROSS GIN**, Canada's own home-made product. Support "Made in Canada" goods. Keep the cash you pay for gin,—in Canada.

By buying Canadian-made gin, you help the farmer who grows the grain, you assist the lumberman, and box maker, you aid the bottle maker, the printer who supplies the labels, you even help the manufacturers who make the nails and the other things that are used in putting the finished product on the market.

"**RED CROSS**" GIN is made from selected grain grown in Canada's golden west. It is delightfully flavored with the aromatic juniper berry, a medicinal berry with powers over health that have been recognized for generations. Its manufacture is carried on in great sunlight factories at Berthierville in Quebec under the supervision of the Government in the most sanitary conditions and in the healthiest surroundings. Ask for "**RED CROSS**" GIN and take no other.

**DO NOT FORGET!**

Canada's matured **RED CROSS GIN** will change its name and be known from January 1st next, as **GOLD CROSS GIN**.
