MISS M'PHAIL LOSES IN HOUSE

Her Amendment to Experimental Farms Bill, Cutting Vote, Fails

Ottawa, March 28—Dominion Experimental Farms came under fire in the House of Commons today. An appropriation of \$1,400,000, a reduction of \$125,000 from the amount asked by the Government last year for experimental farms, was before the House in committee of supply.

Among the advocates of experimental farms was Hon. S. F. Tolmie, former Minister of Agriculture who declared that Canada had the best experimental farm system in the world. Hon. W. R. Motherwell, present Minister of Agriculture, was emphatic in his statement that the farms justified the money spent on them.

Charles C. Hicks, who was found guilty of stealing goods from the store of Charles McKenzie, of Sackville, was today sentenced to one year in the county jail

A Ready Help For The Girl Who Needs Blood

DURING the critical period between twelve and seventeen there is a special strain on the young girl's system which often leaves her in a weak run-down condition.

She becomes anaemic or bloodless. The gums and eyelids as well as the complexion generally become very pale and there is weakness and lassitude.

Indigestion and constipation are usual. There is shortness of breath, palpitation of the heart, headaches and irregularities of the vital organs.

These symptoms are also common to chlorosis in which case the complexion assumes a greenish tinge. More blood is needed—rich, red, invigorating blood.

Since Dr. Chase's Nerve Food is the greatest of blood builders this is the treatment indicated. The restorative qualities of Dr. Chase's Nerve Food have never been more certainly proven than in the treatment of young girls for anaemia, chlorosis and such ailments which arise from a debilitated condition of the blood.

Likewise Dr. Chase's Kidney-Liver Pills are 85c. a box of 35 pills, instead of 25c. for 25 pills. Edmanson, Bates & Co., Ltd., Toronto.

FREIGHT INCREASE ON VALLEY ROAD

Products of Forest and Farm Shipped From Gagetown

Gagetown, March 27—The last winter has shown a decided increase in the amount of freight handled by the Valley road in this section. The heaviest business has been done in lumber and pulpwood, which have largely increased the carload business; but hay, potatoes and apples have been shipped in large quantities also. Every day through the winter consignments of meat have been shipped to St. John, most of the meat coming from farms across the river, in the Cambridge area. Although farming is not bringing the returns it deserves, according to the farmers, they are able to ship their produce at a time when it is most likely to command a good price. Among the incoming shipments are always many parcels from a well known small order house, Gagetown being the distributing point for all the express matter along the Valley road. No Christmas trees were shipped from here this year. Fred M. Crocker, of Millerton, has been C. N. R. agent here since the station was opened.
