WELL KNOWN WRITER ON FARMING TALKS

Herbert Myrick Says the Flattering Reports Regarding the Country are Not Exaggerated.

Winnipeg, Aug. 16.-Herbert Myrick, president of the Orange Judd Co., and the Phelps Publishing Co., editor of the American Agriculturist, the Orange Judd Farmer, the New England Homestead and the Farm and Home, Ameri can farm journals having a combined circulation of several hundred thousand, arrived in the city yesterday after making an extended tour through Western Canada.

"I have made it my custom," said Mr. Myrick in an interview, "to visit personally every state and territory in which our papers circulate each year and to make a very careful examination of these districts. In pursuance of this custom I came to Canada several weeks ago. Before coming I had the reports of a number of my associates who had visited Canada on many occasions. Among these were Prof. Thomas Shaw, the live stock authority, Clarence A. Hamell, associate editor: B. W. Snow, statistician and court reporter; Otto H. Haubold, manager of the Land Advocate, the Orange Judd sion he is accompanied by Robert Melvin, done to facilitate their inspection and

THE STRIKE AT

MANAGER OF YARD GIVES BIS VERSION

Men Did Not Give Proper Notice-Laborers Paid More Than Port Rates.

(From Thursday's Daily.)

The strike situation at the yard of the B. C. Marine Railway at Esquiwas unlawfully killing seals and un- malt is unchanged. Some twenty-five laborers of the large staff that is employed at the yard, who knocked off tional, provincial and municipal legis work yesterday morning because the of the people. management refused to concede to them an increase in wages, are still on strike, and there appears to have been strike, and there appears to have been cutter McCullough July 20th. The no compromise on either side towards guards and the natives had not yet a settlement. Business, however, conrecovered from the excitement attend- tinues uninterrupted. At least to the ing the raids of July 16th and 17th. The newspaperman who visited the yard this morning the work appeared to be advancing with the customary swing, private letters received there from ing conditions idea' for a successful and no laborers were standing around either in the yard or immediately outside, who might attempt to interfere or influence any men engaged to take the lists and the classes generally place of the strikers.

Seen to-day, H. Bullen, one of the managers of the yard, said that usually he went on the principle that sometimes the less said for publication the better. He did not wish to have anything published about the strike, because it might affect business, and resumed, the raiders killing seals promiscuously in the water. This is certainly worked to the detriment of the port. By way of explanation, Mr. Bullen stated that the yard had to work continuously in competition, and in contracting for a vessel on the Sound the fear might arise in the mind of an owner that if his vessel were sent here it would be tied up because of labor troubles. He would thus be opposed to sending his vessel here if the workson her could be done elsewhere in a place where everything was running

smoothly "The trouble in our yard," continued Mr. Bullen, "is with the ordinary laboring men. We keep a considerable number of ordinary laborers for rough work. They are paid 25 cents an hour with the understanding that if business necessitates a few hours working at night or on Sunday the rate will hold good.
