STRAWBERRIES ARE PLENTIFUL

LARGE SHIPMENTS CONTINUE TO ARRIVE

The Drop in Prices—Apricots From California—Wholesale and Retail Market Quotations.

Probably the most important addition to both the wholesale and retail markets within the past two weeks is strawberries. Indications are that there will be an abundance of this fruit, and that the prices will fall to exceptional low before the end of the season.

In this connection it is interesting to note that there is a probability that a stronger fight than usual will take place between wholesale merchants for the central local trade this year.

To compete with this company, other wholesale merchants are offering apricots at a price of 10 cents per box.

Apricots are already arriving from California in considerable quantities. The last steamers to come from the south brought consignments for Victoria wholesalers, and the fruit is being sold at the rate of \$1.50 per box.

There is also an exceptional fluctuation in the prices quoted for hay, oats, and other foodstuffs. This is attributed to the fact that the farmers in the Delta and other mainland agricultural districts have been holding back their last year's crops in the constant hope of securing winter prices.

Jacob Sehl Died Suddenly in His Office on Government Street Yesterday Afternoon.

ARE PREPARING TO CELEBRATE LABOR DAY

Trades and Labor Council Discussed the Subject Last Night—Other Business Transacted.

The trades and labor council met on Wednesday. Reports were received from various unions in which the promise was given that hearty co-operation would be given.

The council, after the regular business, resolved itself into a committee of the whole in order to consider matters affecting the Labor Day celebration.

Reports were received from the committees showing that satisfactory progress was being made in the Victoria, Extension and many other places, all assuring the council of hearty support in making Labor Day a success.

We beg to draw your attention to the fact that this being Victoria's turn for the celebration of Labor Day, elaborate arrangements are being made for one of the grandest celebrations of this one great day in the history of British Columbia.

One of the main features of the celebration will be a monster parade, to which not only every union in the city but the merchants as well, have signified their intention of assisting in every way to make it the most representative parade ever held on the coast, and one which will without doubt exceed in every way the one held in this city in the year 1901.

The programme of sports and events will be the best ever held here, and the prize list will embrace some very valuable prizes, with an view to making this one of the most attractive and interesting features of the celebration, terminate at an early hour, and further it shall not be taken or held to waive inquiry by the courts with the proper programme of all conditions precedent as between the licensee and the well known fact that the licensee has been unavailably suspended for so many months, the government of British Columbia finds it impossible to determine the equitable rights of the numerous applicants.

Therefore, for the purpose of enabling all persons to go before the proper tribunal for the determination of their respective rights and priorities, the government of British Columbia has decided to hold a public hearing on the 17th inst. at 10 o'clock in the forenoon, at the office of the Registrar of Companies, in the City of Vancouver, to receive and consider all applications for licenses to prospect for coal and petroleum.

MURDERER CAPTURED

St. Petersburg, June 16.—A private letter from Urmi Yab, North Persia, dated May 31st, says that he, who murdered Rev. Benjamin W. Labaree, son of Dr. Benjamin Labaree, superintendent of the American mission, has been brought by the British consul to Tabriz for trial.

The murder of Rev. Mr. Labaree, who was assassinated in March last, was an act of vengeance. Said his murderer, a short time previously killed a Syrian who was a British subject, whereupon representatives of the Anglo-American mission insisted that the assassin be punished. When the culprit learned of this he announced that he would kill the missionaries, so the latter no longer insisted upon his arrest. Such, nevertheless, took his revenge, Mr. Labaree being his first victim.
