TRAIN ROBBERS LOOT AND KILL.

Brave Express Messenger Shot in Cold Blood. Three Men Hold Up Express Train and Get Away With Valuable Booty.

SACRAMENTO, Cal., April 1.—Three masked men have held up the Oregon express, southbound, on the Southern Pacific Railway, at Copley, near Keswick, killed W. J. O'Neill, the express messenger and carried off all the contents of the express box. The train stopped at Copley, a small station, for water. Three men jumped on board and cut the train in two, taking the engine and express car down the track a short distance. They stopped the engine and demanded that Messenger O'Neill open the express car. He refused, whereupon they blew open the car with dynamite and collected the booty.

TIP O'NEILL'S RECORD.

He Led His Team in Batting Last Year and Was Fourth in Western League. Spaulding's Official Base Ball Guide, for 1894, has been received at this office and is a very interesting volume. The guide contains the averages of all the players in the different leagues, which are of the greatest interest to all followers of the game. Last fall the press published the averages of the players in the two big games but so far as the press of this province was concerned the results in the minor leagues were not known. In this city the principal interest of course centers in the work of O'Neill, with the Milwaukee players.

GAMBLING KILLED.

New York's New Law Will Probably Close All the Noted Gambling Resorts.

PENNILE LUMBERMEN.

FREDERICTON, March 31.—A bill has been introduced into the house, at the instigation of some woodmen, for the purpose of extending the provisions of the Woodmen's Lien Act so as to apply to logs which are expected to arrive in New Brunswick from the forests of the Kamourouk county, Quebec. The logs were cut during the winter and were recently purchased by F. B. Edgcombe, of this city. The men who were employed in cutting them have not yet been paid their winter's wages and are taking this means of securing their arrears. The arrears of wages amount to \$25,000 which is just about the price of the logs.

UNCONTAMINATE.

Frances had been brought up in a strict Presbyterian household, and in her nine years had never attended service in a church of another denomination.

THE DRY DOCK BILL.

FREDERICTON, March 31.—The St. John Dry Dock Bill was before the municipal committee today. The committee considered the bill in private and adopted an amendment which provides that repairs made by the company on Union street, shall be done as quickly as practicable, so as to cause as little inconvenience as possible to railways, teams and passengers. The bill will be further considered next week.

AFTER LONG PARTING.

I. C. R. police officer Isaac Stevens and his brother William met yesterday after being separated for almost thirty years. William left St. John when a lad going to Australia, and since then has travelled all over the world, finally locating near Boston. He will remain in the city a few days.

700 KILLED OR WOUNDED.

The Tibetans Fought British Soldiers With Great Courage. Out of 1500 Only Half Escaped—They Took the British by Surprise.

(See also page 2). TUNA, British India, April 1.—Details of the clash of Colonel Younghusband's command with the Tibetans at Guru are at hand. Whilst the forces were face to face on the opposite sides of a wall which the Tibetans had built across the highway to oppose the advance, the Indian troops deployed their flanks and enclosed 1,500 Tibetans in a circle, like herding sheep. The members of the mission, the press correspondents and the general staff rode up to inspect the capture and were laughing and talking. They were unaware of the impending tragedy, being evidently heedless of the sullen demeanor of the Tibetans. The latter presently began to fire with their rifles, who replied with the butt ends of their rifles. Then the Tibetans fired a pistol, wounding one of the British. A signal for all the Tibetans to draw their swords and rush at their captors, who opened fire on the surging mob. The officers emptied their revolvers. The Tibetans were unable to climb the wall which they themselves had built. They were all killed or wounded.

RUSSIAN PLAN OF CAMPAIGN.

They Want No Rig Battle Till September. When They Will Have 500,000 Men in the Field—Japs' Losses are Heavy.

PARIS, April 1.—The St. Petersburg correspondent of the Echo de Paris says that the wife of one of General Kuropatkin's orderly officers has received a telegram from her husband saying that the general does not believe that there will be any great battle before September. The writer adds that Russian troops in Manchuria, including Port Arthur and Vladivostok, now number 345,000 and the total may be 500,000 by September when, if the Japanese have not crossed the Yalu, Gen. Kuropatkin will advance and drive them out of Korea. The only fear in high quarters, according to the writer, is the inability of China to retain her troops or to prevent troops landing in a Chinese port in the event of Japanese success, however ephemeral. General Kuropatkin has telegraphed Gen. Mitenchko to avoid engagements in the field until the security of the Russian side should be ascertained.

JAPS HEAVY LOSSES.

ST. PETERSBURG, April 1.—The following semi-official dispatch has been received from Liao Yang Ko: "In the first encounter with the Japanese in Northern Korea, which was fought on the 27th of March, the Russian army, the enemy's losses were ten thousand men, while 120 wounded were removed with the help of 500 Koreans. The Russian troops were victorious and the Japanese force, the confusion of the Japanese was so great that they hoisted two red crosses in the air and surrendered. Throughout their war with China the Japanese never showed themselves so disgraced. The troops of this fresh brilliant fight in Korea."

ALEXIEFF INSPECTS.

PORT ARTHUR, April 1.—Viceroy Alexieff arrived here yesterday and was received by Vice-admiral Makarov and other officials. He inspected the ships in the harbor and went on board the torpedo boat destroyer Silna.

WAR CORRESPONDENTS UNLEASHED.

TOKIO, April 1.—The first party of foreign correspondents left Tokyo for the front today. It consisted of sixteen newspaper men, mostly British and Americans. From here the party goes to Moji, Japan, and from there to a Japanese transport for their destination, which is kept secret.

WEDDING LAST NIGHT.

G. Allen Johnston, of T. McAvity & Sons' employ, son of George Johnston, shipping superintendent for the Mooney pulp mill, was married last evening by Rev. H. H. Roach to Miss Myrtle Lingley, daughter of William Lingley. The marriage took place at the residence of R. C. McAfee, Spring street, and was attended only by relatives and intimate friends of the bride and groom.

JAPANESE BUYING FROM CANADA.

SEATTLE, Wash., April 1.—Orders have been placed with local dealers for 25,000 cases of Alaska pink salmon for shipment to Japan for use by the army. 75,000 cases have been purchased by Japan in San Francisco and large purchases have also been made in Vancouver, B. C.

TWO FATHERS KILLED BY SONS.

Awful Crimes of Two Enraged Youngsters. Boys Aged Ten and Twelve Shot Their Fathers in Twelve Whippings.

BIRMINGHAM, Ala., Tuesday.—Because his father whipped him for fighting with other boys of his own age, a practice to which Edward Cole, twelve years old, was given, the boy got a shotgun this morning and let his father have the contents of both barrels. Death was instantaneous. The father, O. H. Cole, was marshal and deputy sheriff at Buteville, Ala., where the shooting took place. The boy takes the shotgun coolly. W. F. Curry was shot and killed in Dun-caville, in Tuscaloosa county, this morning by his ten-year-old son Louis. It is alleged that the father had been abusive, whipping both his son and wife. He was preparing to assault them both when the boy seized his father's shotgun and shot him dead.

BRITT SAYS HE BROKE HIS ARM IN 5TH ROUND.

Jimmy Britt fought the last 12 rounds of his famous fight Friday night last with a broken arm. The fact was conclusively proved Monday by the use of the X-ray on the injured member and it will be some weeks before the plucky young Californian will be in shape again to fight a severe battle.

CANADIAN TRADE.

NEW YORK, April 1.—Special telegrams from correspondents of the International Mercantile Agency throughout the United States and Canada report a check to the exceptionally good general trade at the southeast, due to wet weather, an improvement in the central west, following more seasonable conditions, but some disturbance in returns as to increased labor troubles and the conflicting reports of the condition of the winter wheat. Canadian wholesale merchants and manufacturers report good gains in nearly all lines now that railroads have gotten free from the car congestion. The demand for iron and steel is better than for some time. Coal companies are planning to increase their output. Requests for spring and summer goods are noteworthy and bank clearings are increasing.
