FIGHTING AGAIN IN BELGIUM

QUEEN'S CANADIAN MILIT. HOSPITAL READY FOR WOUNDED SOLDIERS

HAS MONS MET THE FATE OF LOUVAIN?

Work of Mercy will be inaugurated as soon as official approval is given—Urgent need for Motor Ambulances—Quebec suspends Crown Land Regulation to encourage Mining Prop Industry.

London, Oct. 1.—The Queen's Canadian Military Hospital at Shorncliffe is almost ready for opening. The beds, operating theatre and apparatus are all complete, but the official visit of the War Office representatives, who must approve the arrangements, will not be made until next week. As soon as the official approval is given, the work of the hospital will be inaugurated. The matron in charge, Miss McMahon of Toronto, is already there, and she will be joined by the other nurses at the end of the week.

Interviewing an official of the British Red Cross today, your correspondent was informed that the need for motor ambulances is great. The society is now filling within one week an urgent order for one hundred and has sent over a dozen daily to France. When the wounded are picked up on the firing line, they are first conveyed to emergency shelters some distance behind the line, and here they frequently have to wait a long time before being transported to a base hospital. If motor ambulances are supplied in adequate numbers, the delay would be much less.

The need for the Canadian Women's Supplementary Naval Hospital at Haslar, near Portsmouth, has not been pressing so far, as a naval officer in town yesterday reported that there are no patients even in the Admiralty Hospital, which is capable of taking one thousand patients. This is owing to the fact that the fleet is in the North Sea, and the wounded there have been cared for at Harwich or Aberdeen.

Thermos Bottles would be appreciated.

The suggestion made by an ex-Canadian journalist, A. H. Bate, now a member of the cabinet staff, that gifts of thermos bottles would be appreciated by the naval officers in the North Sea, has brought a pleasing response, over two hundred have been received. A similar action in the interest of the men on watch off the Canadian shores would probably be appreciated.

With the object of encouraging the mining prop industry, in connection with which British representatives recently sailed to Canada to find a new supply owing to the cutting off of the Baltic trade, the Quebec government has suspended Article No. 13 of the Crown Lands Law.

This means the removal of the restriction that wood cut in the province must be manufactured there. Mine proprietors desiring to import wood props will be free to do so on a par with the Quebec agency here that the wood will not be used for any other purpose. Applications from the mine proprietors here have already reached the Canadian lumber merchants for props, hence Agent General Dr. Pelletier has been instructed to the above effect.

Sir Lomer Gouin, the premier, has cabled Dr. Pelletier that a further consignment of Quebec's gift of 3,750 boxes of cheese has been shipped by the Granpian for Liverpool.

MOTHER! THE CHILD IS COSTIVE, BILIOUS

If tongue is coated, breath bad, stomach sour, don't hesitate.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, or a cold, give "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of his little bowels without griping and you have a well, playful child again.

Mother can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs" and then see that it is made by the California Fig Syrup Company. Don't be fooled!

RUSSIA AND STATES WILL SUBMIT DISPUTES TO INTERN'L COMMISSION

Washington, Oct. 1.—Secretary Bryan, for the United States, and Ambassador Bakhmetoff, for Russia, today signed a treaty binding the two nations to submit all disputes that cannot be settled diplomatically to an international commission of five members for investigation during a period of at least one year, during which hostilities may not be commenced.

This is the twenty-seventh of the so-called investigation treaties and follows in a general way the lines of those previously negotiated with other countries.

No treaty of any kind has existed between the United States and Russia since President Taft abrogated the commercial treaty of 1832.

REV. R. H. STAVERT GIVES LECTURE AT BLOOMFIELD

Bloomfield, Oct. 2.—Rev. R. H. Stavert, Field Secretary of the New Brunswick branch of the Dominion Alliance lectured in the hall here on Wednesday evening last. W. E. E. Wetmore occupied the chair and introduced the lecturer. Mr. Stavert used a stereopticon and threw on the screen a large number of slides illustrating the evil effects of tobacco and alcohol on the human system and showing the havoc wrought by liquor traffic in the different spheres of life.

The meeting closed with the singing of the National Anthem.

CURED OF PILES and Eczema

My Using Three Boxes of Dr. Chase's Ointment

Mr. Abram Bahr, Herbert, Sask., writes: "I want to say that I was troubled with eczema and piles and suffered greatly from the itching, burning sensations caused by these annoying ailments. I sent for a free sample of Dr. Chase's Ointment, and this did me so much good that I bought three boxes more, and after using same was cured of both eczema and piles."

This is the kind of letters we receive daily from people who have been cured of these distressing skin diseases by the use of Dr. Chase's Ointment. No matter how skeptical you might be, you could not read these letters for many days without concluding that Dr. Chase's Ointment is undoubtedly the most prompt relief and certain cure for these ailments.

If you have doubts send for a free sample box and be convinced. It was by use of a free sample that Mr. Bahr was convinced of the merits of this treatment. For sale at all dealers, or Johnson, Bates & Co., Limited, Toronto.

PATRIOTIC FUND

The work attached to the collection of a fund for the relief of those dependent on the Canadian soldiers who have gone to the front has not fallen altogether upon the elder people. The younger generation are doing their share and so far have made an excellent showing.

Four little girls, Hazel Maxwell, Nellie Ellis, Bernice Somerville and Margaret Anderson recently conducted a bazaar with the result that the sum of \$18.02 was yesterday morning handed over to the treasurer of the fund.

Another quartette has also been active, this time little boys and a contribution of \$1.85, the proceeds of an entertainment given by the Boys' Patriotic Club, was also made. The club consists of Buster Comeau, president; Cyril McLaughlin, treasurer; and Gerald Godsoe and Rayburn Jack. Other amounts received yesterday morning were:

From the officers and crew of the drifter "General Diaz," \$35, as follows: J. B. Thompson, captain, \$5; D. M. Wallace chief engineer, \$5; C.

CALLING OUT OF POLICE NOT ACCORDING TO LAW, COMMISSION REPORTS

London, Oct. 1, 10.50 p. m.—The Royal Commission appointed to inquire into the events of July 26 last, when four people were killed and many were wounded in Dublin during a fight with the police and soldiers, following the landing of guns by Nationalist volunteers at Howth, nine miles from Dublin, today reported that the employment of the police and military was not in accordance with the law.

The report further says that Assistant Commissioner of Police Harroll was responsible for the calling out of the military, and for the orders issued to the police.

DEMAND FOR BIT PROPS IN GR. BRITAIN OFFERS FINE TRADE OPENING

Special to The Standard
Ottawa, Oct. 1.—A delegation representing the British Board of Trade and the mine owners of Great Britain has been touring Canada and is now on the way to Newfoundland making inquiries into the possibilities of securing a permanent supply of bit props in this country. It is an opportunity to supply 20,000 tons a week. British colliery owners have been paying half a cent per foot, but expect to pay hereafterward one cent per foot. The lumber used is spruce, pine, hemlock and tamarack. In British Columbia the collieries have been paying three quarters of a cent and in Nova Scotia one and one tenth.

If Canadian lumbermen want the market they can get it at the price paid in Great Britain, but serious competition is threatened by Mexico. A valuable permanent industry is in prospect and the timber for pit props only takes fifteen years to mature.

Deserters

ARTEMUS WARD, the famous American humorist, whose humor sometimes was a lance-thrust, once said that he was willing to sacrifice all his first wife's relations on the altar of his country. Many a man has been willing to let others do his fighting for him—willing, also, to share the rewards of peace and victory. Men of this type belong to the deserter class.

In Canada are hundreds of business firms striving with all their might to make better times for themselves and their communities. To them all honor.

But there are other firms—manufacturers, wholesalers and retailers—who are "standing pat," "playing safe," doing absolutely nothing to build up business. They are mere lookers on, not participants in the valorous struggle of their brethren to maintain and establish good times.

Look about you and you will find in the advertising columns of this and other newspapers many messages from firms with a sturdy confidence in the future.
