brief, The Telegraph will become a strength and to be the foundation stones the Revolutionary war, which consisted of the respondence of infantry, five troops nal, mechanically and otherwise, and as ation of independence a bye word and a it now is completing its thirty-seventh year of life, will start out on a new career of prosperity and usefulness.

ation of independence a bye word and a of cavalry and two guns. Such a force mockery, for how can it be affirmed that is a little army of itself and can go in man has an inalienable right to life, any independent service always as the liberty and the pursuit of happiness.

Queen's Rangers frequently did. MOVEMENTS IN THE TEANSVAAL.

The placing of 2,500 British regulars en the Transvaal border at Dundee, on Monday, is the first movement of importance looking towards actual hoetilities. Mention was made of this in our despatches of Tuesday, and it was also stated that the business was done so the same the same the same the same the same to the same the same that the same to the same the same that the same to the same that the same to the same that the same to the same that the same th

quietly that the Boerspies knew nothing about it until it was accomplished. This clever piece of work shows that the British commander in Natal is on the alert, and that while all is apparent quiet in Natal, the British forces are standing at attention ready for eventualities.

The immediate reason for this movement was the menacing attitude of the Boers on the Transvaal side of the Buffalo river. Dundee, which has been held in force, is the site of the best cosl

PREPARING FOR WAR.

day and was ready to proceed to Liverpool, when orders came changing its deritation to the Cape of Good Hops and it will start for South Africa today.

When the guards go for foreign service it may be taken as a sign that war is expected.

The speech of the Hop. My Relievant.

HALIFAX, Sept. 26—Speedy competitions in connection with the fair commenced this afternoon. The track was heavy and unfavorable for fast time. There were two events on the programme, the 2 25 class for purse of \$250 and the 2.35 class trot and pace, for purse of \$200.

Following is the summary:—

Dundee yesterday gives little hope of a Lina Belle, 2.24, b s, J L Laroche, peaceful outcome of the difficulty with the Transvaal. He has not yet abandoned all hope, but matters have greatly changed for the worse during the past month and even during the past fortnight. The fact would seem to be that the Transvaal Boers are relying on outside help, and expect the aid of Russia against Great Britain. These simple

Trausvaal. If Joubert succeeds in getting 30,000 men in the field it will be the extreme limit. The British government think the numbers will not exceed 25,000, and if so a force of 40,000 British soldiers would be quite sufficient.

A CANADIAN FORCE FOR SOUTH AFRICA.

Now that it is almost certain that there will be a war with the Transvali the time seems to be opportune for the formation of a Canadian contingent for service in South Africane in Adoltion to State in Adoltion to State in Adoltion to State in Africane in South Africane in Adoltion to State in Adoltion to State in Africane in South Africane in Adoltion to State in Adoltion to State in Af placed in the upper part of the turret

at the performance of their new iro_clad, the Kearsage, which at her speed trials on Monday showed an average of 16.84 knots an hoor. This is very good but not remarkable. All the modern British ironclads have an equal or greater speed. Ten British ironclads, lib built upwards of twelve years ago, ive a speed of 16.7 knots. Sixteen itish ironclads of more modern conjuction have a speed of 175 knots.

A SIX HEAT RACS.

HALIFAX, Sept. 28—It took six heats to decide the 2.30 trot in the exhibition races begun yesterday. There were two heats trotted today and Rockfarm Grace (J. R. Lamy, Amherst) secured both of them and won.

J. A. Leaman's Belmont got second and Ajalon Jr third. Time in the first heat was 2.24\frac{3}{4} and in the second 2.25\frac{3}{4}.

William Johnson Dead to the present year.

William Johnson Dead to the present year.

William Johnson Dead to the partin convent in the first heat was 2.24\frac{3}{4} and in the second 2.25\frac{3}{4}.

William Johnson Dead to the partin convention that by the fullest reported to convent them.

It was noted by executive and convention that by the fullest reports from parish officers and county secretaries, Sunday school superintent them.

Everything was in an improved continuation.

The following is the list of officers and dent, R H Dayle:

William Johnson Dead to the partin that the parish presidents reported to county secretaries, Sunday school superintent to decide the 2.30 trot in the exhibition parish presidents reported to county secretaries, Sunday school superintent to decide the 2.30 trot in the exhibition parish presidents reported to county secretaries, Sunday school superintent to decide the 2.30 trot in the exhibition parish presidents reported to county secretaries, Sunday school superintent to decide the 2.30 trot in the exhibition parish presidents reported to county secretaries, Sunday school superintent to decide the 2.30 trot in the exhibition parish presidents reported to coun

but they must accept it as a necessity which has been forced upon us by changed coaditions, and by the requirements of space in which to publish the ments of space in which to publish the accuracy, but the cost has not been square, with its large advertising patronage has been greatly cramped for space, and the change of form to eight pages will give us a great deal more room than we have now.

With these changes will come improvements of many kinds in the internal economy of the pape. The reportorisl staff will be strengthened and new fastures will be introduced to make it more acceptable and generally useful. In brief, The Telegraph will be come a strength and to keep a large army distant date and to keep a large army in the field. Nothing could not only send force to the factor
