"Here wife give this boy some of Dr. Fowler's Extract of Wild Strawberry. Soothing Syrup don't appear to have any effect on him."

Every good deed that we do is not only a present pleasure, but also a prop for the future. And every bottle of Victoria Compound Syrup of Hypophosphites that we take is not only effective in the present, but it builds up strength and health for the future. Nothing so soon increases the physical strength, and renders the system capable of resisting the inroads of disease.
