A Danger Warning —Bleeding Gums

Are your gums tender? Do they bleed when brushed? If so—watch out for Pyorrhea.

This disease of the gums, which afflicts four out of five people over forty, not only destroys the teeth, but often wrecks the health.

In Pyorrhea, the gums become spongy, then recede; the teeth decay, loosen and fall out—or must be extracted to rid the system of the infecting Pyorrhea germs which breed in pockets about them. These germs lower the body's vitality and cause many diseases.

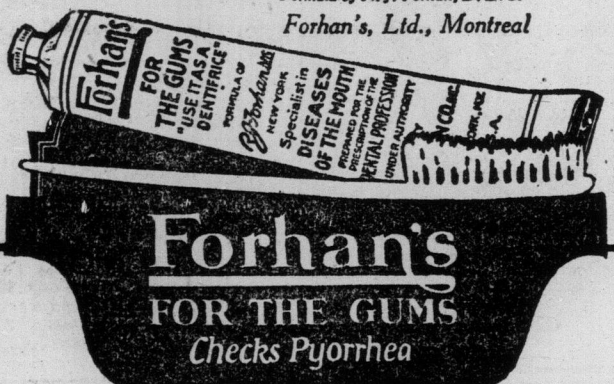

You can keep Pyorrhea away. Visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums.

Forhan's For the Gums prevents Pyorrhea—or checks its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean.

Start using it today. If your gums have receded, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

MISTOOK FRIEND FOR A BURGLAR

Serious Charge Against Wingham Merchant Is Dismissed.

WINGHAM, March 3.—The late William Shakespeare had nothing on Wingham when he wrote his little story "Much Ado About Nothing." Wingham has just been treated to a case to which the Shakespearean title might well be applied, in the charge against William Patterson of shooting with intent to do bodily harm. The trial lasted the greater part of the afternoon and attracted considerable attention, as was evidenced by the numbers who were unable to gain admission to the courtroom. Mayor Elliott and J. E. Bennett, J. P., were on the bench. County Crown Attorney Seager of Goderich prosecuted, while Patterson was defended by R. Vanstone of Wingham.

It was brought out at the trial that the prisoner and Louitt had been drinking and that towards morning the men accidentally met in a dark room, causing the slight flesh wound.

The men were and apparently still

Was Suffering From INDIGESTION No Fear of Pains Now.

Indigestion is one of the worst forms of stomach trouble, and many people suffer terribly after every meal they eat. The rising and souring of the food, pains in the stomach, heartburn, water brash, belching of wind, vomiting shortly after eating, etc., are some of the symptoms. There is no need for any person to be troubled with indigestion, dyspepsia or any other stomach trouble if they would only take Burdock Blood Bitters, which contains a combination of nature's roots, herbs, barks and berries; a combination that cannot help but put the stomach right.

Mr. H. H. Collins, Norton, N. B., writes: "I was with the overseas forces for four years and two months, and in October, 1916, I was unfortunately enough to be wounded and taken prisoner. I was a prisoner for 2½ years, and the food they gave us was not good at times, and after a few months I found I was suffering from indigestion. When I came home in July, 1919, I was nearly a wreck. I was told to use Burdock Blood Bitters. I did so and found great relief, and can now eat without fear of pains and sickness. I would recommend B. B. B. to all who suffer from indigestion."

Burdock Blood Bitters has been on the market for over forty years, and during that time has made a reputation second to none for relieving all stomach troubles. Manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

are on the best of terms, and the magistrate considered the evidence as insufficient to establish the charge laid against Patterson. The case was dismissed.

FIREMEN WILL NOT BE GIVEN DAY OFF

Bill Is Thrown Out As Result of Many Protests.

TORONTO, March 3.—The municipal bills committee of the Legislature today threw out the bill introduced by F. Wellington Hay, M.L.A., North Perth, providing for one day off in seven for fire fighters. It shall apply only to cities of over 100,000 where the double platoon system is in operation. The same committee endorsed the bill sponsored by W. A. Crockett, South Wentworth, providing for the establishment of a two-platoon system in all permanent fire departments in Ontario, dropping the clause imposing a penalty on fire chiefs for violation of the act. The cities of Brantford, Stratford, London and Port Arthur protested against the bill introduced by Mr. Hay.

Brantford was represented by City Solicitor Henderson. This city took the ground that the Hay bill was an interference with the rights of municipal council and that it was already of its own free will established the two platoon system.

Mayor Little of London said that city had a tax rate of 40 mills last year. The two platoon system had been put into effect two years ago.

Mayor Matthews of Port Arthur said his city had introduced the two platoon system three years ago. If the Hay bill went through it would mean an additional expenditure of \$18,000 annually.

G. W. V. A. AUXILIARY DID SPLENDID WORK

Leamington, March 3.—At the annual meeting of the Ladies' Auxiliary of the G. W. V. A., officers for the year were elected as follows: President, Mrs. T. J. Poore; first vice-president, Mrs. John Ross; second vice-president, Mrs. R. Smith; secretary, Mrs. C. Beech; assistant secretary, Mrs. F. Wigle; treasurer, Mrs. R. Miller; executive committee, Rev. J. Betts, Mrs. Albert Foster, Mrs. Wm. McSwiney, Mrs. H. Oper, Mrs. H. Freeland, Mrs. George Watson.

The auditors' report showed that over \$4,000 passed through their books, most of which was spent on the club house and relief work. A hearty vote of thanks to the retiring officers was passed.

THEATRE BILL THROWN OUT.

TORONTO, March 3.—The Legislature committee on municipal law today threw out the bill introduced by W. A. Crockett, Labor member for South Wentworth, providing for a competent electrician to be employed during every performance in theatres having a seating capacity of 1,000 or more.

DRURY FEARFUL AMENDMENT MAY LEAD TO CHAOS

First Trial of Strength May Take Place Next Week.

[Special To The Advertiser.] TORONTO, March 3.—If the Government does not succeed in securing the withdrawal of an amendment to the amendment regarding the O. T. A. appeals, introduced into the Legislature today by W. E. N. Sinclair, Liberal member for South Ontario, the first trial of strength on the floor of the House will take place probably early next week.

Mr. Sinclair's amendment to the amendment would allow appeals to county judges under the Ontario Temperance act. It goes further than the proposed Government compromise, in that it provides the county judge "if he thinks fit may hear the evidence of such other witnesses as may be produced before him, or the further evidence of any witnesses already examined."

Refuse Rehearing. The Government, in according to the demand for appeals to county judges, had definitely refused to sanction rehearing of police court evidence. Four Conservative speakers, Charles McCrea, Sudbury; Dr. Forbes Godfrey, West York; A. C. Lewis, N. E. Toronto; and A. W. Lee, Leeds, spoke in the debate and supported to Sinclair's amendment to the amendment.

Premier Drury daily declared: "The Government does not see its way clear to accept an amendment which may lead to chaos," and asked the mover, Mr. Sinclair, and the seconder, A. P. McWhinnie, Liberal member for South Bruce, to withdraw it and have it sent back to the special O. T. A. for consideration and report.

Override Injunction. Before proceeding with the O. T. A. debate Premier Drury, seconded by Attorney-General Raney, introduced legislation to override the injunction being sought by the Spanish River Pulp and Paper Company to halt the proceedings of the timber probe. The proposed amendment to the public inquiries act, the premier said, "Provides that no inquiry shall be stayed, except by the consent of the attorney-general."

Objects To Visits. Dr. Forbes Godfrey, West York, complained that Inspector Lannin, who is in charge of the Windsor district, was too fond of going over to Stratford over week-end "to the shrine of St. Peter." Dr. Godfrey said that Mr. Lannin should stay on the job at Windsor, because while he was away there was "the most wonderful amount of liquor." The member for West York complained that Rev. J. O. L. Spracklin, who had been allowed to carry a gun. He said he had personally warned Spracklin the day he gave evidence before the O. T. A. committee, that he would be every some day for doing so. Three days afterward, said Dr. Godfrey, the tragedy occurred.

Much Criticism. W. E. N. Sinclair, South Ontario, said that there was much criticism throughout the province regarding the way the Ontario temperance act was being enforced. British fair play was the least that could be accorded to persons coming up for trial under the act, he said. He moved an amendment, providing that "upon the return of the summons to the judge, upon hearing the parties, may either affirm or quash the order, or, if he thinks fit, may hear the evidence of such other witnesses as may be produced before him, or the further evidence of any witnesses already examined, and may make an order of adjournment, or of conviction, or may reverse such order and dismiss the defendant, and in case the conviction is affirmed may impose such fine and costs or other penalties as is provided by this act, and the order so made shall have the same effect and shall be enforced in the same manner as is provided in the case of a conviction before a magistrate under this act."

Does Not Agree. The prime minister would not accept this amendment. He argued that the introduction of new evidence before the county judge would lead to all sorts of legal entanglements. The great majority of the people of Ontario were in favor of the Ontario temperance act, he said. During the next few weeks, however, there would be a concerted attack against the act. A strong, well organized force, active and energetic, would be felt very shortly. These people would do their best to discredit the act.

FOUR ALLEGED BOOTLEGGERS ALLOWED TO GO

Attorney-General's Department Has Withdrawn the Prosecution at Brantford.

BRANTFORD, March 3.—Four alleged bootleggers were allowed to go by the police today, when it was learned that the attorney-general's department had withdrawn prosecution. Crown Attorney Charlton received a letter from the department, saying that prosecution would be dropped, but giving no reasons. Two Government spotters, both foreigners, were in the city early in February and laid six charges of selling liquor. One conviction was entered, and a foreigner paid a \$400 fine under protest. In any other case such objectionable evidence was entered that the magistrate dismissed the case on the grounds of immorality on the part of the spotters.

An inverted trough covered with tarpaulin is being used by the works department as an aid in thawing ground where sewer excavations are being made. A steam traction engine is used to inject steam into the trough, and the thawing operations have been most successful, the engine running night and day. The frost in some places is three feet deep.

Applications for naturalization have been received from seven foreigners living in the city. They are all of different nationalities. Trustees I. S. Armstrong of the public school board has completed an inspection of the schools, and today reported on the success of fire drill. Of the 11 schools the maximum time in which the schools can be emptied of pupils is two minutes, while one school has a record of sixty seconds.

SAYS GALT MUST VOTE ON HYDRO EXTENSION

TORONTO, March 3.—Sir Adam Beck had a two hours' talk on hydro matters with Premier Drury at Parliament Buildings today. The question of the Grand River Valley Company's request for a five-year extension of their franchise at Galt was discussed. The hydro chairman states that the council of that city can grant an extension for one year, but for no longer period with-

out a vote of the people and the consent of the hydro commission. He is going to Galt Friday in connection with the matter.
