

"If Wishes were Horses"

BY MRS. M. E. BLAKE. "If wishes were horses, dearie, How fast and how far we'd ride On our beautiful snow-white chargers, Bounding with life and pride! Straight as the flight of an arrow, Swift as the flash of a spear, We'd travel forever and ever, —'If wishes were horses,' dear.

To the tops of the sunset mountains Ere they flicker away, To the dusky hills of the twilight, To the flash of the new-born day; To the silent stars of midnight, As they shine in the darkness clear, We'd ride like the flight of a fancy, —'If wishes were horses,' dear.

Through billows of Western prairies, And dazle of arctic plains, Through perfume of Southern roses, And mist of the west-ward rains; Above of the echoing thunder, With the quiver of lightning near, We'd ride in the van of the tempest, —'If wishes were horses,' dear.

And into the lives we cherish, To brighten the lonely skies, Bring smiles to the sweet, pale faces, And light to the saddened eyes; To bring them the comfort of heaven, And whisper a word of cheer, Oh, how we'd travel and gallop, —'If wishes were horses,' dear.

—July Wide Awake.

NEWS FROM IRELAND.

DUBLIN.

A letter from Mr. Parnell was read at the meeting of the Dublin League, on June 22d, explaining that no blame could be attached to the Irish party for their handling of the Land question in Parliament. They had been unsuccessful in the ballot with their Ejectment Suspension Bill, but their action had forced the Government to bring in a somewhat similar bill of their own, and had brought the Irish Land Question to the forefront of Imperial politics. The League accepted the letter as satisfactory.

Mr. Forster's Compensation for Disturbance (Ireland) Bill giving temporary provision with respect to compensation for disturbances and for non-payment of rent has been issued. The districts scheduled are in Cavan, Clare, Cork, Donegal, Galway, Kerry, King's County, Leitrim, Longford, Mayo, Meath, Roscommon, Sligo, Tipperary, Waterford, and Westmeath.

WESTMEATH.

On June 23d, the County Coroner, Theobald Fetherstonhaugh, Esq., held an inquest at the village of Street, about five miles from Mullingar, on the body of a laborer named James Toomey, who was accidentally killed on the railway the previous evening.

Considerable excitement was created in Mullingar, through a report being circulated that a soldier and a sweetheart had committed suicide on the 20th ult. through taking poison.

CORK.

The Blackwater fishermen appeal for help in their struggle against the Duke of Devonshire for the maintenance of the public right of fishing in the river. This remarkable case has been before the public for the past eleven years off and on, and has employed the ability and eloquence of such legal giants as the late Isaac Butt, Scargill, Armstrong, and other great orators of the Irish bar. There have been seven trials before juries, with the result of two verdicts for the fishermen, two for the Duke of Devonshire, and three disagreements. The case has been taken in to the Irish Appellate Court, with a result adverse to the fishermen, but also to the public of the south of Ireland, who will fight it out to the end. The friends of the fishermen are well drained by the preceding litigation, which has all been of the very costliest character.

Mr. Blake, coroner, held an inquest on June 21st, at the Morgan, Cork, on the body of a young man named Denis Quinn, who was drowned in the River Lee, in that portion of the river which waters the premises of the Great Southern and Western Railway Company.

KERRY.

The statement that the Earl of Kenmare is preparing his house in Ireland for the reception of the Queen in August is denied, there being, so far, no direct authority for the report, and the Queen intends to visit Ireland.

An indignation meeting was held on Sunday, June 20th, at Ballyduff, county Kerry, to condemn the eviction of a man named Flaherty, in that neighborhood, and the action of another farmer, named O'Connell, who rented the farm after the eviction. The Rev. Mr. Earlight, P. P., presided, and two other clergymen were among the speakers.

LIMERICK.

On June 21st an employee of Limerick Clothing Company, a young woman named Catharine Keane, while stooping to pick up something which had fallen from her, got her hair entangled in one of the small rolling machine bobs. The hair curled round the cylinder, and jerked off the hair and skin of the young woman's head from the arch of the nose to the poll. She was removed immediately to Barrington's Hospital, where she lies in a very critical state.

CLARE.

At Ennis and Kilmish Quarter Sessions, just concluded, nearly one hundred general cases for non-payment of rent were disposed of, the persons in nearly every case being those who had participated in relief funds as a means of support.

Catherine Isabella Osborne, wife of Bernal Osborne, Esq., and mother of the Duchess of St. Albans, died suddenly on June 21st at Newton Anner, near Clonmel. She was the wife of Sir Thomas Osborne, Bart., and brought an immense estate and jointure on her marriage, about 40 years ago, with Mr. Bernal, who assumed the name of Osborne by royal letters patent. She was gifted in literature, and which she contributed more or less, and to the poor, by whom her name was held in blessedness; she was an angel of goodness.

WATERFORD.

A very serious illness, which threatens to be fatal, is prevailing in the city.

patented on June 19th, at Milepost, near Waterford. The victim is an old man named Richard Devereux.

DEBBY.

On June 21st, a number of boys proceeded to bathe in the Bann, below Mount Sandalwood, near Coleraine. One of them, named John Mary, twelve years of age, ventured into deep water. His companions called to the occupants of a boat near the place, but before they arrived the boy had sunk.

GALWAY.

The Freeman's Journal complains, and not without cause, that the poor of the Clifton Union were left by the Guardians in the most heartless and cold-blooded manner to the tender mercies of a relieving officer who had no instructions from them to afford relief to the needy applicants. Father Flannery, Erismore, appealed to the Local Government Board to send down paid Guardians who dare not deliberately shirk their duty, and who should grant relief.

A tenant in the neighborhood of Loughrea, who took a farm from which another tenant had been evicted, was recently threatened with death unless he gave up the farm. He immediately took his stock away, and notified the landlord that he feared his life would be taken.

MAYO.

At a meeting of the Dublin Land League, on June 22nd, Mr. Brennan reported that Mrs. O'Connor, who had already evicted forty families, had last week evicted five families near Balla. A Mr. Coyne had also evicted thirty-six individuals at Laharda, Ballina. £20 was voted to the first case and £30 to the second.

A land meeting, attended by 6,000 people, was held on Sunday, June 20th, at Shrule. There were about 120 police present, five of whom took notes of the proceedings in the absence of the Government reporters. The Rev. J. Monaghan presided, and resolutions were adopted demanding the establishment of a peasant proprietary, protection against capricious evictions, and condemning the conduct of those who took a house or land from which a tenant had been evicted for non-payment of rent.

Destitution is making great progress in the Ballina Union. The machinery for its relief seems to be almost entirely crippled from the continuous and overpowering demands upon it. The number of inmates in the workhouse has nearly doubled, and there are over 1,200 persons in receipt of out-door relief. The poundage in some of the divisions is up to 6s. 7s., and paid guardians have been sent down by the Local Government Board. The funds from the ordinary religious sources have almost entirely ceased. A special meeting of the guardians of the Ballina Union was held for the purpose of promoting further banial works, to be submitted to the Lord Lieutenant. Sir C. Knox Gore, Bart., occupied the chair, and expressed surprise at the Board of Works disallowing one-half the works originally sent forward by the extraordinary banial sessions, and stating that it would now be their duty to re-schedule these works, the works before rejected, and several new ones were adopted, amounting in all to about £3,000. A resolution was passed asking Sir Charles to wait on the Local Government Board Inspector to urge upon him the carrying out of the quay road, in the barony of the Tyreragh, at a cost of £600, which has also been thrown out.

LEITRIM.

Mr. Acheson, who shot and killed a tenant farmer named Meelan, has been formally committed for trial at the assizes on a charge of manslaughter, but admitted to bail, one of his securities being Captain King-Hartman, ex-M. P.

Four men named John Meelan (brother of the man shot dead by Mr. Acheson), Patrick Stretton, John Prior and James McCabe, were charged at Ballinamore Petty Sessions, on June 23d, with having unlawfully assembled on the lands of Drumcannon, county Leitrim, on the 14th June. Fourteen men have been summoned or arrested, but the four above mentioned alone appeared, and the recognisances of the others were extracted.

REMARKABLE RESULTS FOLLOW.

Pain ceases, swellings subside, fever abates, and a healthy state exists after using this great and wonderful preparation known as Thomas' Electric Oil. Thousands testify to the happiness resulting from the use of this preparation. Why not procure a bottle to see? The cost is trifling, and effects sure. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents' worth has cured catarrh, asthma, and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years' standing. The following are extracts from a few of the many letters received from different parts, which, we think, should be sufficient to satisfy the most sceptical:

Thomas Robinson, Farahan Centre, writes: "I have been afflicted with Rheumatism for the last ten years, and have tried many remedies without any relief, until I tried 'THOMAS' ELECTRIC OIL,' and since then have had no attack. I would recommend it to all."

See what the medical faculty says: Dr. Beaudoin, Hull, P. Q., says: "I have sold 'Thomas' Electric Oil' for two years, and I never sold a medicine which has given more thorough satisfaction. I have used it in my own case on a broken leg and dislocated ankle, with the best results."

A. H. Gregg, Manufacturer of Mowing Machines, Truemanburg, N. Y., says: "My thumb was caught in a machine and injured, being away from home for two days. I was obliged to apply such remedies as I could get, but without relieving the pain. Immediately upon reaching home I applied the Electric Oil, with almost instant relief. I have a large number of men employed, and your Oil has established for itself such a reputation that nearly every one of them keeps it."

Review of Initiations.—Ask for Dr. Thomas' Electric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and Take no other. Sold by all respectable Dealers. Price 45 cents.

MISCELLANEOUS.

Ayer's Cherry Pectoral For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

The reputation it has attained, in consequence of the marvellous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the happiest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use.

All who have tried it, acknowledge its superiority; and where its virtues are known, no one hesitates as to what medicine to employ to relieve the distress and suffering peculiar to pulmonary affections. CHERRY PECTORAL always affords instant relief, and performs rapid cures of the milder varieties of bronchial disorder, as well as the more formidable diseases of the lungs.

As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, it is invaluable; for, by its timely use, multitudes are rescued and restored to health.

This medicine gains friends at every trial, as the cures it is constantly producing are too remarkable to be forgotten. No family should be without it, and those who have once used it never will.

Eminent Physicians throughout the country prescribe it, and Clergymen often recommend it from their knowledge of its effects.
