THEY WERE SHOT BY ONE OF THE WILSONS, and the two laws of the Washington State, who were then with them, were killed. At the same time they were beset by a mob of white men, with stones and bricks, and with their hands the arrival of some other peace-men, the consequences might have been fatal. One or two of them received serious injuries. Three of them were taken into custody, but have not yet undergone a final examination.—13.

THE FREDERICK ATHENÆUM.—We have received a pamphlet of 16 pages entitled "The Address delivered by Mr. JUSTICE CAMPBELL, before the Frederick Athenæum, on the 10th of January, 1844." The Athenæum is a Society, established at Head Quarters, under the patronage of the Frederick Athenæum, one object of which is to deliver lectures on literary and scientific subjects. The Address before us gives a summary of the proceedings of the Society, for the past year, which is expressed in language familiar yet elegant, calculated to be remembered by the reader. From this synopsis of the proceedings, the lectures delivered by the members of the Athenæum, have been unusually interesting, embracing subjects on which the highest talents might be employed with profit and advantage. The formation of such a Society must be the source of great good, and we congratulate the people of Frederick for having so many gentlemen so lent their assistance in so laudable a cause.—*New Brunswick.*
