I have advised several women who suf-
fered as I did to try your remedies. You
may publish this if you wish.”—Mrs.
DAVID R. MORRIS, South Wellington,
Vancouver Island, B.C.

No other medicine for woman's ills has
received such wide-spread and unquali-
fied endorsement. We know of no other
medicine which has such a record of suc-
cess as has Lydia E. Pinkham's Vegeta-
ble Compound. For more than 30 years
it has been the standard remedy for wo-
man's ills such as inflammation, ulcer-
ation, tumors, irregularities, periodic
pains and nervous prostration, and we
believe it is unequalled for women dur-
ing the period of change of life.

If you have the slightest doubt
that Lydia E. Pinkham's Vegeta-
ble Compound will help you, write to
Lydia E. Pinkham Medicine Co.
(confidential) Lynn, Mass., for ad-
vice. Your letter will be opened,
read and answered by a woman,
and held in strict confidence.

Financial Letter

By F. B. McCurdy & Co.

Halifax, June 6th, 1913

In time of financial stringency like
the present, the attention of inves-
tors is diverted from speculative is-
sues, real estate and other specula-
tions, to the more stable and solid
investment issues, and it is only nat-
ural that during the past week there
should, therefore, have been a large
inquiry, as there has been, for Nova
Scotia Steel and Coal Debenture
Stock, and a reviving interest in
bank shares, which have been ne-
glected on the market for a good
long time past. Before the present
stringent market passes, attention
will be further centred on this class
of investment.

There has also been a small de-
mand for Municipal Debentures, but
sales which have taken place in this
department have been of a small to-
tal volume. Buyers of Municipal
Debentures, understanding that to-
wns and municipalities must come
into the market for various substan-
tial amounts of money during the
year, are rather biding their time,
and show no disposition to take such
issues excepting when offered on at-
tractive terms.

Ladies of Culture and Refinement Use Salvia Hair Tonic, it Makes the Hair Beautiful.

At last a remedy has been discov-
ered that will positively destroy the
Pest Dandruff.

That Dandruff is caused by germs
is accepted by every sensible per-
son.

Dandruff is the root of all hair
evils.

SALVIA will kill the dandruff
in ten days, or money back.

The manufacturer guarantees it,
will grow hair, stop itching scalp
falling hair, and make the hair thick
and abundant. It prevents hair
from turning gray, and adds life and
lustre.

SALVIA is a hair dressing that
has become the favorite with women
of taste, and culture, who know the
social value of beautiful hair. A
large, generous bottle costs only 50c
at leading druggists everywhere.
The word "SALVIA" is on every
bottle.

...one of the guests she was attacked
and threatened with a revolver. She
made a dash for the window and
crying loudly for help, crawled out
on the sill, closed the window be-
hind her and maintained a foothold
on her precarious perch by clinging
to the sash. Her cries were
heard and in a few minutes the girl
had been rescued and the guest
had been requested to leave the hotel.
The matter, however, did not end
with this, and the services of the
police were later enlisted to locate
the man who comes from Moncton.
It is understood the information
laid will be based on a serious
charge.

The British immigration figures
grow more and more astonishing.
Fifteen years ago, says the Canadian
Gazette, London, the average num-
ber going to all countries yearly was
about 50,000; ten years ago it was
about 120,000; now it is over 260,000.
Not less astonishing and gratifying
is the popularity of Canada. In
1909 the United States took six
times as many as Canada; in 1905
they drew level, and last year Can-
ada took three times as many British
emigrants as the Republic.

Useful Hints

If your cake bakes too fast at
the top, set a pan of cold water
on the grate above.

If there is a bare spot on your
lawn where the grass will not
grow, sow flaxseed on it.

Before arranging maidenhair
fern in vases, soak it for 2 hours
in cold water; then singe the
ends of the stem with a match.
Ferns thus treated are said to
last three times as long, and
keep quite green and fresh for
several days.

Handkerchiefs and white clothes
that have become yellow may be
whitened in the following simple
manner: After they have been
washed in the usual way, lay
them to soak over night in clear
water, into which cream of tar-
tar has been put. A teaspoonful
to a quart of water is the right
proportion. When ironed they
will be white as snow.

The easiest and quickest way
of cleaning paint is to have two
pails of water, one cold, to which
a tablespoonful of ammonia has
been added, and one hot, with
the addition of a little ammonia
and soap powder. With a soft
flannel wash the paint with the
soapy water then rinse with the
cold water, using a wash leather
instead of flannel, and wring the
leather fairly dry. Paint wash-
ed like this dries with a nice
polish which no amount of dry-
ing with cloths and using hot
water will impart.

Plans are being considered for in-
stalling a 200,000,000 candlepower
searchlight on top of the world's tall-
est building which is nearing com-
pletion in New York.

British Born Are Killed

Too weak to uphold the burden of
nearly 10,000 human beings as-
sembled for the festivities of British
Empire Day, the land-end of the
big double-deck municipal pier at
Long Beach, California, collapsed
on Saturday. Hundreds were plunged
from the top deck down on the heads
of hundreds on the second deck.
This deck also gave way and all
were dropped down a chute of shat-
tered woodwork to the sands 25 feet
below. Thirty-three persons, mostly
women were killed or crushed to
death; 50 were seriously injured;
the victims were subjects of Great
Britain, residents in Southern Cali-
fornia.

Canadian Ran Many Blockades

A Paris despatch says the com-
mander of the Turkish cruiser Ham-
idieh, the "Phantom Ship" which
harassed the Balkan Allies so relent-
lessly is a Nova Scotian, named
Bucknam, was the assertion made
by Le Messager D'Athènes, the
Greek newspaper published here.

The journal said that Turkey paid
the commander \$75,000 for his work,
and added:

"European opinion refuses to be-
lieve that there is a single Turkish
officer capable of navigating a war-
ship in the way the Hamidieh has
been navigated."

Bucknam worked for Turkey
during the war with Italy and ran
a blockade twenty-four times.

While seventy thousand Montreal-
ers do not go to church, there are
only a dozen infidels in the city, and
very few members of other than the
orthodox denominations, according
to figures made public by the Mont-
real home visitation committee,
which in whirlwind religious census,
visited 82 per cent of the city's
homes representing 400,000 people.
The largest number of children
found in any city family was eigh-
teen in a city home. The census
takers reported that aristocratic
Westmount has by far the smallest
number of homes of any district in
greater Montreal.

Furnace Grates on the Right Principle

Note the three surfaces,
each of which will last
as long as the ordinary
one surface grate. A
gentle rocking is usually
all that's required but any
clinkers happening to form
are ground up by the mas-
sive teeth of the four grates
with very little effort. The
grate bars are so con-
structed that a volume of
air passes freely to all parts
of the fire.
