\*The Council of Public Instruction has authorized the preparation of a General Geography, and an English Grammar for use in the Public Schools, and until these works are published the Superintendent of Education will not procure any text-books on these subjects. In the mean time, Trustees are authorized by the Council to use whatever Geography or Grammar they preter. Campbell's or Lovell's Geography will be found to be about the best; and Lennie's Grammar, if followed by Morell's Analysis, will, perhaps, give as good results as any.

Extracts from the Regulations of Council of Public Instruction.—" Before being enrolled a Student at the Normal School, every pupil-teacher shall make the following declaration, and subscribe his or her name thereto: I hereby declare that my object in attending the Provincial Normal School, is to qualify myself for the business of teaching; and that my intention is to teach, for a period not less than three years, in the Province of Nora Scotia,—if adjudged a Certificate by the Examiners.' In consideration of this declaration, instruction, stationery, and the use of text books (except Classical) shall be furnished pupil-teachers, free of charge."

"Candidates for admission to the Normal School shall attend one of the regular semi-anumal examinations conducted by the District Examiners in: October and April in each year, and if they pass a satisfactory examination on the third-class syllabus, they shall, if found worthy of the same, receive an acrificate of 'character, ability, and scholarship. This certificate shall give the holder admission to the Normal School, and upon presenting said certificate to the Superintendent, the holder shall receive an allowance of five cents per mile, towards travelling expenses. In the case of those who hold licenses, granted since October, 1864, it shall be sufficient to make application to the Chairman of the District Examiners, who shall forward the requisite certificates to applicants. No person shall be admitted to this Institution as a pupil-teacher, without the above-named certificate.

Persons wishing to enrol as Candidates for High School or Academy certificates must, in addition to a good knowledge of English, be thoroughly familiar with the Latin and Greek Grammars, and be able to parse with ease any passage in some elementary work in each language. In mathematics, any passage in some elementary work in each language. In mathematics, any passage in some elementary work in each language.
