

The Temperance Cause.

AT HOME.

The liquor traffic costs the people of Canada in one way or another between fifty and sixty million dollars annually, and the Government derives a revenue of about five millions from it. Well may economists ask, Does it pay?

ABROAD.

The Church of England Temperance Chronicle says of "The New Bishops":—

It is not often that the journalist is called upon to record, as we do today, the simultaneous appointment of three Bishops, and we have the greater pleasure in doing so, since we are able to assure the members of the Church of England Temperance Society that the Bishops-designate are all hearty supporters of the Temperance movement and in fact, officially connected with our Society.

Bishop Temple, who vacates the See of Exeter for London, has for many years taken the deepest interest in the work of the C. E. T. S. in his Western Diocese. As President of the Diocesan Branch, he was the life and soul of the movement there, and, in addition to this, his Lordship has, upon several occasions, rendered very great service to the Parent Executive by taking part in important meetings in London.

We have much pleasure in announcing that the Bishop has already consented to take the chair at the ensuing Annual Demonstration of the Total Abstinence Section of the C. E. T. S., to be held in Exeter Hall, on April 29th. We may add that Mrs. Temple is a member of the Women's Union, in which she has shown a very special interest.

Dean Bickersteth, who is to succeed Bishop Temple at Exeter, is widely known as one of the poets of the sanctuary. Those of our readers who were present at the Carlisle Congress will recall his fervid reference to the work of that "blessed Society, the C. E. T. S.," and his many friends at Hampstead speak with pride of the impetus which he gave to the Temperance movement in his congregation by forming a Parochial Branch of the C. E. T. S. and accepting its presidency.

Canon King, the Regius Professor of Pastoral Theology in the University of Oxford, has been called to follow Dr. Wordsworth at Lincoln. The Canon has been a Vice-President of the Oxford Diocesan Branch of the C. E. T. S. from its formation, and a most generous contributor to its funds. More than this, he has repeatedly shown his thorough interest in the Society's operations by taking part in its meetings, and his aid and co-operation were extremely helpful in the introduction of the movement to the servants of the various colleges.

At a meeting of the Executive of the C. E. T. S., held at Westminster on Tuesday, the Rev. Canon Ellison

moved the following resolution, which was seconded by Mr. Robert Sawyer, and carried with great cordiality:—

"That the Executive have heard with very great thankfulness of the appointment of the Right Rev. Frederick Temple, D.D., Lord Bishop of Exeter, to the See of London, as that of a tried and earnest friend to the whole Temperance movement, and to the Church Temperance Society in particular. In the distinguished Clergymen also who have been appointed to the Sees of Exeter and Lincoln, they recognise names which are well known in their respective localities, for the uniform interest which they have shown in, and the support they have given to, the work of this Society, and they cannot doubt that under such guidance the position gained by the Society will be steadfastly maintained and extended."

IRON

in medicine is analogous to the importance of Iron in the Industrial Arts. Its use is indicated in all wasting diseases, where there exists no fever and where the red globules of the blood are diminished. When impaired digestion exists, or other functions are deranged, whereby the tissues lack nourishment, then the speediest and surest cure

IS

brought about by giving Iron. It directly increases the red corpuscles and changes their pale and shrivelled condition to redness and fullness; through them the system is more highly oxygenized, and the conditions necessary for digestion and renewal of tissue are secured. Estey's Iron and Quinine Tonic is largely composed of this important medicine, and is now recognized as the

KING

of Tonics and Blood Purifiers. Those suffering from Dyspepsia, Low Spirits, General Debility, Muscular Weakness, Nervous Exhaustion, Loss of Muscular Power, Sleeplessness, Heartburn, or Impure Blood, are cured by taking a few bottles of

ESTEY'S IRON AND QUININE TONIC.

TRY IT!

and in a very short time you will find your appetite improved, your spirits become more cheerful, Indigestion and Dyspepsia gone, and you will feel and know that every fibre and tissue in your body is being braced and renovated. Sold by Druggists. Price 50 cents. Prepared only by F. M. ESTEY, Pharmacist, Moncton, N. B.

ARE YOU

Troubled with Chapped Hands? Then use Philoderma, it is far superior to any preparation ever introduced for any roughness of the Skin. It is Bland, Soothing and Healing, and after once using it you will discard Glycerine, Camphor Ice, Cold Cream, and similar preparations that are sticky and unpleasant to use. Prepared only by E. M. Estey, Pharmacist, Moncton, N. B. Sold by Druggists everywhere.

Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon treatment for catarrh. Out of 2000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 306 King Street West, Toronto, Canada, and enclose stamp for their treatise on catarrh. —Montreal Star.
