THAT MUSIC HALL.

Editor World: There is an element of absurdity in the suggestion of Mr. Robt. Marshall in his letter in Wednesday's World, that the demand for hall accommodation should be met by building two halls, one in the Horticultural Gardens and the other in the city proper. The difficulties attendant on the erection of one hall are surely enough without endeavoring to double them. While many people will agree with Mr. Marshall in his contention for 2990 seats, I think that all who have given the subject any thought will find that 3500 would be nearer the ideal, especially as we shall soon have two halls—Shaftesbury and the Y. M. C. A.—in good running order, each seating 1200. A large hall, however, must inevitably depend for its support, not on people who can afford to keep or hire carriages to go to concerts in, but on the larger mass of people who go to such entertainments in street cars. As a consequence there must be no blinking of the fact that a music hall must be situated within easy distance of all street railway lines, so that one fare and the time occupied in one ride will be all the cost of transit to those attending. The Horticultural Gardens site does not meet these requirements, as it is in a corner of the city, not in its centre; and further, is in the corner opposite to the direction of growth of the city.

E. W. SCHUCH.

"One Nail Drives Out another,"

—is a French saying that finds exemplification in the way one disease will substitute itself for another and graver one, in very many cases. Liver disease for instance will soon induce blood disorders, throat ailments, skin affections and eventually, because of impoverished blood, consumption itself, unless, indeed, it be treated in its infancy and easily progress by Dr. Pierce's "Golden Medical Discovery" which acts as a specific in these ailments, accomplishing a rapid cure by its powerful alterative action upon the great organs of the body.

Card of Thanks to our Patrons.

GENTLEMEN.—Now that our busy season is over, we embrace the present opportunity to express our thanks for the very liberal support you have given us during the past season, and the success we have had is due entirely to your generous patronage. We have also to thank you for your kind consideration of the difficulties we were surrounded with. We hope by the way we have tried to meet your every want that you will have confidence in the reliable Tailors, Gibson & Coulter. Anticipating your taste we have bought a large and well assorted stock of fall and winter Overcoatings, also Trouserings in all shades and designs, which each and every one of our stock will be second to none in Toronto, as being bought at very close prices we will be able to sell at small margins. In closing we will again tender you our thanks, hoping that we will meet again.

Your Obedient Servants,
GIBSON & COULTER.

The widow of Meyerbeer, the composer, who recently died in Germany left a fortune of $2,500,000.

—Indigestion in diet brings on dyspepsia and irregularity of the bowels. Eat only wholesome food, and if the trouble has become permanent—as it is very prone to do—try a course of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. The combined effect astonish and delight the sufferer, who soon begins to digest well, regain functional regularity and improve in appetite; the blood becomes pure, and good health is restored.

—West's Pain King acts promptly, cures quickly. Never fails to cure bowel complaints, colic, cholera morbus, cholera. Costs but 25c. and is always ready. Enquire regarding its merits of any druggist.

It has been decided to hold triennial art exhibitions in Madrid which shall be open to artists of all nations.

To the Rescue.

—"When all other remedies fail," for bowel complaint, colic, cramps, dysentery, etc., "then Dr. Fowler's Extract of Wild Strawberry comes to the rescue." Thus writes W. H. Crocker, druggist, Waterdown, and adds that "its sales are large and increasing." 246

Mme. Bernhardt's experience in a Brazilian prison does not probably increase her admiration for South American institutions.

—We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhœa, cholera and all summer complaints, fluxes, sickness, etc. It promptly gives relief and never fails to effect a positive cure. Mothers should never be without a bottle when their children are teething.

Miss Rose Elizabeth Cleveland says that "Goethe is not universal." Her experience in Chicago has doubtless led her to this wise conclusion.

A Complete Breakdown.

—"For ten years," says Jennie M. Harrett of Wallaceburg, Ont., "I did not see a well day—was all broken down with Dyspepsia, liver complaint, catarrh and debility. Three doctors abandoned hope for me, when Burdock Blood Bitters came to my rescue. It is the best medicine I have ever taken. I say this for the benefit of all suffering as I did. 246

A tea gown of pansy plush is lined with pink silk the tint of a plush rose. Female attire is evidently working around rapidly to a state of bucolic simplicity.

A Fruitful Season.

—The fruitful season of this year is prolific with many forms of bowel complaints, such as diarrhœa, dysentery, acute cholera, cholera infantum, etc.; as a safeguard and positive cure for these distressing, and often sudden and dangerous, attacks nothing can surpass that old and reliable medicine, Dr. Fowler's Extract of Wild Strawberry. 246

Mrs. Margaret Custer Calhoun, whose husband and brother—the latter, General Custer—were killed in the terrible massacre, is supporting herself by giving public readings in Michigan.

—Mr. S. Lachance, a leading Pembroke druggist of Montreal, says: During my stay in Paris, the new perfume, the "Lotty Nile," was much called for, the reason found, of the ladies who had used it so much about it to their friends, I saw a perfume that seemed to suit the body so effectually.

The Queen regent of Spain will spend the season at La Granja, [illegible] pleasant morning out walking with her children. She dresses simply and is unattended.

—Mother Graves' Worm Exterminator has no equal for destroying worms in children and adults. See that you get the genuine when purchasing.

The secret of M. De Lesseps's success in raising the Panama Canal loan is his persuasive power with the ladies. He has inveigled no less than 16,000 of the gentler sex into his scheme, and still they come.

Worth Remembering.

—In a long letter from John H. Hall of Baddick, Cape Breton, N.S., he says: "I believe were it not for Burdock Blood Bitters I should be in my grave." It cured me of kidney and liver complaint and general debility, which had nearly proved fatal. 246

Lord Cholmondeley spent $10,000 in advertising the sale of Houghton, Lord Walpole's seat, and didn't get a purchaser after all.

—Thos. Sabin, of Eglington, says: "I have removed ten corns from my feet with Holloway's Corn Cure." Reader, go thou and do likewise.

General Ben Butler is said to be "stuck on" yellow. He has purchased yards of yellow ribbon and has decorated the furniture both in his house and on his yacht with gaudy bows and rosettes.

—Jacob H. Bloomer, of Virgil, N. Y., writes: 'Dr. Thomas' Eclectric Oil cured a swelled neck and sore throat on my son in forty-eight hours; one application also took the pain from a sore toe; my wife's face inflamed—so much so that she could talk about the house; she applied it in twenty-four hours was entirely

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and Eustacian tubes.
