## This Play Killed Them

The quick pitch right, a standard split T formation play, was the key to a Red Bomber victory on Saturday afternoon against the Mounties. QB Rylander turns without fake and pitches 4 yards to Cottrell, right fullback who follows blocking off right end. Reason for play working was the bone-crushing, accurate blocking of Scarfe, right guard, and Boswell, right tackle, and the alert, hard-charging running of Cottrell, right fullback. Note that Scarfe and Boswell both pull out from their normal line positions to clear a path for Cottrell who follows about one yard behind them. The play requires split second timing if it is to work.
